

PIN VISES

S240

240 PIN VISES WITH TAPERED COLLETS

.010-.200"/0.25-5.1MM

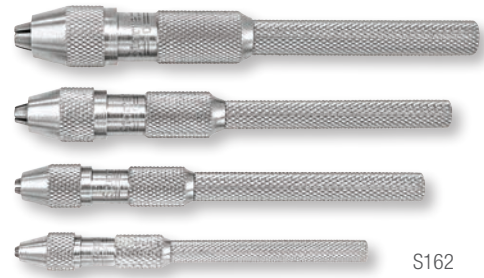

- Special tapered collet, providing maximum clamping surface
- Smaller body diameter than the chuck to allow fast opening and closing and rapid rotation when used on small work
- Available individually or as a complete set in a convenient case

240 Pin Vises

S166

166 PIN VISES WITH INSULATED, OCTAGONAL HANDLES

0-.187"/0-4.8MM

These pin vises are the same as our 162 except that they have an insulating PVC handle which is octagonally shaped, preventing them from rolling when laid down.

S166Z	50614	Set of All 4 Sizes in Protective Vinyl Case

PIN VISES

Starrett pin vises are useful for securely holding small stock, taps, drills, reamers, scribes, wire, small files, and other tools. The jaws on all are hardened and with a few turns of the binding nut, a firm grip may be obtained. Handles and binding nuts are nickel-plated except for the 166 pin vise.

A hole extends through the full length of the handles so that wires of any length and any diameter up to the full size of the tool can be held.

NOTE: These tools not recommended for powered use.
