

Product NO. : **TNP-CTR-HP-ES5160**

Product type: High Precision Cutters

Made in: Switzerland

Description: The 5160L is a high precision cutter belonging to the extra large oval cutter family. This type of geometry provides excellent resistance, while the 5160L head dimensions increase its cutting capacity. The semi-flush cutting edge is suitable to perform robust cuts. The 5160L is equipped with an ESD Ergo-tek slim handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharge. The blades are hardened to 67HRC hardness.

Head description: Extra large Oval

Cutting edges: Semi-Flush

Cutting capacity: soft wire 0.5-3.0 mm (24-09 AWG)

Body material: High carbon-chromium low alloy steel (100Cr6)

Handle coating: ESD safe - Thermoplastic Elastomer TPE + Polypropylen compound PP
