

Zero Charge Floor Coating

Product# 1720

Product Description

This product is a high gloss floor finish designed for use in electronic production areas, computer rooms and other static sensitive areas. Contains a non-migratory, static dissipative polymer, which will maintain a constant surface resistivity of 10^6 - 10^8 ohms throughout the humidity spectrum.

Features / Benefits

- Resistivity between 10^6 - 10^8
- High gloss polymer
- Slip resistant
- Effective in low humidity
- Zinc free

Usage Instructions

With a new mop and clean pails, apply coating as follows:

1. Apply thin coat to floor, i.e. $\frac{3}{4}$ way down on the ringer. Let dry to touch, approximately 45 – 60 minutes.
2. Apply a second coat, approximately $\frac{1}{2}$ way down on the ringer.
Note: Two coats only are recommended for conductive tile.
3. If a third coat is applied, wait 24-hour waiting period/dry time after previous coat.

If a third coat is applied, the floor space may be occupied once it is dry. After at least a 6-hour wait, buff the floor with a white pad to harden and polish the coating. Expect a coating yield of 1,200 ft² for each gallon of coating per coat.

Performance

Moisture Resistance:	Excellent
Removability:	Excellent
Ease of Repair:	Excellent
Flexibility:	Excellent
Adhesion:	Excellent Abrasion
Resistance:	Fair
Solvent Resistance:	Good

Specifications

- General Dynamics
- Boeing Aircraft (BAC5485)
- Unisys
- NFPA 56A
- USDA Approved

Typical Product Data and Physical Properties

Physical state:	Liquid
Odor:	Polymer smell
Appearance:	Opaque, white liquid
pH:	8 to 9
Boiling point:	200°F (>100°C) (760 mmHg)
Freezing point:	32°F (0°C)
Solubility in water:	Insoluble (cured product)
Density:	0.96 at 25°C
Shelf life:	5 years unopened

Packaging and Availability

1720-G 1 Gallon in Plastic (coats @ 1,200 ft)

Environmental Policy

Techspray® is committed to developing products to ensure a safer and cleaner environment. We will continue to meet and sustain the regulations of all federal, state and local government agencies.
