

Key Features

For 23.6" Displays | Industry standard 60-degree viewing angles | Anti-glare, anti-reflective surface | Durable design

Product Description

Protecting confidential information from unauthorized viewing is crucial for businesses, government institutions, and consumers alike. The ViewSonic® Privacy Filter Screen Protector powered by Tech Armor™ keeps sensitive and confidential data on your screen from being visually compromised, without sacrificing front-of-screen performance. The Privacy Filter Screen Protector maintains a clear view directly in front of your screen, while blocking visibility when the screen is viewed from a side angle. In addition, the anti-glare coating on the Privacy Filter Screen Protector helps to reduce eye strain while increasing work productivity.

General:

- Anti-Glare: Yes
- Anti-Reflection: Yes
- PACKAGE CONTENTS: Privacy filter screen protector, microfiber cleaning cloth, clear plastic adhesive tabs, clear double-sided tape, Quick Start Guide
- UPC: 766907793710
