Product Data Sheet

Beard Cover, Cleanroom

TNP100181BG

Description

- A Cleanroom certified single use beard cover.
- Manufactured with the use of PP non-woven fabric reducing skin irritation.

Product Features

- Manufactured with PP non-woven fabric preventing skin irritation.
- Sound permeable
- Hot air evaporation
- Breathable
- High elastic band effectively wraps the beard and prevents it from falling off
- Isolates external dust and filter volatile gases

Recommended Application Scenarios

- Widely used in manufacturing of microelectronics, semiconductor, photoelectric manufacturing, PCB industry, solar energy, cleanroom labs.

Notes for use

- For one time use, fit the rubber band with the face and jaw completely, adjust the position of the rubber band to a comfortable state, and put the beard inside the beard cover completely
