The Front Ports

There are five ports located on the side of the panel on the bottom left: USB Touch, HDMI, USB 3.0, USB Type-C, and mic-in.

Switching Sources

Connecting a Computer with USB-C

1. You will need a USB Type-C cable to connect a computer.
2. Plug in one end of the USB-C cable into the front USB-C port.
3. Take the other end of the USB-C port and plug it into the USB-C port on your computer.
4. Once both cables have been plugged into the display and the computer, the matching port should turn white on the Source Preview on the Home Screen.

Switching Sources

Connecting a Computer with USB & HDMI

1. You will need an HDMI cable and a USB cable to connect a computer.
2. Plug in one end of the HDMI cable into one of the HDMI ports.
3. Plug in one end of the USB cable into the matching port.
4. Take the other end of the HDMI port and plug it into the HDMI port on your computer.
5. Take the other end of the USB port and plug it into the USB port on your computer.
6. Once both cables have been plugged into the display and the computer, the matching port should turn white on the Source Preview on the Home Screen.

newline | Z Series Quick Start Guide

1. Unscrew the 2 screws on the Wi-Fi Module port and remove the shielding cover.

2. Insert the Wi-Fi Module into the port on the rear of the panel until firmly seated, using the 2 screws to secure it.

The Wi-Fi Module does not support hot plugging. Therefore, you must insert or remove the Wi-Fi Module when the display is powered off. Otherwise, the displays or Wi-Fi Module may be damaged.

Accessing the Newline App Store

1. On the Apps Screen, tap on the “Apps” button
2. In the Apps Menu, tap “Newline App Store” to launch.

3. In the App Store, select the App you want to download.
4. On the App details screen, tap Install.

5. Once installed, the App will appear in the Apps menu on the Home Screen.

newline | Z Series Quick Start Guide

Using Newline Cast

Connecting to Newline Cast Using the DisplayNote Windows App

1. Open the Newline Cast app on your display

2. Download the DisplayNote Windows App from displaynote.com/join on your computer
3. Open the DisplayNote app on your laptop
4. Type in the Session ID you see on the display and your name
5. Select "Join" once both Session ID and Name are filled in

Connecting to Newline Cast from a Web Browser

1. Open the Newline Cast app on your display
2. Visit www.displaynote.com/join on your laptop and select "Connect via web"
3. Type in the Session ID you see on the display and your name
4. Select "Join" once both Session ID and Name are filled in
5. When asked, select whether you want to share your entire screen, or just a specific application window.
6. Click "Share"

Using Newline Broadcast

Share your Panel Screen to Student Devices

1. Turn on the display.
2. Begin a session by opening the Broadcast application and pressing the "Start broadcast" button
3. Share the public share link with your viewers.
4. Begin your presentation.
5. To end the Broadcast, press the Stop Broadcast button.

Viewing a Broadcast

1. Click the link sent by the broadcast host, or go to broadcast.online, enter the 6-digit Broadcast ID and press Connect.
2. Users can interact with the "Enlarge" option to enlarge the broadcast information. This is designed to help users view the broadcast information from afar.
3. To leave a broadcast, press the Stop button at any time.
