The Bretford® TechGuard Charging Locker provides locking storage and charging for individual laptops, tablets, and phones.

The TechGuard Charging Locker is ideal for education, retail, healthcare, and business—anywhere your student, staff, customers, or visitors need to securely charge and store their individual devices.

TechGuard Charging Locker is available in 1, 5, or 10-bay configurations to fit your location's specific needs. Whichever configuration you choose, within each bay you'll find plenty of space to fit devices as large as a laptop with an AC charger.

Each bay offers one AC outlet for charging laptops, Ultrabooks, and Chromebooks, and two USB ports both capable of providing up to 2.4 A for full-rate tablets and phones.

EFFICIENT

Allows the charging of multiple devices at one time.

SPACIOUS

Offers plenty of space to fit devices as large as a laptop.

SECURITY

Devices are secured behind steel construction, a polycarbonate window and a four-digit passcode.

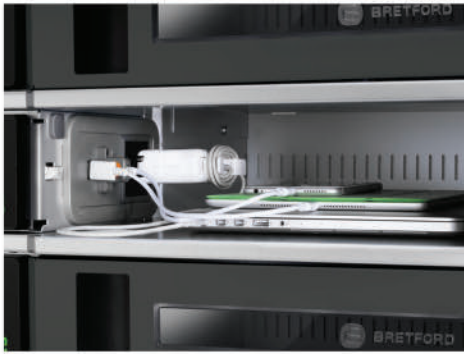

AVAILABILITY INDICATORS

Green LEDs indicate which bays are available. Red LEDs indicate which bays are locked.

VERSATILITY

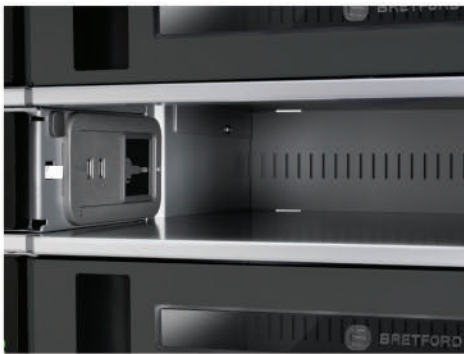

Choose from multiple models and mounting options to fit your needs.

Each bay provides sufficient storage to secure and charge a laptop, a tablet, and a phone at the same time.

Clear-view windows and interior courtesy lighting allow administrators to monitor contents of bays in shared environments. LED lighting has three settings; on, off, or door activated.

Each bay offers an AC charging outlet and two full-rate charging ports.

Optional rechargeable JumpStarter accessory allows individual bays to be opened with the access and reset cards in the event of a power outage.

Technical Specs

- Capacity: Up to 3 devices per bay
- Overall 1-Bay Dimensions: 19" W x 4.75" H x 19" D (483 mm W x 121 mm H x 483 mm D)
- Overall 5-Bay Dimensions: 19" W x 21" H x 19" D (483 mm W x 534 mm H x 483 mm D)
- Overall 10-Bay Dimensions: 19" W x 67" H x 19" D (483 mm W x 1702 mm H x 483 mm D)
- Internal Bay Dimensions: 12.49" W x 4.05" H x 16.47" D (317 mm W x 102 mm H x 418 mm D)
- Optional Pedestal Dimensions: 19" W x 24" H x 19" D (483 mm W x 60.96 mm H x 483 mm D)
- Product Weight: 1-Bay = 23 lbs. / 10.43 kg, 5-Bay = 77 lbs. / 34.93 kg, 10-Bay = 160 lbs. / 72.57 kg
- Certifications: UL 60950-1, FCC
- Max Charge Current: Two full-rate USB charging ports and an 110 V AC power outlet
- Fully Assembled: No setup required (10-bay locker requires some assembly)
- Warranty¹: 12 years on locker / 3 years on electrical / 1 year on lock

1. Warranty is void when improperly installed.

The keypad lock is powered by the internal system power supply and requires no batteries.

All components are accessible from the front of the unit for service and maintenance.

Each TechGuard Locker includes two administration cards for override access. The access card opens the locker for inspection, but keeps the current code. The reset card opens the locker and resets the current code.

Mounting

- 1-Bay can be surface and under-counter mounted.
- 5-Bay can be wall and surface mounted.
- 10-Bay includes 24" pedestal, stacking bracket, and power strip. This unit can be floor mounted and face multiple directions.

Essential Additions

- Optional JumpStarter accessory allows individual bays to be accessed during a power outage with the passcode or administration cards.
- 24" Pedestal Base (model # TLRB24)
- Floor & Wall Mounting Kit (model # TFLWMK)
- Rubber Mat (model # TLBRM)
- Numbering Kit (model # TLNK)
