Technical Specifications
Use the Connect10 Locker to store and charge up to 10 devices (tablets, Chromebooks™, or notebooks). Flexible dividers protect the computer devices from damage and overhead wire management in a pullout tray aids wiring integration, and allows the charging plugs to hang in front of each device. The Connect10 Locker's small footprint covers less counter space, and is made with powder-coated steel for security and durability. A single-bolt lock, integrated padlock hasp on the door, Kensington® lock capabilities, and surface-mounting all provide additional levels of security.
