

VOJ-93C-(Size)

Tech Wear Style Sheet

This ESD jacket is designed to ground the garment and wearer through a ground cord connected at the 4mm stainless steel hip pocket snap. This allows for hands-free movement without tethering one hand, which is required when using a wrist strap connected to a ground cord.

The light-weight fabric makes this style one of our most popular garments.

Surface resistivity of the fabric is 1×10^5 and the sleeve-to-sleeve resistance of the garment is guaranteed to stay below 3.5×10^7 for 100 washes or 2 years.

Part Number	VOJ-93C-(Size)
Style	V-neck Jacket
Colors	Black (plus 8 other colors)
Sleeve	Long sleeve with ESD knit cuffs
Closure	Front Snap
Length	Shorter hip-length Jacket

Fabric Weight	2.3 ounces per square yard
Specification	ANSI/ESD STM2.1-Cat. 3
Guarantee	100 wash
Country of Manufacture	USA

(See back for dimensions & additional information)

VOJ-93C-(Size)

This V-neck jacket comes with 4mm male ground snaps on the hip pockets. This snap connection is for attaching a standard ground cord. Using the garment in this way eliminates the need for a wrist strap. This connection is also used for testing and/or monitoring that the garment and the wearer are grounded. The “Reaching Hand Symbol” next to the breast pocket indicates that this garment is a tool for the prevention of static discharge. This garment is available in most colors for immediate shipment.
