An extremely durable and versatile wire cutter featuring Xuron's unique Micro-Shear® Flush cutting action. Tough enough for harness and cables with the precision to cut material less than 1 mil. thick or work in high density areas.

Handles are sized and shaped for comfort and optimum leverage. Non-protruding, life time warrantied flat spring provides "feel" without excessive tension.

Overall Length: 5.80 inches/148mm

Cutting Capacity: 12 AWG (2 mm) Soft Wire

Rockwell Hardness: 54-56 Rc

Type of Cut: Flush

Additional Features: ESD Safe Hand Grips
