"We need a way to store and charge devices without taking up floor or counter space."

Wall mount bracket securely supports a Tech Tub² which can be removed from the bracket and taken anywhere learning takes place.

NEW! Premium Tech Tub2® with Wall Mount Accessory Kit - holds 6 devices

The Tech Tub2® Wall Mount puts device charging up and out of the way and is designed to be compatible with a Tech Tub2® that holds 6 iPads®, Chromebooks™ and other tablets. The low profile steel wall bracket folds away when not in use and offers a versatile hole pattern for mounting to brick, studded walls or other surfaces.

The bracket is available as part of a kit which includes a Tech Tub2®, or the wall bracket hardware is sold separately for those who already have a Tech Tub2® that holds 6 devices in use at their school.

**Premium Tech Tub2® with Wall Mount Accessory Kit
- holds 6 devices (FTT600-W)**

- Low profile steel wall bracket folds away when not in use
- Versatile hole pattern on the bracket allows for mounting to brick, studded walls and other surfaces
- Lower bracket latches to the surface mount hardware inside the Tech Tub2® to lock the Tub securely to the wall

Note:
- Wall mounting hardware is not supplied, use appropriate hardware based on wall type
- Bracket can support a Tech Tub2® that holds 6 devices (FTT600)
- Bracket does not support the use of 10-device Tech Tubs® (FTT1000, FTT1000-USB)

Tech Tub2® features:

- Holds all generations of iPads®, most 11" Chromebooks™ and other tablets
- Adjustable dividers to accommodate devices with and without cases
- Easy-to-use side cable organizer
- 6 outlet power strip with surge protector
- Cable hooks on the back to manage cords during transport
- Made from durable plastic and metal components

Wall Mount Accessory Kit (FTT-ACW)
Same features as above, but does not include the Tech Tub2®
(Bracket kit only)
