

Product Data Sheet

Heel Grounder, ESD-Safe, Black, 1 Meg Resistor, Large Cup

10069967

Features

- Durable, reversible three-layer sole for increased product life
- Blue multi-strand ground ribbon, 22" long
- 1 Mega ohm resistor
- Non-marking conductive rubber: bottom and back
- Elastic hook & loop with D-ring closure

General Specifications

Brand	Techni-Pro
Part No.	10069967
Color	Black
Material	Rubber
Fastener	Hook & Loop with D-Ring
Resistor	Yes
Non-Marring	Yes
ESD-Safe	Yes
Numbers of Layers	3
Thickness	0.085"
Width	1-3/8"

Product Information

The Techni-Pro large cup heel grounder with a D-Ring fastening system provides flexibility and comfort during long wear and walking. Durable laminated rubber sole. White Color inner layer is insulative rubber for bottom and back. Outer black colored layer is conductive rubber. Blue grounding polyester ribbon tab, 22" long conductive nylon strands. Per ANSI/ESD S20.20, use with ESD floor as a grounding alternative to the wrist strap system for standing operations.
