

MicroTek

ISO 5-6 (Class 100-1,000)

# Valutek Polyester Floor Mop Head

Valutek's polyester floor mop head is crafted from 100% white filament polyester strands designed to absorb and encapsulate liquids, maximizing sorptive capacity. The knitted fabric produces minimal particle and fiber generation, ensuring exceptional cleaning results.

All Valutek mop heads are laundered and packaged in a cleanroom, and they undergo testing and manufacturing in ISO-compliant facilities under Valutek's inspection and stringent process control to meet Valutek's quality standards and product specifications.

Part Number: VTPNWMOP-716

## Features

- Made with 100% non-linting white filament polyester in strands to absorb and encapsulate liquids for maximum sorptive capacity
- Autoclavable
- Laundered and packaged in a cleanroom

## Application

As part of the **Valutek Microtek product family**, this product is recommended for use in cleanroom **Class 100-1,000 (ISO 5-6)** critical environments.

The mop head is compatible with a wide range of chemicals, making it ideal for single-use wet mopping of floors in controlled environments, such as lab and process area floor cleaning.

## Color Option

White

## Packaging

- 1ea/bag, 10 bags/case, 10 ea/case.
- Flat packed with a carton liner.
- Critical environment compatible.
- Part number and lot number traceable.
