

AVerCharge S42i+

42 Device Intelligent Charging Cart

Fully Adjustable Design

Uniquely customize S42i+ charging cart to create the best classroom environment that optimizes student learning. Manage and charge up to 42 Chromebooks, laptops, and tablet devices.

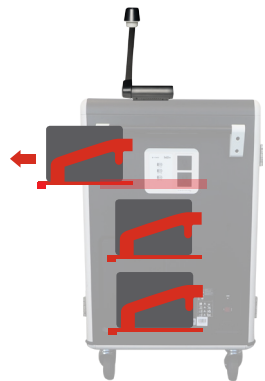

More Intuitive System

When devices are fully charged, S42i+'s new adaptive intelligent charging system intuitively knows when to stop charging and sends more power to external outlets allowing use for additional technology such as a document camera, printer, or any other fun teaching tool.

Convertible Functionality

Combine intuitive technology with a smooth surface and slide-out shelves to create the ultimate platform to integrate all classroom activities! Use an AVer document camera with S42i+ as a mobile surface to freely teach and showcase student work.

Simple Configuration

The easiest way to have everything in its place is to have a place for everything. Each S42i+ divider is specially designed with a cable holder and cord lock to keep cables secured and organized.

Designed for Maximum Protection

Whether protecting devices from falling out during transportation or from theft, S42i+ provides optimum security with its front and rear 3-point locking doors.* Classrooms also have the option to add on an additional padlock.*
