

Everything at a glance. In your hand.

Fast measurement and easy operation via large graphic display and your smartphone – and yet extremely compact and rugged. The new digital manifolds from Testo.

The next generation of digital manifolds.

Two new digital manifolds.
First choice for every job.

The smallest manifold
of all time.

Wireless and hoseless
vacuum measurement.

One for all.
The testo Smart App.

Today's way of installing and servicing refrigeration systems and heat pumps. The new generation of digital manifolds from Testo are faster, more reliable, and more flexible than ever before. What was already good, we've made even better:

- larger display with clearer arrangement
- increased durability and convenience of handling
- wireless networking thanks to Bluetooth® 5.0 with a range of up to 500 feet

Extra-large graphic displays, the testo Smart App and intuitive user guidance make measurements **faster and easier than ever before.**

Compact, handy and rugged: The rugged housing with its sunken display handles its job reliably even under extreme conditions.

Wireless measurement, uncomplicated documentation – with Bluetooth® 5.0, testo Smart App and free testo DataControl PC software.

- **All results at a glance** thanks to the large graphic display
- **Exceptionally compact and reliable** thanks to the easy-to-handle, rugged housing with IP 54 protection class
- **Simple, wireless measurement of vacuum and temperature** via automatic Bluetooth® connection
- **Even greater flexibility for your measurements and documentation** with the testo Smart App

Manifold **testo 557s** with 4-way valve block

testo 557s Smart Vacuum Kit
Includes testo 557s digital manifold, testo 552i wireless vacuum probe, 2x testo 115i wireless clamp temperature probes, certificate of conformity, instrument case

Order no.
0564 5571 01

testo 557s Smart Vacuum Kit with 4 hoses
Includes testo 557s digital manifold, testo 552i wireless vacuum probe, 2x testo 115i wireless clamp temperature probes, certificate of conformity, instrument case, 4 hoses

Order no.
0564 5572 01

Manifold **testo 550s** with 2-way valve block

testo 550s Basic Kit
Includes testo 550s digital manifold, wired temperature probes, certificate of conformity, instrument case

Order no.
0564 5501 01

testo 550s Smart Kit
Includes testo 550s digital manifold, 2x testo 115i wireless temperature probes, certificate of conformity, case

Order no.
0564 5502 01

testo 550s Smart Kit
Includes testo 550s digital manifold, 2x testo 115i wireless temperature probes, testo 552i wireless vacuum probe, certificate of conformity, instrument case

Order no.
0564 5504 01

testo 550s Smart Kit with 3 hoses
Includes testo 550s digital manifold, 2x testo 115i wireless temperature probes, , testo 552i wireless vacuum probe, certificate of conformity, instrument case and 3 hoses

Order no.
0564 5505 01

- **All activities, from measurement through to documentation**, using the testo Smart App on your smartphone
- **The smallest digital manifold** on the market
- **Maximum reliability** thanks to the extremely rugged housing with IP54 protection
- **Optionally expandable with testo Smart Probes** for wireless measurement of temperature, humidity and vacuum

App-controlled manifold **testo 550i**

testo 550i
App-controlled manifold incl. certificate of conformity, batteries

Order no.
0564 2550 01

testo 550i Smart Kit
includes testo 550i manifold, 2x testo 115i wireless temperature probes, instrument case, certificate of conformity, batteries

Order no.
0564 3550 01

testo 550i Smart Kit
includes testo 550i manifold, 2x testo 115i wireless temperature probes, testo 552i wireless vacuum probe, instrument case, certificate of conformity, batteries

Order no.
0564 4550 01

testo 550i Smart Kit
includes testo 550i manifold, 2x testo 115i wireless temperature probes, 2x testo 605i wireless thermohygrometers, batteries, certificate of conformity, instrument case

Order no.
0564 5550 01

For full details, visit:
www.testo.com/en-US/testo55x

- **Identify vacuum quickly and easily** in the App or on the digital manifold's display
- **Automatic Bluetooth® connection** with App and manifolds
- **Compact, reliable and rugged** thanks to IP 54 protection
- **Easy installation** on any service port

App-controlled Smart Probe **testo 552i**

testo 552i
App-controlled wireless vacuum probe, includes batteries and certificate of conformity

Order no.
0564 2552 01

Additional Smart Probes

Wireless temperature Smart Probe **testo 115i**

testo 115i clamp thermometer operated with smartphone, for measurement on pipes with diameters of .25 to 1.3 in., incl. batteries and certificate of conformity

Order no. **0560 2115 02**

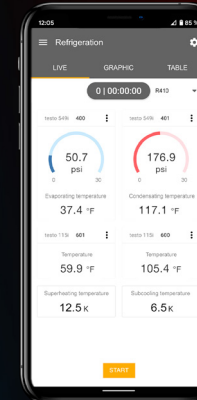

Wireless humidity Smart Probe **testo 605i**

testo 605i thermohygrometer operated with smartphone, includes batteries and certificate of conformity

Order no. **0560 2605 02**

- **All in one:** One App for all Bluetooth®-enabled Testo measuring instruments
- **Quick and easy:** Measurement menus for numerous applications for optimum configuration and measurement
- **Graphically visualized presentation of measurement values**
- **Create digital measurement reports** including photos as PDF/CSV files on site and send via e-mail
