

Product NO. : 758PL6022

Product Type: High Precision Pliers

Made in: Switzerland

Description: The 6022 is a high precision plier belonging to the snipe nose plier family. The short jaw length increases the strength of the hold. The serrated surface on the jaw increases its holding capacity. The 6022 is equipped with an ESD Ergo-tek handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharges. The jaws are hardened to 45HRC hardness.

Head Description: Snipe Nose, Serrated Jaws

Body material: High carbon-chromium low alloy steel (100Cr6)

Handle material: ESD safe - Thermoplastic Elastomer TPE + Polypropylen compound PP
