Product Description:

Wireless Power Remote Control for
Hakko FA-430 Fume Extraction System

Part No:
999-252

Specification:

Unit	Receiver	140 x 64 x 38 mm (5.5 x 2.5 x 1.5 in.)
Dimensions (L x W x H)	Remote	69 x 38 x 23 mm (2.7 x 1.5 x 0.9 in.)
Shipping Dimensions (L x W x H)		254 x 153 x 76 mm (10 x 6 x 3 in.)
Unit Weight	Receiver	176 g (0.39 lb.)
	Remote	36 g (0.08 lb.)
Shipping Weight		354 g (0.78 lb.)
Voltage		125VAC / 60Hz
Max Load		13A 1625W Resistive 8A 1000W Tungsten
Cord Length		153mm (6 in.)
Cord Type		3-wire 16AWG Stranded
Remote Battery		12VDC Type A23
Range		Up to 60ft.
Safety Certification		

Comment:

The Hakko 999-252 Wireless Remote is a convenient accessory to the Hakko FA-430 Fume Extraction System. By placing the wireless remote inline between the FA-430 and the power outlet, you can easily turn the fume extraction system on or off at the push of a button. No need to reach under or behind the bench for the power switch on the front of the Hakko FA-430, and no added cords or wires on the bench top like other remote switches.

NOTE: Each unit is encoded for a set transmit/receive frequency as indicated by the small sticker affixed to each receiver and remote control. The channels are labeled A, B, C, D, E, or F. If you have multiple units that are using the same encoded frequency and are within the range of the like coded remote control, all units can be controlled simultaneously by one remote.
