## Everything you need for cleaning

The Wohler Viper System is a uniquely designed line of various sized rods for professional use when sweeping chimneys, ventilation systems, duct work or stoves. The viper rods are made of a central fiberglass core with plastic, protective cover. The rods are available in different lengths and strengths to provide you with the right combination of flexibility and length to cover a broad variety of cleaning applications.

From our thickest 4.3" Wohler Viper XL to our most flexible 1.7" Wohler Viper S and the Wohler Viper M PLUS with its digital distance measurement, there is a wide selection of threaded or star brushes that you

can use for the respective cleaning. The continuous rod design housed in either a free standing or hand held rotating basket provides easy operation that saves you time, effort and money.

### Wohler Viper S / S PLUS

- ▶ GRP rod with abrasion-resistant PA-jacket and length marking
- ▶ Provides splash protection when inserting the wet GRP rod
- ▶ Ergonomically shaped handle
- ▶ 2 coupling brackets – for right- and left-handed users
- ▶ Fits in the Wohler tool carrier and backpack measuring case
- ▶ For mounting HT mini-hole stars and HT tube brushes

### Wohler Viper M

- ▶ GRP rod with abrasion-resistant PA-jacket with length marking
- ▶ Precisely adjustable freewheel brake
- ▶ Transport possibility for two additional line stars
- ▶ Coupling bracket for sweeping and transport
- ▶ For mounting stars and brushes

### Wohler Viper M PLUS

- ▶ Digital Distance Counting
- ▶ Quick-change push head for easy changing of line stars
- ▶ GRP rod with abrasion-resistant PA-jacket and protective hose
- ▶ Precisely adjustable freewheel brake and transport lock
- ▶ transport possibility by star holder with protective plate for two additional line stars
- ▶ Coupling bracket for sweeping and transporting
- ▶ For mounting stars and brushes

### Wohler Viper XL / XXL

- ▶ GRP rod with abrasion-resistant PA-jacket and metrication
- ▶ Very stable and therefore suitable for pushing very large linen stars or push brooms
- ▶ For mounting stars and brushes
