

Akt Tables

Part Numbers: SD-AK29R-XXXX-XX, SD-AK36R-XXXX-XX,
SD-AK42R-XXXX-XX, SD-AK29F-XXXX-XX,
SD-AK36F-XXXX-XX, SD-AK42F-XXXX-XX

OVERVIEW:

The new Akt Tables collection is ideally suited for higher education and workforce applications with a robust unitized frame and footrest option for comfort in collaboration.

TOP:

The top is made of 1 1/8" Particleboard Core with 3mm Flat Vinyl T-Mold Edge. The work surface is constructed of 45# particleboard core with high-pressure laminate (HPL) top surface and phenolic backer sheet for balanced construction. 1 1/8" 3mm flat vinyl t-mold is secured to the work surface with brad nails along the perimeter. See feature sheet for laminate and edgeband color options.

FRAME:

Unitized frame consists of aluminum extrusions connected to glass filled polypropylene corner pieces with self tapping 1/4-20 x 1.75" countersunk screws. Sliding steel clips on extrusions fasten to top with #10 x 1" wood screws. Three to six clips are used per table depending on frame size.

LEGS:

Legs come in two different styles and three different heights, each connecting to plastic molded corners via an outer and inner clamping insert and a single 1/4-20 x 2.5" screw (3" screws used for rectangular leg option). Each leg is also mounted to underside of top with ten #10 x 1" wood screws through a 11 gauge steel mounting plate. Legs are constructed of 14 gauge steel tube with options of 20mm x 50mm rectangular or 2" round tube legs.

FOOTREST:

A footrest is standard with 36" and 42" height legs (not 29"). Foot rest is composed of three pieces of ovular or rectangular aluminum extrusion depending on leg style and a total of twelve 1/4-20 x 1.75" screws. Each exposed end of extrusion receives a plastic end cap. A steel bracket is screwed to shorter extrusion ends and these brackets mount to inside of legs with two M6x12mm screws per leg.

CASTERS:

Dual-wheel casters are 75mm diameter with a zinc core and 10mm

polyurethane tread.

COMPLIANCE:

Indoor Advantage Gold certified.

All Akt Tables pass BIFMA table and leg static load tests as well as leg pull test requirements.
