

PPA R37

PPA SELECT™ FM RECEIVER

[SEEK ...AND YOU SHALL FIND]

PPA Select™ FM receiver features easy-to-use, seek-button channel selection with access to 17 pre-set wideband frequencies between 72-76 MHz. Digitally synthesized for even greater audio clarity and stability, the PPA Select also offers channel-lock capability (to prevent accidental channel change) and a battery-saving Sleep Mode. A versatile 3.5mm stereo/mono jack allows for a variety of earphone and headphone options, and is neckloop/telecoil-equipped-hearing-aid compatible.

The PPA Select is now featured in the following Williams Sound Personal PA® systems, replacing the PPA R35 receiver:

- Personal PA® Large-Area Listening System
- Personal PA® Value Pack System
- Personal PA® Tour Guide System
- FM ADA Compliance Kit
