Flexible Training Environments

As classrooms and training environments become more collaborative, the ability to readily change furniture configurations opens up more avenues for learning

FAMILIAR DESIGN

- Reconfigurable from a traditional training room to a collaborative room anytime
- 24" or 30" depths for optimal writing and mobile device use
- Various shapes and lengths allow you to create layouts that fit the room or fit the need
- Individual or team arrangements provide the ultimate in collaborative training rooms

FINISHING TOUCHES

- Unit-to-unit brackets included to attach tables together if necessary
- Leveling glides keep table level on uneven surfaces
- Optional Cord Channel manages cables and wires when mobile devices are used
- Optional Modesty Panel adds support and privacy

CREATIVE SPACES

- Training/conference rooms
- Classrooms
- Computer labs
- Mail rooms
- Layout possibilities are endless

ROBUST CONSTRUCTION

- Durable powder coated steel legs with steel on steel connections support reconfiguration of tables
- Scratch and impact-resistant high-pressure laminate worksurface keep the tables looking new
- Worksurface brace incorporated into all tables for support and to minimize flexing
