Capture Images/Videos, Measure & More!

Cyclops 3.0

with Ultra-Glide Stand and HD Monitor

Cyclops digital microscope with built in HDMI + USB outputs and a 4x objective lens. View images directly from the included HD monitor, or connect to your PC to utilize the included imaging and measurement software.

Featuring Aven's Ultra-Glide Arm Stand, operators can smoothly glide the arm along its 23 inch reach, making this inspection system ideal for viewing parts with a large surface area.

Key Features

- Crystal Clear 1080p HD imaging
- View high definition live images on an HD monitor via HDMI
- Connect to a PC via USB
- Save images/videos, measure, make on-screen notations, and more with the included imaging/measurement software!
- Excellent magnification range of 12x - 132x based on a 21.5" HD Monitor
- Built-in LED ring light with intensity controls
- Ultra-Glide Arm Stand provides smooth horizontal motion over a 23" reach
- Swivel Ball Joint allows the viewing angle to be adjusted
- Includes a 22" HD Monitor

Swivel Ball Joint
Adjust the Viewing Angle

Cyclops 3.0 w/ Ultra-Glide Stand and HD Monitor	
Item #	26800B-CY3
Magnification	12x - 132x (Based on a 21.5" HD Monitor)
CMOS Sensor	2 million pixels CMOS sensor
HDMI Port	Output 1080P (1920 x 1080 Pixels) image
USB 3.0 Port	Type C Output YUV/MJPEG format Max Resolution: 1080p
Illumination	30 Adjustable White LEDs
Microscope Stand	Ultra-Glide Arm Stand w/ Heavy Metal Base
Package Contents	<ul style="list-style-type: none"> • 26700-423 – Cyclops 3.0 Digital Microscope • 26800B-556 – Ultra Glide Arm Stand • 26800B-600 – Boom Stand Screw Mount Camera Adapter • 26700-412 – Ball Joint • 26700-406 – 22" LCD HD Monitor • HDMI Cable • USB-C Cable • Power Adapter
