

Valutek Anti-Skid Polypropylene Shoe Cover

Valutek's disposable anti-skid SPP shoe cover is made from 100% non-linting spunbond polypropylene fabric. It features stitched seams and latex anti-skid treads sprayed on the bottom for enhanced safety. These shoe covers are lightweight yet robust and durable.

All Valutek shoe covers undergo rigorous testing in ISO-compliant facilities. They are produced under strict oversight and process controls to meet Valutek's high quality standards and product specifications.

Part Number: VTSHCVAS

Features

- 100% non-linting, non-woven spunbond polypropylene fabric with stitched seams
- Disposable, lightweight, strong and durable
- Elastic ankle cuffs
- Sprayed latex anti-skid treads on the bottom for safety

Application

As part of the **Valutek Macrotek product family**, this product is recommended for use in a cleanroom **Class 10,000+ (ISO 7+)**, or as an undergarment in **Class 1-1,000 (ISO 3-6)** cleanrooms.

The shoe cover is also frequently used to protect against dirt, grime, and specific dry particulates in non-hazardous settings.
