

A close-up photograph showing a person's hand applying a strip of bright red 3M duct tape to a black, corrugated surface. The hand is positioned at the top right, pulling the tape across the frame. The red tape is being applied over the black surface, which has a series of parallel ridges. The background is blurred, showing a light-colored floor and a wall.

Color can make the difference for your application.

Whether you want your tape to blend in or stand out, you've got a wide array of colors to choose from. Each colored tape gives you the features and reliable performance you've already come to expect from a 3M™ Duct Tape. And because 3M Duct Tape sticks fast and stays put — even on irregular surfaces — it can be your versatile go-to tape for color coding, process tagging, identification, highlighting hazards, sealing, bundling, holding and other MRO/construction applications.

3M™ Multi-Purpose Duct Tape 3900

Use in applications where more holding strength is required or in moist and humid environments.

Rubber adhesive sticks fast and stays put.

Strong backing resists water, wear and light abrasion.

Unique construction allows for permanent and temporary applications.

3M™ Vinyl Duct Tape 3903

Use for marking jobs that need more conformability. Easy hand tearing makes it ideal for repetitive use.

Rubber adhesive sticks immediately yet removes without messy adhesive residue for up to one month.

Peels off cleanly after 30 minutes on painted steel as hot as 200°F (93°C) — ideal for fine line paint masking.

Embossed vinyl backing seals out dust, dirt and moisture, and resists abrasion.

Product	3M UPC	Color	Size	Mil	Quantity	
3M™ Multi-Purpose Duct Tape 3900 Better adhesion and durability	00021200498336	● Black	2 in. x 60 yd. (48mm x 54.8m)	7.6	24 Rolls/ Case
