

Product Datasheet

Product NO. : 758PL5291E

Product Type: High Precision Cutters

Made in: Switzerland

Description: The 5291 is a high precision cutter belonging to the special cutter family. The front cutter geometry provides the best angle to cut vertically. The full-flush cutting edge is suitable to perform very clean cuts on small size material. The 5291 is equipped with an ESD Ergo-tek handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharges. The blades are hardened to 67HRC hardness.

Head Description: Front Cutters

Cutting Edges: Flush

Cutting Capacity: Soft wire 0.1 mm-1.2 mm (38AWG-17AWG)

Body material: High carbon-chromium low alloy steel (100Cr6)

Handle material: ESD safe - Thermoplastic Elastomer TPE + Polypropylen compound PP
