QUALITY TOOLS THAT GO TO WORK WITH YOU[®]

MANIFOLDS AND HOSES

USMANS Wireless Digital Manifold communicates with your Android or iOS smart device using our free downloadable app. The SmarTech[®] app, with 111 refrigerant profiles, calculates and displays the system's real time Pressures, Temperatures, Superheat and Subcooling in a user friendly format. **USMANS** includes a 5' Fast-Flo[®] Hose Set.

Smartphone not included

NITROGEN EQUIPMENT

PURGE 20+ SCFH
NITROVUE
FLOW INDICATOR
BRAZE 3-5 SCFH

NitroVue provides complete visual control over the low flow of nitrogen gas during the Purging [20+ SCFH] and brazing [3-5 SCFH] of copper tubing in Air Conditioning and Refrigeration systems.

NV1 NITROVUE NITROGEN FLOW INDICATOR
Nitrogen must be flowing to displace the oxygen inside the tubing during the brazing process, preventing internal oxidation and the resulting scale.

CAP'N HOOK TIPS

Concentrated heat up to 5600 °F. The 40° flame angle flows onto copper tubing and away from sensitive areas, thus minimizing the chances of burning adjacent components.

CAP'N HOOK[®] MTF-5
5 Flame Tip
Capable of Brazing 1" Copper Tubing.

CAP'N HOOK[®] MTF-9
9 Flame Tip
Capable of Brazing 2" Copper Tubing.

CAP'N HOOK[®] MTF-17
17 Flame Tip
Capable of Brazing 3" Copper Tubing.

OXYACETYLENE OUTFITS

KCHPT
Portable outfits featuring Cap'n Hook[®] five flame tip for 100% wraparound brazing heat. Ideal for HVAC-R technicians and plumbers.

TWISTER 2

KT2A5T

TORCHES

UNITORCH[®] Hand Torches are the right choice for small jobs in tight areas with limited access. These lightweight, portable flame tools can be operated with Propane or MAP//Pro[™] (Propylene).

SELF-IGNITING HAND TORCH

RP3T2
Double Twister[®]

HT44
Twister[®] 2 Hand Torch

TWISTER[®] 2 KIT
Self-igniting Torch Kits feature swirl combustion technology that produces a high energy efficient flame. The flame remains stable, even in windy conditions. The self-igniting tip "quick connects" to the ergonomically designed handle.

KT2A5

SLUDGE SUCKER[®]
Nitrogen Equipment for purging and pressure testing copper tubing, calibrating pressure controls, cleaning a condensate drain line, cleaning coils, inflating tires, unclogging a sink, operating impact tools and much more.

40040

HUMM-VAC[®] VACUUM PUMPS

HVP12

HVP8

HVP6

U5VP2

The Uniweld exclusive HUMM-VAC[®] Pumps remove moisture and dehydrate a system quickly and efficiently. The all-metal, heavy duty chassis, powerful, quiet running dual voltage motor, and lighter weight and ergonomically designed features make these pumps the #1 choice to go to work with you.

QUALITY TOOLS THAT GO TO WORK WITH YOU[®]

ALLOYS

P4KD9S

An aluminum soft solder kit that is a great solution for the service technician who is frequently confronted with the task of repairing or joining aluminum to aluminum and aluminum to copper or brass.

UNI-BRITE 1450A

A high tensile strength acid core silver bearing soft solder with a low working temperature of 430 °F [221°C]. Can be used to join most alloys including copper, brass, stainless steel and nickel.

CHARGE TRON[®]

53650 CHARGE TRON[®]

Now you can accurately weigh and transfer refrigerant to and from the A/C system. ChargeTron scale is built right into its high impact plastic carrying case.

PDC
Disposable
Propane
Cylinder.

MDC
Disposable
MAP/Pro[™] Gas
Cylinder.

TUBING TOOLS

UTC701
Premium Tube Cutter.
1/8" to 1" O.D.
[3mm to 25.4mm]

UTC702
Premium Tube Cutter.
1/8" to 1-1/8" O.D.
[3mm to 28mm]

70015
3-in-1 Triple Tube Bender
1/4", 5/16", and 3/8" O.D.
Three tools in one!
[6mm, 8mm and 9.5mm]

UTC703
Premium Tube Cutter.
1/8" to 1-3/8" O.D.
[3mm to 35mm]

UTC704
Premium Tube Cutter.
1/8" to 1-3/4" O.D.
[3mm to 44.5mm]

UEK1

Compact hydraulic power swage tool for on the job precision swaging. The power to swage 3/8" up to 1-5/8" O.D. tubing. Portable and lightweight easy one hand operation. Kit Includes: 3/8", 1/2", 5/8", 3/4", 7/8" and 1-1/8" posi-lock heads. 1-3/8" and 1-5/8" sold separately.
