

the Qumi range

Beyond expectations

Small yet Powerful

The Vivitek Qumi Series of projectors offer a sleek design and compact size to make the perfect portable companion for a smartphone, tablet or laptop. The dazzlingly bright projections of favourite content, whether personal or business will come to life in a large screen format of up to 107" diagonal.

Smart Connectivity

Just Connect and Go

Qumi connects to HDMI, VGA, AV-in, and has a USB flash drive and onboard multimedia and Office viewer*. It also has a built-in Web-Browser, and optional WiFi Qumi Dongle that makes it the first portable smart projector.

Lasting Impressions

Powerful and Durable

Qumi LED technology guarantees a lamp lifetime of up to 30,000 hours. Imagine the hours of presentations, videos and games you can view in that amount of time! The image is HD quality and makes a lasting impression with its bright, lively colours and a high contrast.

Mobile Solutions

* Not available for the Qumi Q2 Lite

LED advantages

Inside Qumi

The developments in LED have led to new possibilities in reducing the form factor and weight of projectors by using a very efficient projection design inside.

- Long life
- Low power consumption
- Environmentally friendly
- Brighter, colourful images
- Instant start up / power off
- Operates through 360° degrees

A Qumi HD LED projector will give you a multitude of hours to project all the content you could ever wish whether at home or in the workplace.

QUMI

the **Qumi Q7**

Best Performance on the Go

Picture Perfect

The new Qumi Q7 is a feature-rich LED HD projector that delivers unrivalled multimedia capability in a portable format. Weighing in at just 1.4kg, and with a super-slim profile, Q7 is the ideal companion for the business traveller or home entertainment enthusiast.

Q7 is compatible with a variety of

devices including digital cameras, laptops, smart phones, tablets and more.

HD picture quality, brightness of 800 ANSI Lumen and 30,000:1 contrast ratio, guarantees a projected image of up to 107" (diagonal) and comparative performance with a standard meeting room projector. With the added impact of portability, Q7 leaves a lasting impression.

the **Qumi Q5**

Your Qumi, your Style

Your personal projector

The Q5 pocket projector is the perfect device to share videos or pictures with friends, and is equally at home in the business environment. With a weight of just 490 grams, this is the smallest projector with a feature set to match business or pleasure. Q5 packs a punch with a

brightness of 500 ANSI Lumens, HD quality resolution, and a contrast ratio of 10,000:1 to deliver crisp and colourful pictures. Q5 can display a host of image and video files, presentations, Word, Excel or Adobe PDF files from files in a native format from a USB flash drive or from the onboard memory. It is the perfect portable companion.

the **Qumi Q2 Lite**

Go Lite!

Share and Connect

The Qumi Q2 Lite is simple yet powerful. Slim and light, Q2 Lite has lots of features to project your content - in any situation. It is easy to use and has multiple connectivity options to make it an ideal companion for gamers and

movie enthusiasts.

The image quality is unique for a projector this size and price. The HD quality image can be projected in sizes up to 90" and the 300 ANSI Lumens and 10,000:1 contrast ratio deliver an image beyond expectations.
