

Weighing Technology

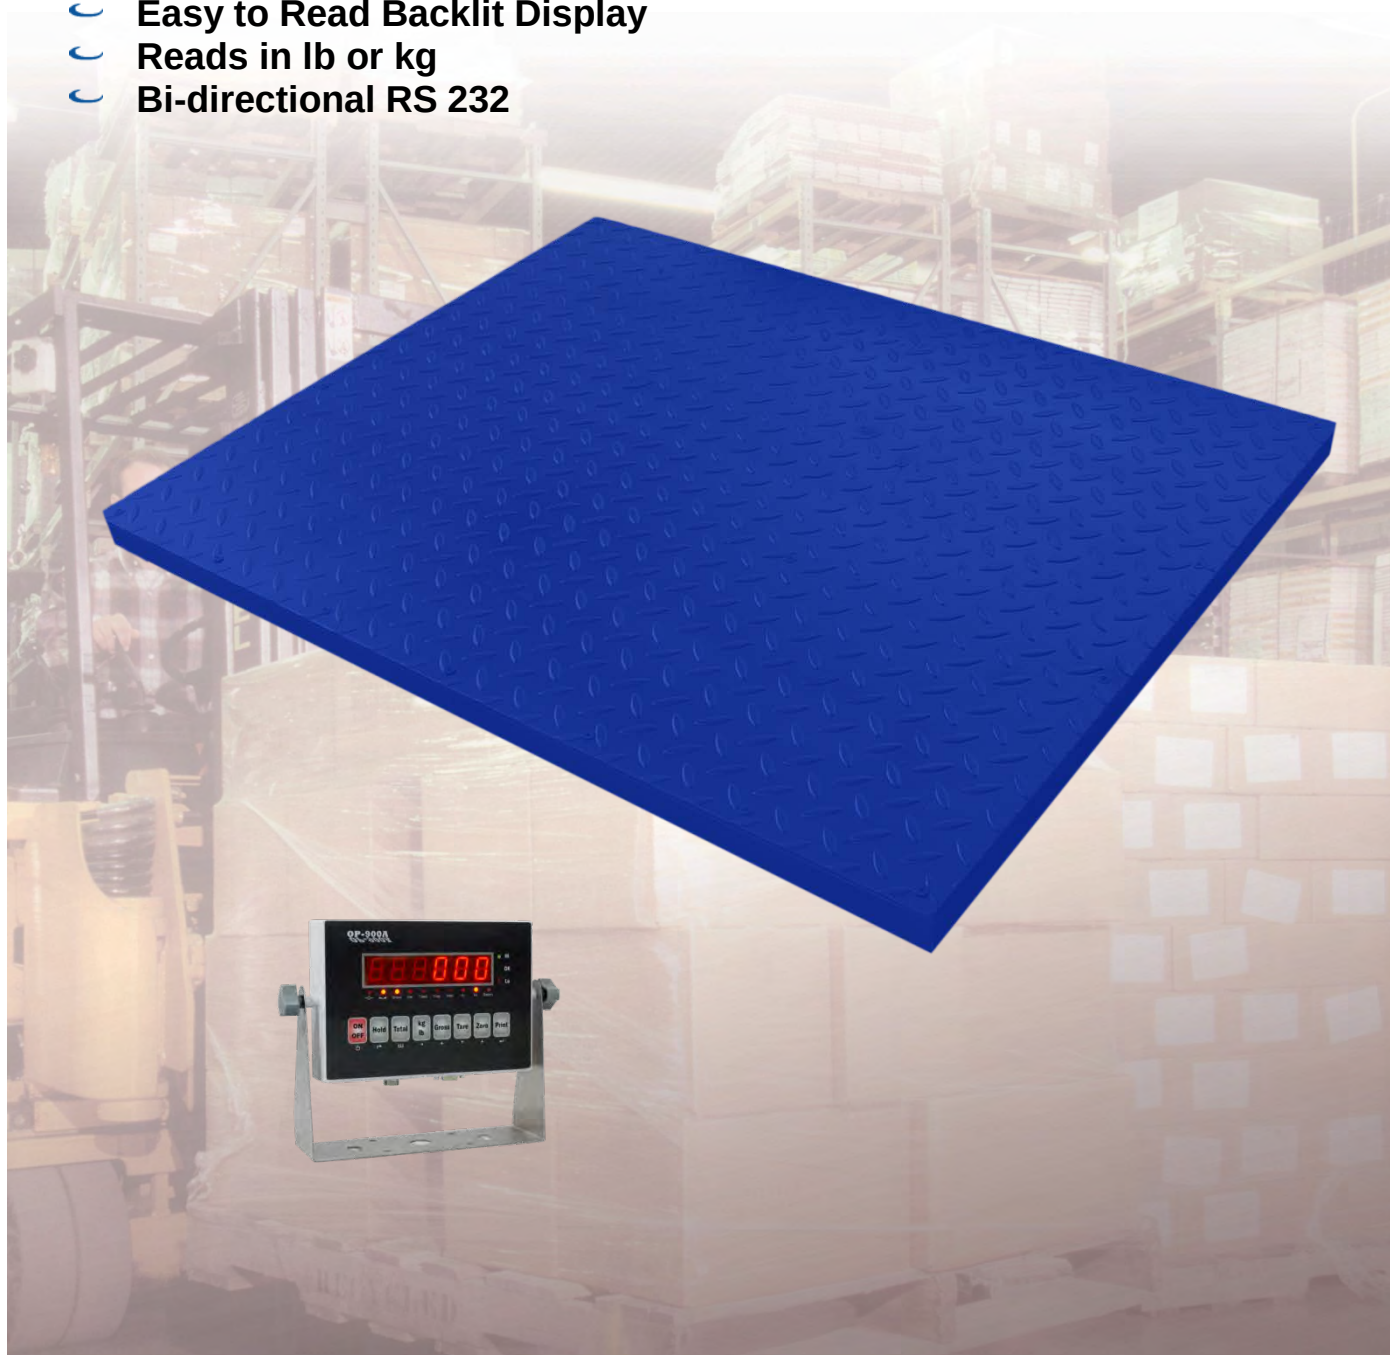

A Higher Level of Precision...A Higher Level of Performance

TitanF™

SERIES

Titan™ Platform & Indicator

- ✓ NTEP Approved
- ✓ 4x4 Alloy Steel Platform
- ✓ Easy to Read Backlit Display
- ✓ Reads in lb or kg
- ✓ Bi-directional RS 232

Manufactured for Intelligent Weighing Technology, Inc. in an ISO 9001 facility

TitanF™

SERIES

Intell-Weigh™
Platform Scale

Model	TitanF 5K	TitanF 10K
Capacity	5,000 lb	10,000 lb
Readability	1 lb	2 lb
Weighing Units	lb, kg	
Functions	net/gross, pre-tare, animal hold, accumulation	
Power Source	external power adapter (supplied)	
Connectivity	RS 232 bi-directional or serial printer output	
Calibration	Via keyboard (internal adjust switch)	
Loadcell Excitation	5V DC ± 5% 60 mA	
Internal Resolution	2,000,000 Counts maximum	
Display Resolution	5,000 NTEP	
Display	1 in high backlit display	
Operating Environment	32° F ~ 104° F / 0° C ~ 40° C	
Construction	Base - Alloy steel, Indicator – Steel with stainless steel U-shaped bracket	
Platform Size	4 x 4 ft	
Net Weight	250 lb	
Shipping Weight	285 lb	
Approvals	Base - NTEP CoC# 10-081 and 12-004	
Options	Intell-Weigh™ 10 indicator with rechargeable battery, RS485 and real time clock	

Optional Intell-Weigh™ 10 Indicator
