

Product NO. : 758PL5150E

Product Type: High Precision Cutters

Made in: Switzerland

Description: The 5150 is a high precision cutter belonging to the large oval cutter family. This type of geometry provides excellent resistance and the 5150 head dimensions support cutting. The semi-flush cutting edge is suitable to perform robust cuts. The 5150 is equipped with an ESD Ergo-tek handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharges. The blades are hardened to 67HRC hardness.

Head Description: Large Oval

Cutting Edges: Semi-flush

Cutting Capacity: Soft wire 0.3 mm-1.6 mm (29AWG-14AWG)

Body material: High carbon-chromium low alloy steel (100Cr6)

Handle material: ESD safe - Thermoplastic Elastomer TPE + Polypropylen compound PP
