

SPEC SHEET

590LP -Low Profile Micro-Pneumatic™ Flush Cutter

Designed specifically for manufacturing environments where ergonomics and productivity are of prime importance.

The Model 590LP's relieved head and slim profile allows superior access in high density areas.

Sized to fit comfortably in the operators hand, the Model 590LP Micro-Pneumatic™ Lead Cutter is light weight, ultra quiet and fast acting.

Requires only 50 p.s.i. air pressure. Flush cuts soft wire up to 20 AWG (0.8mm)

Unit includes a 6 foot (1.83 meter) air supply line with a 1/8" NPT termination.

Type of Tool:	Project type:	Special Features:	Wire size:	Material(s):
Pneumatic Cutter Cutter	Wire Harness		30	Wire
	Manufacturing		29	Silver Wire
	Plastics De-		28	Plastic Sprue
	Gating		27	Plastic Cable Ties
	Jewelry		26	Plastic (de-
	Manufacturing		25	gating)
	Electronics		24	Gold Wire
			23	Electronic Lead
			22	Wire
			21	Copper Wire
			20	Annealed Wire
