Spectrum's Media Director is designed to simplify the use and integration of a multi media lectern. We've designed the Media Director so that integrating podium lecterns couldn't be easier. A total of 52 rack units of rack rail are easily accessible from both front and rear to offer flexibility for the audiovisual setup of your choice. Quick-release doors and coordinated pass-through grommets simplify integration even further. Need to use monitor arms or a power/communication module? The Media Director includes standard cutouts on the worksurface for 2 arms and 1 module that double as grommets when not used. Overbridge models use an overbridge console specifically for the installation of training and presentation controls. Don't limit your integration potential – let the Media Director help you achieve your AV goals.

Features and Benefits

- Front and rear rack-rail equipment mounting simplifies installation for any equipment configuration with enough space for an internal CPU
- Standard rack rail brackets allow the front and rear rack rails to be moved further inside the unit, if necessary, to accommodate larger knobs and plugs
- Double-bolt, keyed locking front and rear doors provide security and easy-access
- Blank overbridge console version allows custom cutouts and installation of presentation controllers
- 3" swivel locking Twin-Wheel (TW) casters, and Toe Kick (TK) versions available
- Quick-release door hinges allow doors to be removed for full-access
- Removable acrylic viewing / access panel on the front door provides easy monitoring and access to internal equipment
- Ventilated side panels keep equipment cool
- Audience-side vented openings provide enhanced sound quality when speakers are installed
- Scratch and impact resistant 1" high-pressure laminate worksurface
- Two 2" cable grommets (left and right) on the worksurface or overbridge provide cable access
- Cable grommets throughout the unit keep wires and cords manageable
- Removable acrylic viewing / access panels on the front doors provide easy monitoring and access to internal equipment
- With enough storage space for an internal CPU, left or right-mountable rack-rail simplifies installation for any equipment configuration
- Pre-drilled left and right monitor arm mounting holes allow easy installation of a monitor arm
- Quick-change logo panel simplifies adding or changing logos
- Optional adjustable-height, flip-up shelf provides a convenient additional worksurface
- Optional steel handle provides easy mobility
- Wide variety of options and accessories allow unit to be configured to most situations
- SCS Indoor Advantage Certified; meets or exceeds applicable ANSI-BIFMA test standards
- Warranted to be free of all defects in materials and workmanship for 10 years, electrical system 2 years
- Designed and assembled in Chippewa Falls, WI, USA

Note: The insert panel shown (*shaded*) is not included with the lectern or overbridge. This option needs to be ordered separately to complete the overbridge.

Media Director V2 overbridge panel blank
(flat view)

Note: The Overbridge Control Console™ has been designed for many of the currently available controllers on the market, however, modified cutouts should be reviewed by Spectrum to ensure clearance of brackets, keyboard slides, or other objects under the worksurface.

Overbridge section view

Note: The insert panel shown (shaded) is not included with the lectern or overbridge. This option needs to be ordered separately to complete the overbridge. This insert panel is horizontally symmetrical and can be easily removed, rotated, and re-installed if a cutout needs to be relocated to the opposite side of the overbridge.

Accessories

Note: The flip-up shelf and steel handle can be mounted on either side of the lectern. Both can be mounted on the same side, but the shelf needs to be mounted in a lower position to provide enough clearance for the handle.

Flip-Up Shelf - 55263

(mounts on left or right side, max two per unit)
includes 2" grommet 23"W x 27.375"D
