

**Product NO. :** 758PL5350E

**Product Type:** High Precision Cutters

**Made in:** Switzerland

**Description:** The 5350 is a high precision cutter belonging to the large tapered cutter family. This type of geometry and head dimensions offer an advantage to support the cut. The semi-flush cutting edge is suitable to perform robust cuts. The 5350 is equipped with an ESD Ergo-tek handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharges. The blades are hardened to 67HRC hardness.

**Head Description:** Large Tapered

**Cutting Edges:** Semi-Flush

**Cutting Capacity:** Soft wire 0.3 mm-1.6 mm (29AWG-14AWG)

**Body material:** High carbon-chromium low alloy steel (100Cr6)

**Handle material:** ESD safe - Thermoplastic Elastomer TPE + Polypropylen compound PP
