Product Information

The MultiTask Surface Electronic Cleaner - MultiClean Presaturated Wipes provide fast and safe cleaning in almost any production environment. Using a strong, shred-proof, disposable wipe saturated with high purity isopropyl alcohol and deionized water, it is well suited for cleaning medical devices, electronics, stencils, work benches, tools, production machinery, and any surface that requires hygienic grade cleaning.

Versatile, it cleans most solder pastes found on SMT stencils. It also cleans organic and ionic residues, light oils and other contaminants commonly found in the manufacture of medical devices. With excellent materials compatibility it is both safe and easy to use.
