Primary Touchtable

Dual Android & Windows Touchtables in 42" and 55"

Touchtables are ideal for Nurseries, Classrooms, Retail, Business and 3D applications. Robust solutions, fabricated from steel and available as 42" or 55" touchtables with an integrated PC and Android for a perfect all in one solution.

● **10 Point Multi-Touch**

Great interactivity and collaboration allowing 10 users to interact with the screen. The 178/178 viewing angle offers clarity for all users.

● **Built in Android and Quad Core Windows PC**

Dual Operating Systems so you can make the most out of the benefits of both. Windows for office applications and Android apps for both work and play.

● **Integrated Speakers**

No need for separate speakers.

● **Low Power Consumption**

Complete with the integrated PC, the touchtable uses only 140W of power so you save on energy costs.

● **Durable Toughened Screen**

Tempered glass and A+ grade LED panels along with a steel coating frame provide you with a robust solution.

● **450 Nits Brightness**

With 16.7 million colours and 450 nit brightness, content is vivid and crisp and easy to read in daylight.
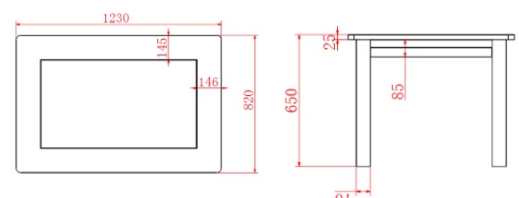

Key Features

Software

Snowflake

Snowflake software comes with iBT Touchtables and helps children learn while they play. The app based software contains configurable apps for you to personalise.
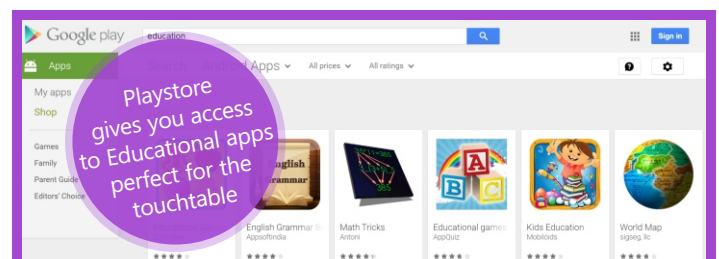

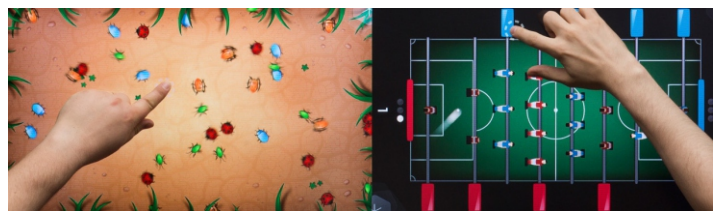

Snowflake ABC

Snowflake ABC is a multi-user collaborative tool, it offers children in lower education a way to also improve communication and social skills and build more confidence. Learn about every day subjects such as math, geography, grammar, spelling and biology.
Education has never been this fun.

Snowflake Entertainment

Multi-touch software Snowflake Entertainment is a world of fun at your fingertips. Create emotional connections between users and your corporate identity. Highlight your brand with a wide range of entertaining and engaging interactive games. Attract people at events or exhibitions. This suite is also an optimal tool to use in public spaces, such as kids corners, keeping children happy and entertained.

Playstore gives you access to Educational apps perfect for the touchtable
