

# iRover<sup>2</sup>

[www.copernicused.com](http://www.copernicused.com)

**Copernicus**  
educational products

# As mobile as your imagination.

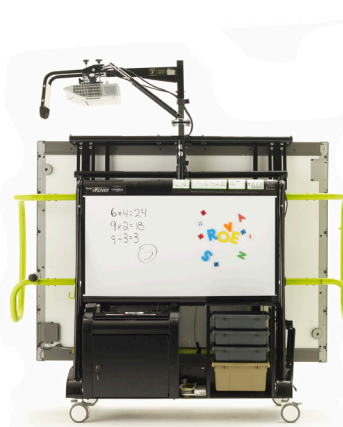

The new iRover<sup>2</sup> by Copernicus continues to build on the success of the Interactive-Rover product family.

By including unique features, the iRover<sup>2</sup> delivers full classroom mobility, adjustable board height options and introduces a new board tilting system. Other new features include a universal projector mount, rear facing magnetic dry erase whiteboard, secure locking box and storage tubs.

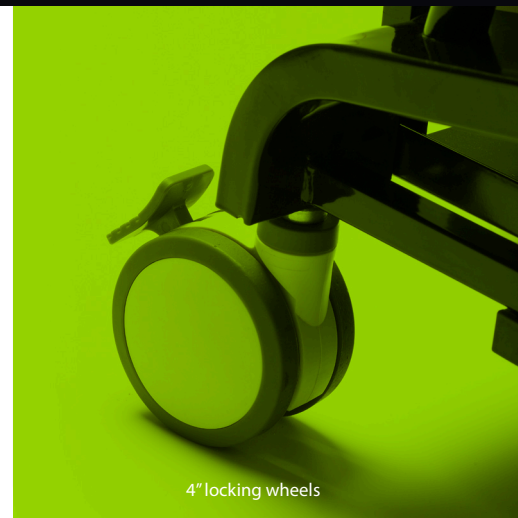

We believe in developing solutions that make teaching a little easier. With the new iRover<sup>2</sup>, Copernicus pushes the boundaries of mobile teaching even further.

10° angled board tilting feature

Classroom activity centre

4" locking wheels

**Unique board titling mechanism:** This new feature delivers a natural and effective way for teachers to engage children in learning activities by ensuring that the board surface is at just the right angle

**Adjustable board height:** Variable board height options have been developed to accommodate the requirements of special needs, ECE, elementary and high school students

**Classroom activity center:** The iRover<sup>2</sup> has been developed as an all purpose unit allowing students to interact with a digital board on one side and traditional dry erase board on the other. Teaching supplies are kept close at hand in the stubby storage trays with a laptop, CPU or other technology devices locked away in a secure lock box

# Flexible, far-reaching and interactive.

The new and versatile iRover<sup>2</sup> is a modular unit that supports Short Throw and Ultra Short Throw Projectors.

Available in two configurations, the iRover<sup>2</sup> meets the needs of teachers and students alike by creating a unique technological and traditional learning environment.

## Base Model

The iRover<sup>2</sup> Base Model features:

- **Height adjustment.** With a 17" range, boards can be adjusted to view at high and low levels
- **Tilting board.** Boards can be viewed perpendicular to the floor or angled at 10° in the lower height positions
- **Laptop arm.** Fits securely onto the handle of the frame and can be stored away on the side of the cart. Tray is suitable for all standard laptop sizes
- **Universal projector mount** with your choice of short throw and ultra short throw projectors
- **Universal mounting brackets.** Allows for the use of multiple board sizes on one frame. Brackets securely clamp around most IWBs including Smart or Promethean and other interactive whiteboards
- **4" locking wheels** for improved maneuverability. Wheels swivel and lock in two directions and are pinch point free
- **Cable management system**
- **Power bar** with an 8' cord and six outlets
- **Ergonomic handles**
- **Large storage shelf**
- **Fits through most doorways**
- **Touch Pointer holder...**

... and most importantly, an on-the-move **horn!**

## Premium Model

The iRover<sup>2</sup> Premium Model includes all the features outlined in the Base Model plus:

- **A lock box** including 2 keys for added security. Suitable for accommodating CPUs, laptops and other devices
- **Tubs with storage frame.** Metal frame holds 3 stubby tubbies and one open tub
- **Rear facing magnetic dry erase whiteboard.** Extra surface for students to undertake individual or group activities. Can also be used as a memo board and is ideal for traditional lessons

### Warranty

- 5 year frame and components
- Tech Tub™ - lifetime
- Tubs - lifetime

### Projector compatibility update

The iRover<sup>2</sup> Premium and Base models now support the Epson Brightlink 595wi Finger Touch projector. For a full list of compatible projectors and boards, visit the iR<sup>2</sup> product page at [www.copernicused.com](http://www.copernicused.com). The list of compatible units is routinely updated, so please check back to see what may have changed.

Premium Model iRover<sup>2</sup> with Ultra Short Throw Arm and tilted board

**iRover2 Ultra Short Throw Arm** **iRover2 Short Throw Arm**

**Physical Specifications for Stand Only (Minimum Position):**

- Projector Ultra Short-Throw arm extended for use:  
75 3/4"H x 51 1/8"W x 66 1/8"D (193 cm H x 130 cm W x 168 cm D)
- Projector Ultra Short-Throw arm extended for use with the Frame Tilted Out:  
75 3/4"H x 50 3/4"W x 66 1/8"D (192.5 cm H x 130 cm W x 168 cm D)
- Projector Ultra Short-Throw arm folded to side for storage:  
73 3/4"H x 31"W x 65 3/4"D (192.5 cm H x 82 cm W x 168 cm D)

**Physical Specifications for Stand Only (Maximum Position):**

- Projector Ultra Short-Throw arm extended for use:  
97 3/4"H x 59.5"W x 91"D (248 cm H x 151 cm W x 231 cm D)
  - Projector Ultra Short-Throw arm folded to side for storage:  
97 3/4"H x 32 1/4"W x 91"D (248 cm H x 82 cm W x 231 cm D)
- The board cannot be tilted when in highest height position**

**Physical Specifications for Stand Only (Minimum Position):**

- Projector Short-Throw arm extended for use:  
76 1/4"H x 71"W x 66 1/8"D (194 cm H x 180 cm W x 168 cm D)
- Projector Short-Throw arm extended for use with the Frame Tilted Out:  
82.5"H x 69.5"W x 66 1/8"D (210 cm H x 176.5 cm W x 168 cm D)
- Projector Short-Throw arm folded to side for storage:  
76 1/4"H x 32 1/4"W x 83"D (194 cm H x 82 cm W x 211 cm D)

**Physical Specifications for Stand Only (Maximum Position):**

- Projector Short-Throw arm extended for use:  
100 3/4"H x 95 3/4"W x 91"D (256 cm H x 243 cm W x 231 cm D)
  - Projector Short-Throw arm folded to side for storage:  
100 3/4"H x 32 1/4"W x 108"D (256 cm H x 82 cm W x 274 cm D)
- The board cannot be tilted when in highest height position**

Premium Model iRover<sup>2</sup> with Ultra Short Throw Arm and magnetic dry erase whiteboard.

Product Features	Spec Details	Key sizes (Inches)	Key sizes (Centimeters)
