Safety Instructions

IMPORTANT SAFETY INSTRUCTIONS

Please read these instructions carefully before using the product and keep them safe for future reference.

IMPORTANT SAFETY INSTRUCTIONS

1. Please read these instructions carefully before using the product and keep them safe for later reference.

2. Follow all warnings and instructions marked on the product.

3. Unplug this product from the wall outlet (power socket) before cleaning. Clean the product with a damp soft cloth. Do not use liquid or aerosol cleaners as it may cause permanent damage to the screen.

4. Caution of use varies from model to model; please observe appropriate operation as per model in use.

5. Do not place this product on an unstable cart, stand, or surface which may cause damage or harm to the product or individual.

6. Slots and openings on the cabinet, in the back cover or in the bottom, are for ventilation; to ensure reliable operation and to prevent from overheating, these openings must not be blocked or covered at any time. The openings should never be placed near or over a radiator, heat source, or placed in a built-in installation unless proper ventilation space (min. 2 inches/5cm of gap) is provided.

7. This product should be operated from the type of power indicated on the marking label. If you are not sure of the type of power available, consult your dealer or local service company.

8. This product is equipped with a 3-wire grounding type power plug, a plug having a third (grounding) pin. This plug will only fit into a grounding-type power outlet. This is a safety feature. If you do not have proper outlet to insert the plug, contact your electrician to replace your obsolete outlet. Do not break the ground pin and circumvent the grounding.

9. Do not allow anything to rest, or persons to walk on the power cord.

10. If an extension cord is used with this product, make sure that the total ampere rating plugged into the extension cord does not exceed the maximum ampere rating of the extension cord.

11. Never insert any object/tool of any kind through housing slots of this product as they may touch dangerous voltage points or short out components that could result in risk of fire or electric shock. Never spill liquid of any kind on the product (except IP-rated models).

12. Do not attempt to service this product yourself, always refer to qualified or authorized person for the servicing of this product.

13. Unplug this product from the wall outlet and contact a qualified service provider in the following circumstances:

When the power cord or plug is damaged, frayed or broken.

In the event that liquid has been spilled into the product (except IP-rated models).

Section 2

32” Wall Mount

CHAPTER CONTENTS
