

Product Datasheet

Product NO. : **TNP-CTR-HP-5130M**

Product Type: High Precision Cutters

Made in: Switzerland

Description: The 5130M is a high precision cutter belonging to the micro oval cutter family. This type of geometry provides excellent resistance, while the 5130M head dimensions allow to access very small areas. The semi-flush cutting edge is suitable to perform robust cuts. The 5130M is equipped with an ESD Ergo-tek slim handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharges. The blades are hardened to 67HRC hardness.

Head Description: Micro Oval

Cutting Edges: Semi-flush

Cutting Capacity: Soft wire 0.2 mm-1.0 mm (32AWG-18AWG)

Body material: High carbon-chromium low alloy steel (100Cr6)

Handle material: ESD safe - Thermoplastic Elastomer TPE + Polypropylen compound PP
