

STORE & CHARGE CORE™ 10S CABINET

Wall or tabletop mounted solution optimized for Chromebooks along with the latest tablets, smart phones and e-readers.

Pictured in Charcoal (CK) finish.

FEATURES

- Stores and charges up to 10 mobile devices, either all of the same model or a variety of models from different manufacturers.
- Plastic molded slots effectively cradle the devices and keep devices protected from scratching.
- Features an enclosed electrical unit for storage of device power adapters. The electrical unit features an external on/off switch. An integrated cord winder is located on one side of the cabinet to manage the nine foot cord.
- The electrical unit features outlet spacing wide enough to handle the vast majority of power adapters.
- Hinged door opens wide to provide easy access to devices and connections.
- Security is provided by 18-gauge steel construction and a combination lock.
- May be attached to a work surface or mounted to a wall, providing additional security. The holes to mount the cabinet are internal and inaccessible when the cabinet is locked. A wall mounting plate and instructions are included for securing the cabinet to the wall.
- Four height-adjustable guides allow leveling of cabinet.
- Ships fully assembled and ready for use.
- The Core™ 10S is UL 60950-1 Certified for Safety of Technology Equipment. For additional information on UL 60950-1 and GREENGUARD GOLD Certification, visit bretford.com/certifications.

DETAILS

Torque resistant lock acts as a handle when supplied combination padlock is removed. When padlock is inserted the cam is disabled which disengages lever and deters access to devices.

Accommodates a variety of AC power adapters and allows space for cord storage.

Polypropylene dividers store devices vertically and offer optimal spacing for device compatibility.

An external on/off switch along with an integrated cord winder to help manage the nine foot cord.
