Environmental Mission

Our vision and goal is a sustaining supplier, manufacturer and customer for the long term protection and preservation of our environment for future generations.

MISSION
To achieve this vision, we are dedicated to ensuring the health and wellbeing of all of our partners, reducing negative impact on the environment, and maintaining price structure by increasing efficiencies and reducing consumption.

JSI, and it's parent company, is an internal manufacturer and has been an environmentally conscious organization for more than 80 years.

We are proud to use wood as our primary sustainable material resource and all corporate policies and procedures support the efforts to "recover, recycle, reuse, repurpose, reduce, refuse, and re-engineer". In doing this, we are committed to the conservation of the environment and its natural resources as well as encouraging our suppliers and customers to do the same. A goal of a "Sustainable Partnership", supplier, manufacturer and customer, is essential for the long term protection preservation and sustainability of our environment for future generations.

LOCATION
Our manufacturing facilities are located in the center of Southern Indiana. With our diverse product offering and manufacturing capabilities, we provide a single source for all of your project needs allowing you to conserve our fossil fuels and reduce greenhouse gases.

PACKAGING
We place emphasis on the minimal use of disposable packaging while still providing adequate protection to the finished product. Our corrugated packaging is recyclable, reusable, and up to 100% recycled content. We reuse or recycle more than 175 tons of corrugated material annually.

REGULATORY
All of our manufacturing facilities are in compliance with applicable OSHA regulations and meet or exceed all applicable DEM and EPA regulations for air emissions, storm water and hazardous waste disposal.

MANUFACTURING FACILITIES
Our manufacturing facilities are geared toward eco-efficiency and are encouraged to continually improve and conserve. Solid wood not used in the direct manufacturing process is recovered for the operation of our dry kilns, thus reducing greenhouse gases, the use of fossil fuels, and the burden of waste placed on landfills. Composite panels not used in the direct manufacturing process are ground and sold for use as animal bedding and boiler fuel. In addition to other energy savings techniques, our manufacturing facilities use high efficient lighting, make use of power factor capacitors, and encourage all to conserve and reduce energy consumption and water usage. Condensation pumps are used to aid in water conservation as well as extending boiler life.

MANUFACTURING PROCESSES
Our finish processes utilize efficient spray guns and proper spray techniques to reduce wasted material. Excess finish material, solvents, and waste are recycled. Many of the assembly processes use water based glues that contain no hazardous ingredients.

TEXTILES
Many of our fabric options utilize up to 100% recycled content. Our leather alternative program includes selections that contain no toxic materials, plasticizers, heavy metals, or formaldehyde and have a 100% biodegradable back cloth. Some of the available panel fabric used, if discarded is a biological nutrient for the soil. Most of the components (foam, batting, and polycord) used in upholstered products are recyclable. Excess fabrics and leathers not utilized in the upholstery process go to recyclers and local charities for additional use.

WOOD
Wood is the most diverse, most process friendly, and most widely utilized natural resource in mankind's history. No other natural resource can match the environmental advantages of wood, including being renewable, recyclable, natural, carbon negative, and biodegradable. Utilizing the sun's energy, trees grow and remove carbon dioxide from the air while giving off oxygen to benefit the entire planet. Approximately 49% of wood's dry weight is carbon and harvesting mature trees in a sustainable forest, which has slowed in the absorption of carbon dioxide, allows the photosynthetic cycle to continue at full optimization and allow for the carbon to remain sequestered. We are proud to use wood as our primary "sustainable" renewable resource.

WOOD OPTIONS
Many environmentally friendly solid wood and engineered wood options are available for quote, including: Lyptus®, Plyboo®, reclaimed woods, agricultural and post-consumer waste fiber products, etc.

INDOOR AIR QUALITY
Our goal is to reduce the impact our products will have on the indoor air quality. We practice the latest technologies and utilize a third party to assure we meet this goal. GreenGuard, one of the leaders in IAQ certification, continues to certify our product offering with UL2818-GreenGuard Indoor Air Quality certification.

Lifetime Warranty
JSI warrants to the original purchaser that each piece of furniture will be free from defects in workmanship, given normal use and care for as long as the original customer owns and uses the product. Normal use is defined as the equivalent of a single shift, 40-hour work week.

JSI will, at its option, repair or replace with comparable product within the terms of the warranty.

Exceptions to Warranty:

12 Years (from date of purchase)
- Wood Seating
- Seating Controls
- Pneumatic Cylinders
- Laminate Surfaces
- Veneer Surfaces
- Solid Surface Components
- Somna, Kindera, Satisse and Forge in multi-shift environment except components as specifically identified below

10 Years (from date of purchase)
- Recliner Mechanisms and Associated Levelers (regardless of shift usage)

5 Years (from date of purchase)
- Casters (including recliner central locking)
- Glides (including MagLinx™)
- Electric Height Adjustable Bases
- Task Lights
- Mesh/Knit Materials
- Electrical Components
- Foam
- Recliner Heat Components

This Warranty Does Not Cover:
- Natural variations in color, grain or texture of wood and other covering materials over which JSI has no control
- Normal wear, color fastness, shrinkage, puddling, wrinkling and stretching of upholsteries including fabric, vinyl, leather and other textiles. This warranty does not cover any defects that may arise in the use of COM or COL upholstery materials. Textile manufacturer's warranty will apply.
- Damages resulting from transportation, improper assembly, installation, handling, accident, user modification attachments, misuse, or neglect of product care.
- Damage resulting from extreme climate conditions
- Finish damages resulting from normal wear and tear, improper maintenance, water damage, exposure to sunlight, extreme high or low humidity or temperature, or other acts of nature.
- Damage created by loading file drawers with anything other than hanging folders.
- Use of any unauthorized non-JSI components for use in the place of JSI components, including but not limited to worksurfaces, bases, brackets, or other essential components.

Replacement components are warranted for a duration of 2 years or for the remaining duration of the initial warranty, whichever extends further.

Textile supplier's warranty will apply. Given the diverse range of cleaning agents used by various facilities, it is advisable to conduct testing on each textile choice using the facility's designated cleaning techniques prior to placing an order.

JSI makes no expressed or implied warranties to any product and, in particular, makes no warranty of merchantability of fitness for any particular purpose. JSI will not be liable for any consequential or incidental damages under this warranty.

Unique Characteristic of Natural Woods and Veneers
JSI uses high quality wood and veneer harvested from sustainably managed forests. Every tree has unique and defining characteristics, like fingerprints. These characteristics can be defined by differences in color, grain configuration, and textures. These characteristics will be more noticeable if the product has a clear or lighter finish.

JSI uses select beech, cherry, maple, oak and walnut cut wood products to produce the desired look of our furniture products.

Maple and Cherry species have a higher degree of uneven distribution of grain, small color streaks, and pin knots.

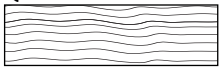

At JSI, we take care of selecting woods and veneers that are used in our products. With this in mind, we hope you appreciate the beauty of each tree's fingerprints. Products will not be replaced due to these natural characteristics.

Veneers can be sliced in a variety of ways to create unique patterns. JSI uses several different patterns, as shown below.

Flat (Plain) Cut as shown

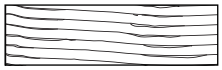

Quarter Sliced as shown

Double Cut as shown

Rift Cut as shown

Double Cut
The Double Cut veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern.

JSI offers two collection of veneer, our Essentials and Artisan Collections.

Essentials
The Essentials Collection allows users to specify beautiful veneers, without sacrificing budget, providing grain patterns and hues for maximum material flexibility and style range.

Artisan
The Artisan Collection provides a curated selection of finishes expressing an elevated style and contemporary nature.

Laminates (Veneer Series)
An alternative HPL (Higher Pressure Laminate) laminate work surface can be specified on most of our casegood product lines. The specification pages will also list the available coordinating finishes.

Laminate Series
JSI laminate series offer a full laminated product with imprinted grain to hide finger prints and provide durability. The worksurface tops are HPL (High Pressure Laminate) or TFL (Thermal Fused Laminate). TFL is used on the product's chassis.

An overview of finishes and laminates appear on page IV, detailing which species each veneer finish is applied to.

Series Material Offering
Select finishes, species and materiality are availble on a per series offering, with JSI curating the correct palette offering for the series intent. Please refer to each series feature highlights within the product pages to identify the material, species, grain patterns and finishes availble for that specific series.

JSI Core Materials
For projects requiring similar finishes across multiple series, JSI recommends using our Core Materials program. Finishes in this group are offered throughout the vast majority* of JSI products in the three main material categories Essentials and Artisan Veneer, Laminate and Solid Maple, in a spectrum of light to dark.

*note: not applicable to all series, for example BeSpace only offers clear veneer finish.

Finish - Top Coat
To reduce hazardous formaldehyde emissions, we use our proprietary specially designed top coat, DuraTex™. It significantly reduces hazardous formaldehyde emissions and helps improve indoor air quality.

Finish - Color/Stains
A wide range of stains are available to bring out the beautiful characteristics of each wood species. We coordinate finish color between our veneer stains and solid lumber stains; however, not all may be a perfect match. The stains are continually reviewed for accuracy of color, as well as a constant monitoring of the latest color trends in the furniture market.

Finish - Matching
Due to the natural characteristics of wood, environmental effects, and material upgrades, JSI cannot guarantee exact finish matches on existing furniture previously ordered.

If an exact match is required to accompany existing furniture, it must be specified at the time of order placement, so specific internal procedures can be followed to ensure a proper and acceptable finish match. We reserve the right to change our finish formula at any time to improve safety, quality, and appearance. Unless a finish match for existing furniture is requested at the time of ordering, we accept no liability for finish that may not match the existing furniture from prior orders.

Solid lumber may inherently have mineral streaks, pits, and various other natural occurrences. Care is taken in selecting the solid lumber to coordinate with the requested finish on our veneer products. This internal selection process is subject to availability of solid lumber parts.

Finish Sheen
All casegood veneer finishes are standard in 35-sheen, with the exception of Raven, which is only offered in 15-sheen. All other finishes are available in 15-sheen, with a 5% upcharge, per model.

Custom/Special Finishes
JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first-time matches and must be included with the written request.

There is a charge of **$384 list per order** for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Use standard pricing and option pricing for each line item with a special finish, unless additional modifications have been specified. For items available in both Essential and Artisan veneers, apply the Essentials pricing.

Samples
Samples of standard wood finishes, paints colors, metal colors, and standard laminate are available upon request. The fastest way for requests to be filled is by using our website. See below for options to request samples.

Pricing
Prices found in this document or on our website are list prices in U.S. dollars for standard product delivery to one destination. Prices do not include storage, installation, or taxes. Possession of this price list does not constitute an offer to sell. Orders can only be received from approved authorized JSI dealers.

Prices and product information in this document, as well as our website, are subject to change without notice. Reference website for most up to date product offering and pricing.

In our ongoing efforts to minimize ancillary charges. JSI does not include these fees in any calculations for dealer participation fees or commissions in any form. Ancillary charges include but are not limited to special finish charges, special laminate charges and handling fees. When calculating your dealer participation fee or commission earned, please include product lines only and exclude any ancillary charges. Should you have any questions, please call our office for clarification.

Orders
Detailed specification pages are available in the price list at the beginning of each series.

Additional information may be obtained by consulting the Customer Service Department or our website.

Indicate shipping address if different from billing address.

Send Orders To:

US Mail – JSI
225 Clay Street
Jasper, IN 47546
Fax – 812-482-1548
Email – orders@jaspergroup.us.com

JSI reserves the right to make changes in dimensions, styles, or specifications if we believe these changes will improve the safety, quality, or appearance of the product.

Acceptance of orders will be subject to credit approval, barring any acts of governments, or any other causes beyond our control (e.g. strikes, fire, embargo of materials, etc).

Product Modifications
While we offer a wide range of products to accommodate many possible solutions, we also recognize the needs for our products to be modified from our standard offering.

In the series introduction section of each product, we address modification options for that series.

To see if the desired modification is possible, please contact our Customer Service Department for a quote. Note that order quantities and material availability can affect the quote. Additional information may be requested to fully quote modifications.

Order Acknowledgments
All orders will be acknowledged promptly upon entry of a clean order. The acknowledgment will show how the order was entered, ship date and any other information pertinent to the order. It is the purchaser's responsibility to verify all the information on the acknowledgment carefully and notify us immediately, in writing, of any discrepancies.

Every reasonable effort is made to ship as acknowledged; however, the acknowledged ship date is approximate. Company will generally ship within five (5) working days of the acknowledged ship date. If a firm ship date is necessary, customer must inform company at time of order and company will make all reasonable efforts to meet each customer's request. Acknowledged shipping dates are contingent upon the force majeure conditions contained in these terms and conditions.

Cancellations and Changes
All orders are considered firm and are not subject to cancellation or change without approval from JSI. All approved changes are subject to additional charges and revised lead times

Quickship
JSI offers select Vision models, with select options, in our Quickship program. These items ship within 10 business days after receipt of a clean, credit approved purchase order. Items should be placed on order separate from standard lead time models.

Product for up to 10 offices or 10 tables can be included on a single Quickship order. Available capacity is filled by orders as they are received. If normal 10 day Quickship is not available because capacity has been filled, you will be immediately notified by JSI customer service. Changes and cancellations to Quickship orders are not allowed under any circumstances, nor are modifications to the pre-determined Quickship offering. Limit one order per project.

Delivery
Our freight policy consists of prepaid freight to the 48 contiguous states; all other shipments are prepaid to port of exit ONLY. JSI reserves the right to select the appropriate carrier and shipment routes, most shipments are on freight carriers that are dedicated furniture specialists. Standard deliveries require a DOCK that can accommodate 75 foot trucks. Ownership and inspection of product is the responsibility of the buyer upon pickup by the freight carrier. Pricing in this book is for standard delivery only. Standard delivery does not include non-dock delivery, inside delivery, residential delivery or installation of product. Fees and changes for non-standard deliveries are listed below.

Shipping Destination
Changes to ship to locations may not occur within seven days prior to the ship date, however, in atypical situations a **$250 change fee** will be applied to accomodate additional carrier fees.

Standard Delivery Time
Between 8 AM and 3 PM Monday through Friday. Special delivery requests can be subject to additional fees to accommodate requests.

No Touch Freight
Our freight is considered "no touch". Therefore, customers are to be prepared to unload freight from inside the truck prior to arrival. In the instance that a driver must unload the shipment, driver assists fees will apply (see fees below).

On-Site Deliveries
Shipments to the installation site, and time deliveries are available on full truckloads or slightly less, at no additional charge. Shipments or timed deliveries for smaller shipments may not be available, or if available may require an additional charge.

Detention Fees
- Carriers are given two-hour maximum time allotment to unload for one-stop truckloads.
- Carriers are given one hour maximum time allotment to unload for multi-stop truckloads

*Detention fees apply after allotted unloading time and will be at buyer's expense.

Fees
Orders of less than $1,000 net . . . . . $93 net per order
(If order is UPS shippable, the handling fee is waived and customer is invoiced for exact shipping charges.)
Weekday deliveries outside of standard delivery times . . . $309 net
Weekend deliveries (Saturday or Sunday) . . . . . $618 net
Liftgate Deliveries . . . . . $515 net minimum 7% of net price
Driver Assist . . . . . .$93 net
Jobsite Non-Dock Delivery . . . . . $155 net per truck
Inside Delivery (first floor inside only)- no installation or carton removal . . . . . $258 net minimum 7% of net price
NO RESIDENTIAL DELIVERIES

Warehouse/Storage Fees
Additional storage time with a provided two-week approved notice is calculated at 3% per month of the product amount or per day.

Please be Advised
- Reconsignment fees are the responsibility of the buyer.
- Any charges arising from failure to meet shipment, re-routing while in transit or carrier storage charges are the responsibility of the buyer.
- Contact Customer Service to inquire about skidding of products, special crating of products and product installation. These requests must be approved by JSI and made at the time of order.
- Carriers have the right to refuse delivery to a specified location if it conflicts with their liability policy.

Freight Damage
JSI products are packed in cartons and meet or exceed existing codes for furniture and seating products. All shipments are delivered to the carrier in good condition and our liability ceases thereafter. If delivery arrives short or damaged, contact Customer Service immediately to file a claim. In the event of concealed damage, notify Customer Service and request immediate inspection. Failure to file a claim within 15 days after receipt of merchandise constitutes acceptance and a waiver of any such claims. Please inspect merchandise immediately upon receipt, otherwise there is no recourse. Keep all cartons and packing material, discarding these materials may negate your claim.

Storage of product in areas of uncontrolled humidity and temperature may cause damage to the product and void the JSI warranty.

Repairs
JSI will not issue credit allowance for any type of repairs without prior written consent.

Sales order, product model numbers, and reason for repair will be expected in order to process the repair request. A digital photo will help to expedite the request. JSI reserves the right to recommend solutions for repair.

Replacement Parts
Obtain information and pricing on replacement parts by contacting Customer Service. Please have the model number available when requesting replacement parts. Additional information may be required to ensure proper replacement parts.

Returns
JSI products are made to order and may not be returned for credit. No merchandise may be returned to JSI without a signed Return Good Authorization (RGA) form issued by our Customer Service Department. RGA's will be considered for the following reasons:
1. Manufacturing defect (validated by JSI representative).
2. JSI order processing error.
3. Shipping error.
4. Mis-marked cartons.
5. Duplicate shipments.

Liability for defective merchandise shall be limited to replacement or repair.

If you have questions as to whether your reason for return qualifies for consideration, please contact Customer Service. At the discretion of JSI, returns on stocked items may be considered with the following stipulations:
1. 60% restocking fee.
2. All return freight charges must be prepaid by dealer.
3. Product was never removed from the original carton.
4. Product must be returned withing 30 days of RGA issue date.
5. Credit will not be issued if producted returned is damaged.
6. Under no circumstances can we accept COD (Cash on Delivery) returns. Any such shipment will refused.

Please note most models on Quickship are produced on demand and cannot be returned. Modified, special or custom-built product is not eligible for return.

Fire Retardancy
All JSI upholstered components comply with California Bureau of Home Furnishings and Thermal Insulation-Technical Bulletin 117-2013 issued by State of California Department of Consumer Affairs. This standard requires
upholstered furniture to be safer from the hazards associated with smolder ignition in all four (4) categories of materials, as applicable.

Compliance with more stringent codes may require special manufacturing considerations and upcharges.

California Technical Bulletin 133 (CAL 133)
JSI uses a barrier material between the foam cushioning and the upholstery cover in order to comply with CAL 133. The standard upcharge on products specified to comply with CAL 133 is **$81 list per yard** of textile.

JSI has performed a series of full scale fire tests on samples-representing worst case scenarios of upholstered units- to comply with the requirements of the state of California Technical Bulletin 133 (CAL 133). Products in compliance are labeled in accordance of the standards.

Some product designs and fabric cannot be combined to comply with CAL 133. Because of this, we reserve the right to reject any request for an upholstery cover, including COM, textile may not contain olefin or product style that we feel may compromise the integrity or safety of a product specified to comply with CAL 133.

Contact Customer Service for a quote if you require laboratory certification that a specific product and upholstery combination WILL PASS CAL 133. The quotation will include testing, video, and transportation charges plus the list cost of the sample.

Our standard lead time will apply to products that do not require certification. Allow an additional six weeks over the standard lead time for products that need actual laboratory certification.

The end user, specifier and/or dealer have the responsibility to make sure all products specified will meet the flammability and safety codes of the jurisdiction where the products will be located and used.

Flame Spread
All JSI may be required to comply with the requirements of Flame Spread based on ASTM standards/NFPA Life Safety Codes and general public knowledge are as follows:

Solid Wood- Class C
Topcoats- Class A
Carded Fabric- Class A
Composite Panels- Class C
Laminate- Class B

Plastics- According to the NFPA, the lack of stability of plastics under high temperature conditions and inherit combustibility have eliminated the use of plastics for applications requiring a flame spread rating.

Also be advised that improvements may be attained in certain instances with the addition of chemicals which may add additional costs, chemical exposure and/or compromise the integrity of the product.

Textile Carded Programs
JSI is proud to partner with Maharam, Momentum, Spradling, Stinson, Ultrafabrics, Camira and Cortina Leather. Please refer to our website for our standard patterns, along with the current grade.

https://www.jsifurniture.com/finishes-and-materials/textiles

Textile Grade-In Programs
For the convenience of our specifiers, we offer an extensive graded in program. Please reference our website for the most up to date information on our graded in program.
https://www.jsifurniture.com/resources/textile-partner-info/overview/

For additional specifications on the pattern or to order memo samples, please contact the textile suppliers directly:

Arc Com www.arc-com.com
Camira www.camirafabrics.com
Designtex www.designtex.com
Maharam www.maharam.com
Mayer www.mayerfabrics.com
Momentum www.themomgroup.com
Spradling www.spradlinggroup.com
Stinson www.cfstinson.com
Ultrafabrics www.ultrafabricsllc.com
Cortina Leather www.cortinaleathers.com

Any textile not graded in or pre-approved for COM/COL will require application test approval prior to order entry and shipment of fabric or leather to JSI. For current JSI grades and application status by series visit jsifurniture.com Resources > Graded-In + COM; Graded-In + COM.

Indicate on purchase order if JSI is to order the fabric.

Grades and availability of fabric are subject to change without notice. Changes could include but are not limited to price increase, discontinued patterns, discontinued colors, etc. See jsifurniture.com for up to date information.

Many textiles have repeats and the additional yardage required has been factored in for textiles ordered through the JSI Carded and Grade-In Programs. We reserve the right not to match textiles with a horizontal or vertical repeat greater than 17". Additional charges may apply for textile being applied with special instructions.

Some fabric thickness or stiffness may cause issue with proper upholstering of tackable wall panels or upholstery privacy screens. Please contact customer service with concerns on the fabric thickness for these items.

COM/COL Address
JSI
Attn: COM/COL Department
Receiving B
Dock 71
201 East Martin St.
Orleans, IN 47452

Tag: Dealer Name / Purchase Order #

General COM Fabric/COL Hide Policy
Refer to the COM/COL Price Columns for list prices.

All yardage requirements listed in the price list are based upon 54" plain non-directional material. Additional yardage may be required based on fabric repeat and matching.

All square footage requirements for COL are based on an average hide size of 50 square feet.

Contact Customer Service for any of the following conditions:
+ approval of COM/COL to be used (see policy on the next page)
+ fabric repeats greater that 3"
+ fabric less than 54" wide
+ leather hides smaller than 50 square feet
+ special application requirements request

When requesting information from Customer Service on COM/COL please supply the following information:
+ model number and quantity of the product the COM/COL will be applied
+ COM/COL textile supplier's name
+ name of pattern and color of the textile
+ any special application request

Visit jsifurniture.com Resources > Graded-In + COM to see if the textile has already been approved. If there is no record for this particular textile then a Memo Sample will be required.

JSI takes no responsibility when additional materials must be ordered.

COM Fabric Repeat Guide

Roll Width	Plain Fabric	1" - 5" Repeat	6" - 10" Repeat	11" - 15" Repeat	16"- 20" Repeat	21" - 30" Repeat	31" - 40" Repeat	41" - 50" Repeat
54"	0%	10%	15%	20%	25%	30%	40%	50%
53" to 51"	15%	20%	25%	30%	35%	40%	50%	60%
50" to 48"	30%	35%	40%	45%	50%	55%	70%	90%
47" to 36"	60%	65%	70%	75%	80%	85%	100%	120%

The percentage represents the additional fabric yardage that needs to be added to the COM yardage. Contact Customer Service for repeats greater than 50".

All COM/COL must meet applicable codes and regulations, including TB117-2013. By selecting COM/COL, customer certifies that the material meets such codes. JSI assumes no responsibility for the applicable codes and regulation regarding flammability rating and safety rating of any COM/COL.

JSI cannot be held responsible for receipt of defective fabrics, as we apply all COM as first quality goods.

We can take no responsibility for tailoring, wear-ability or application of COM/COL textiles. Any warranty claims for the COM/COL Textile materials will fall to the original vendor of the textile, not JSI.

COM Fabric/COL Hide Process for JSI Seating

General COM Fabric and COL Hide Policy also apply.

JSI will approve or disapprove COM/COL on all products. An approval of a textile from JSI makes no claim that performance, durability or tailoring of COM/COL will result in satisfactory upholstery. Every effort will be made to meet customer's expectation, but fabrics/leathers have unforeseen inherent characteristics that may limit JSI's ability to deliver a well tailored product.

Approval COM Textile/COL Hide Process for Seating

Follow the Steps Below:

1. Send a Memo Sample of the COM/COL (recommended memo be at least 4" x 4")
   JSI
   Attn: COM/COL Approval Department
   201 East Martin Street
   Receiving B, Dock 71
   Orleans, IN 47452

2. Call our Customer Service Department at 812-482-3204 to request an electronic version of approval form.

Attach sample here.

JSI will review and test as needed all requests. You will be notified as soon as results are documented by our review personnel. JSI reserves the right to reject any COM/COL on our products. We will provide COM/COL explanation of any unapproved textile whenever possible.

Wood Laser Engraved Back
Many of our seating models are available with a custom wood laser engraved back. University seals, logos, unique designs, or any type of graphic can be designed into the seating back for a custom creation. Copyright approval may be required. Consult JSI Customer Service for pricing and artwork specifications. Artwork must be submitted as a JPG or PDF file.

Wood Laser Engraved Back General Pricing
* must order plain back when choosing these options

For Artwork 4" x 4" or Less	$58 list per chair
For Artwork Less than 6" x 6"	$102 list per chair
For Artwork Larger than 6" x 6"	Call For Pricing

For orders fewer than 50 pieces, add $158 list per design, per order. This pricing reflects etching (leaving the wood dark). If additional painted colors are added to artwork please call customer service for pricing.

A $139 list set-up fee applies.

Care and Maintenance

Care and Maintenance

Care of Upholstery Surfaces

Cleanability will vary based on the fabric type. For best results, a professional service is recommended. Dirt and crumbs may be gently brushed or vacuumed off. Spills should be wiped up immediately with a cloth. Vinyl textiles can be cleaned with warm soapy water and then wiped down with a warm damp cloth. For more details on any JSI carded fabric and vinyl, please visit our website at jsifurniture.com or consult the back of the appropriate swatch card for cleaning codes and any specific instructions. For COM materials, consult with the individual textile manufacturer for cleaning codes and any specific instructions pertaining to your particular fabric.

Maintenance of Mechanical Parts

Clean any lint or debris from the moving parts of the base mechanisms. Mechanisms have been designed and tested to not require lubrication under normal conditions; however, lubricant can be used if needed.

Care of Wood Edges and Veneer Surfaces

Clean all surfaces frequently with water dampened soft cloth, moving the cloth with the grain direction. Immediately remove any liquids that come in contact with wood surfaces with a blotting action to absorb liquid. Buff dry. Lift objects to move them, never pull them across the finished surface. For an additional safeguard, use a protective surface pad. This will ensure a lasting finish by protecting your furniture from possible damage caused by pens, cups and sharp objects. Avoid exposure of furniture to extremes of heat and cold, or to wide humidity variances. Avoid exposure of furniture to strong sunlight. Avoid exposure of furniture to harsh solvents such as nail polish remover, acetates, etc., as it will cause finish deterioration. If using a protective glass top, place spacer pads under the glass top to allow the wood to breath.

Care of Metal Finishes

Wash you powder-coated item at least one every six months. Use soft rags only - No abrasives. For stubborn stains and grease marks, use soap and water mixture. Combine 1 gallon of water and 1 cup of the neutral detergent in the bucket. Mix it up by swirling one of the rags around in it. Wipe down the powder coat with a rag that has been dampened with the cleaning solution. Do not scrub, but use gentle, repetitive pressure to remove any built-up grime. Rinse the powder coat off with a rag dampened with clear, clean water. Do not spray it down, but rather wipe it off with the rag. You may need to do this several times to get all the soap off. Wipe the powder coat down with a clean dry rag. This will prevent streaking and spotting.

Care of Frosted Glass

Use a clean, dry lint free cloth to wipe the surface. Follow with warm water and a clean rag; no soap or chemicals. Wipe dry with a clean, dry lint free cloth. Cleaning the frosted side is not recommended, if desired to clean use the above method but do not spray the water on the frosted side, use a clean rag. Please allow 48 hours for the frosted side to dry and not to show cloudiness.

Tempered Glass Information

JSI is aware of occasional occurrences of spontaneous glass breakage in various furniture products. Tempered glass makes it stronger and if it breaks, will cause it to break into many small pieces of “cubes” rather than sharp and potentially dangerous shards.

Glass breakage in furniture may occur for a variety of reasons. Tempered glass is particularly prone to breakage from damage (scratches, nicks, etc.) that may occur during shipping, handling, installation, use or maintenance. Exposure to rapid changes in temperature or concentrated temperature zones may also cause breakage.

Tempered glass may also break due to a specific type of imperfection or “inclusion” that occurs within the glass when manufactured. When this condition exists glass breakage may occur without any obvious cause. This is often referred to as “spontaneous” breakage but is a very isolated occurrence in the glass industry.

Care of Dry Erase Boards

Erase after every use to eliminate ghosting. Clean weekly with a Dry Erase Cleaner. Avoid the use of orange and red Dry Erase Markers. Follow manufacturers cleaning instructions for the eraser. If ghosting or staining remains use a small amount of rubbing alcohol on a clean, soft towel to remove.

Care of Solid Surface

Although liquids cannot penetrate Solid Surface, it is best to wipe up spills as they occur. Generally, a damp microfiber cloth used with a standard household kitchen spray should remove most stains.

For most residues, all you need to clean your Solid Surface countertops is a warm soapy water, ammonia-based household cleaner or a dedicated countertop cleaner. Do avoid window cleaners; however, as they can leave a waxy build-up that dulls the surface. Always clean using a circular motion.

Film will build up on countertops if water is left to dry on the surface. This film will dull the countertop surface, making the finish appear blotchy and uneven. To prevent film build-up, it is very important to wipe the countertop completely dry immediately after spills and cleaning.

Some color of Solid Surface may require more frequent cleaning to maintain a uniform finish. Darker colors tend to require more attention than lighter colors. Over time, even with proper care, your countertop will acquire a sheen. Dark colors may show light scratches more readily.

Specification Tools

JSI products are manufactured to order and provide a multitude of options to address your individual customer needs. As you process your order do not forget to include all the necessary information to allow the order entry process to be completed. Please see the order checklist at the beginning of every series.

JSI Customer Service edits every order for complete information. If details are not included with the purchase order, Customer Service will contact you to answer these questions. If information is not completed in a timely manner it will delay the entry process and could affect your product delivery date. To avoid delay in order entry and potential delay in delivery of your order, please double check the line items to ensure all selections have been completed.

To ensure completion of details on your purchase order, electronic catalogs and specification tools have been developed to aid in the process. These electronic tools include:

20-20 GIZA Studio and 20-20 CAP Studio software offers state-of-the-art design, specification, photo-realistic rendering and three-dimensional visualization capabilities for configurable products in the commercial interior design markets. 20-20 GIZA Studio and 20-20 CAP Studio are available for all JSI Casegood and Seating products, in 2D and 3D graphics and the Specifier Catalog. Updates are made monthly reflecting any changes that occurred. To be sure the most up to date information is provided on orders, users of this software program are responsible to update their catalogs.

CET Designer, by Configura is an all-in-one software solution for space planning and configuration of products. The intuitive workflow guides you through entire process from idea to reality- supporting every step of the sales process

GSAdvantage is a Federal Government electronic catalog site offered to assist GSA customers in specifying and pricing JSI product. Listed at this site are all contract items and prices under GSA Contract # GS-28F-0030U.

Our JSI website **jsifurniture.com** provides many tools to assist in the design and order selection. Included in the site are downloadable images, typicals, product symbols, brochures, contact information, price lists, sales representative locations, warranty and environmental information.

GSA Terms and Conditions

In addition to the standard terms and conditions, the following terms and conditions apply to GSA contract.

Contract Number
GS-28F-0030U

Contract Period
June 24, 2013 - June 24, 2028

Statement of Intended Use
The furniture covered by special item number 33721 Office Furniture shall comply with the requirements defined in purchase description 3QSAB 09-608. All furniture offered under this SIN shall be GSA Chassis Grade 1, 2, 3 or NA, GSA Drawer Grade 1, 2, 3, 4 or NA, Design A B or C, as defined in 3QSAB 09-608.

Description of Special Item Number SIN #33721

Cooperative Purchasing
No

Set Aside
No

FSC/PSC Code
7125

NAICS 337211 Wood Office Furniture Manufacturing 1000 employees

Includes all furniture placed in an office, such as chairs, desks, etc. In addition, ancillary services are included, however services performed shall not be the primary purpose of the work ordered.

Lowest Price Model

Product Modifications
We willingly accept customers' modifications to standard products. See product modification information by series at the start of each series under the "Product Modification" sections. If there is a modification you desire that is not listed in this section, please call Customer Service for a modification quote/price

Acceptance, Modification, Assignment
By placing this order for furniture, material or other products (sometimes collectively referred to as "goods"), customer agrees to these terms and conditions which shall prevail over inconsistent provisions in any other form or document of customer. No change or modification shall be applicable unless set forth in writing and signed by company. Neither this order nor any interest therein shall be assigned by customer except with the prior written consent of company.

Payment
Customer agrees to pay to company the amount indicated on the invoice, 1% 15 days, net 30 days from date of invoice (U.S. funds only), for goods ordered. Interest will be charged after 30 days from the date of invoice at the rate of one and a half percent (1.5%) per month. International sales will require additional payment arrangements. No goods shall be sold on consignment or conditional sales basis. Payment for the goods delivered hereunder shall constitute acceptance thereof.

Attorneys' Fees
Customer shall be responsible for all expenses and cost in connection with the enforcement by company of these terms and conditions and the cost of collection (including the fees of any collection agencies to whom the customer's account may be referred), plus reasonable attorneys' fees (which attorneys' fees shall not be less than 25% of the amount due, unless a lower amount is specified by applicable law).

Remedies
The remedies herein reserved shall be cumulative, and additional to any other or further remedies provided in law or equity. No waiver of a breach of any provision of these terms and conditions shall constitute waiver of any other breach or of such provision.

Insolvency
Company may forthwith cancel this order in the event of the happening of any of the following or any other comparable event: insolvency of the customer, the filing of a voluntary petition in bankruptcy, the filing of any involuntary petition to have customer declared bankrupt provided it is not vacated within thirty (30) days from the date of filing, the appointment of a receiver or trustee for customer provided such appointment is not vacated within thirty (30) days from the date of such appointment, or the execution by customer of an assignment for the benefit of creditors.

GSA Terms and Conditions

Limitation of Liability
The Company shall not under any circumstances be liable to the customer, owner of the goods or any third party for special, indirect, incidental, or consequential damages, including, without limitation, loss of profits or revenues, loss or damage to other property or equipment, cost of capital or of purchased or replacement goods, or expense, delay, or inconvenience causeby or arising from the purchase, sale, use, repair or inability to use the goods or by any performance or non-performance under, or breach of, these terms and conditions. The Company's sole liability for any defective goods shall be its repair or its replacement pursuant to the express warranties set forth above, or if amended, as applicable at the time of manufacture or repair of the goods. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to all customers. Any action resulting from any breach on the part of company as to the goods or services delivered here under must be commenced within one year after the cause of action has occurred.

Returns and Allowances
Reasonable touch-up and deluxing is the dealer's responsibility. The Company will not make allowances for trip or delivery charges, but will only make allowance for actual work performed to correct manufacturing defects. Allowances maybe authorized only by a company officer. It is the responsibility of the field sales representative to inspect any defective merchandise and make suggestions and recommendations as to the proper disposition. Field personnel cannot obligate or bind the company by definite agreement, without final authorization by a company officer. Company will not accept automatic charge backs which do not have prior authorization. All defects must be called to the company's attention upon arrival at the customer's "ship to" destination. To initiate any type of claim or request for parts, it is imperative to have the model number or fabric number, which may be located on the tag attached to the frame of the unit. Authorization for return to the company via a return goods authorization. Company will not issue credit allowances for any repairs without company's prior consent. Under no circumstances shall the company accept COD (cash on delivery) returns, and any such shipment will be refused.

Security Agreement
The Company may require and customer shall grant a security interest in goods sold pursuant to any credit the company may extend to the customer.

Governing Law
All disputes between the parties, whether or not arising out of these terms and conditions, will be governed by the laws of the state of Indiana. Customer agrees to submit to the jurisdiction of and agrees all lawsuits relating to any disputes between the customer and the company will be brought only in a state court located in Dubois County, Indiana or the United States District
Court for the Southern District of Indiana. The customer hereby waives the right to a trial by jury in any action, proceeding, claim, or counterclaim whether in contract or tort, at law or in equity, arising out of or relating in any way to these terms and conditions and all other disputes between the parties.

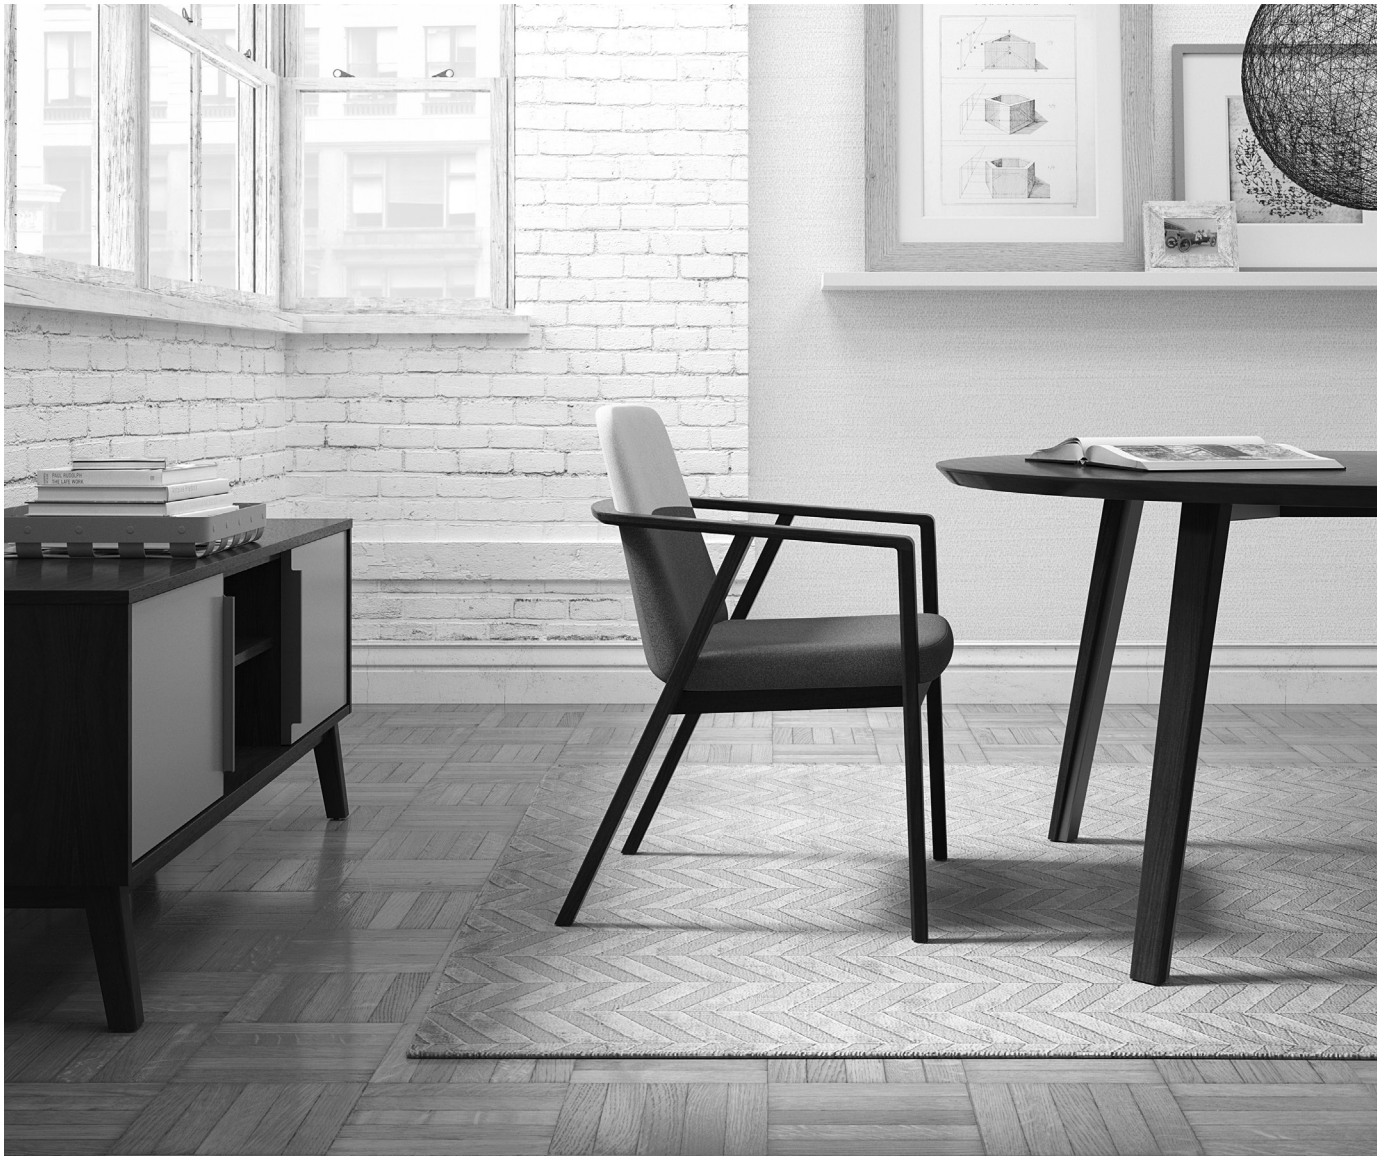

Mitigation
If the company repossesses the goods prior to payment by the customer of all amounts due hereunder, the company may sell the goods, as is, where is, free and clear of all rights of the customer at either public or private sales, and apply the net proceeds (after deducting expenses of repossession and sale) to the obligation of customer hereunder. The customer may dispose of the goods in any commercially reasonable place and manner and the customer waives any notice of time, place and manner of sale.

Integration
This order for goods, including these terms and conditions, along with any credit application, invoice, statement, dealer contract, acknowledgment, bill of lading (and any exhibits, addenda or amendments thereto) of which this order may be a part, constitutes the sole and complete agreement between the company and the customer with respect to the purchase of the goods.

Dimensions/Specifications/Finishes
All dimensions are approximate and may vary due to the upholstery technique of each craftsman. If exact dimensions are required, it is necessary for the customer to state such specifications with the order. Detailed specifications sheets are available for each series of goods, and customer should consult the company's customer service department for these specification sheets. Company reserves the right to make changes in dimensions, style, or specifications if company believes these changes will improve the goods' quality or appearance. Company reserves the right to substitute hardwoods due to availability at production. Due to the natural characteristics of wood, environmental effects, and material upgrades, the company cannot guarantee exact finish matches on existing goods previously ordered from company. If an exact march to customer's existing goods is required, it must be specified so that the proper procedures can be followed to ensure an acceptable finish. Company will accept no liability for the finish if this procedure isn't followed. Company reserves the right to make changes in a finish formula if company believes the change will improve the quality or appearance of company's goods.

Company's Performance of Its Obligation
The production and delivery of the goods to the extent delayed or hindered or prevented from the performance by reason of natural disasters, acts of god, strikes, lockouts, labor troubles, inability to procure materials, casualties, failure of power, restrictive governmental laws or regulations, riots, insurrections, acts of terrorism, war or other reason of a like nature not the fault of the company shall excuse for the period of the delay the company's performance and the period for the performance shall be extended for a period equivalent to the period of such delay.

Bourne Tables and Storage Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Bourne product line. To attain a pleasing, symmetrical pattern, all veneers in Bourne are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

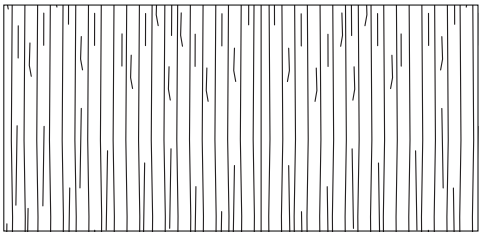

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Bourne is available in flat cut cherry, maple, walnut veneer and black oak. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Artisan veneer is another choice on Bourne Veneer product. This veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern.

The diagram below shows the tight pattern used on Bourne Artisan Veneer.

Worksurface Construction

Veneer and Laminate Worksurface

Worksurfaces are 1 3⁄16″ thick and are manufactured with 3-ply balanced construction. Surfaces are available in wood veneer or high pressure laminate. MDF edges on table tops have an undercut bevel profile and are painted to match top.

Solid Surface Worksurface

Solid surface worksurfaces are constructed with a ½″ thick solid surface top and a 11⁄16″ thick wood sub-top. Total thickness of this mixed material worksurface is 1 ½″. MDF edges on sub-top have an undercut bevel profile and are painted to match top.

Casework Construction

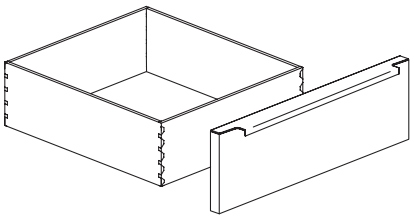

Casework tops are made up of layers of hardwood veneers molded to shape and RF cured. Outer veneers are matched for uniform grain patterns. All casework tops are ¾″ thick plywood.

Casework chassis, doors and drawer fronts consist of veneer over composite wood core; all wood core components are ¾″ thick.

Cabinet doors have 110° swing hinges to allow adequate access into the interior of the cabinet.

Drawers

The 9-ply unidirectional hardwood sides of the drawer box are 7⁄16″ thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is ¼″ thick fitting into a groove machined into the side of the box. Interiors are sanded and coated with clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension with over travel.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Bourne. Please see the chart below. Samples are available upon request.

Bourne Tables and Storage Product Information

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

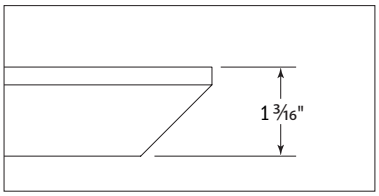

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.
To reduce hazardous formaldehyde emission we use our proprietary specially design top coat, DuraTex™. We are proud that our finish is Green-Guard certified.

Finish Sheen
All veneer finishes are standard in 35-sheen, with the exception of Raven. Raven is only offered in 15 sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

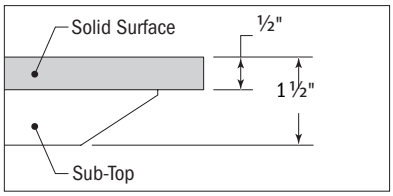

Care of Wood Edges and Veneer Surfaces
Clean all surfaces frequently with water dampened soft cloth, moving the cloth with the grain direction. Immediately remove any liquids that come in contact with wood surfaces, with a blotting action to absorb liquid. Buff dry. Lift objects to move them, never pull them across the finished surface. Avoid exposure of furniture to extremes of heat, cold, and wide variance of humidity. Avoid exposure of furniture to strong sunlight. Avoid exposure of furniture to harsh solvents such as nail polish remover, acetates, etc., as it will cause finish deterioration.

Metal Components
Wipe smooth powder coat finishes and textured metals with a damp cloth. For stubborn stains and grease marks, use soap and water. Lightly brush textured metals with a soft, dry brush to remove dirt.

Knife Edge - Veneer & Laminate

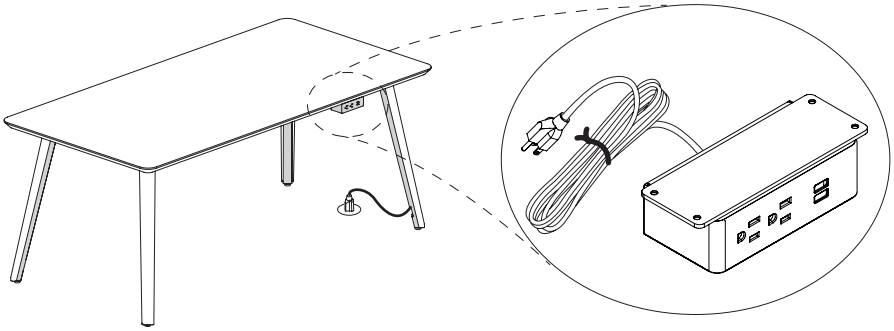

Painted Knife Edge with Solid Surface Top

Optional Power Units

Worksurface Surface Power
Optional Worksurface Power (EC26) is available on standard, counter and bar height tables. Indicate "to accommodate Worksurface Power" on your purchase order. When this option is specified the worksurface will have one cut out in the center. One EC26 Worksurface Power unit must be ordered separately, see page BU23. Length of cord is 10 feet.

Under Surface Power
Under Surface Power (EC27) may be ordered for standard, counter and bar height tables. The EC27 Under Surface Power Unit(s) must be ordered separately, see page BU23. This unit is field installed. Length of cord is 10 feet.

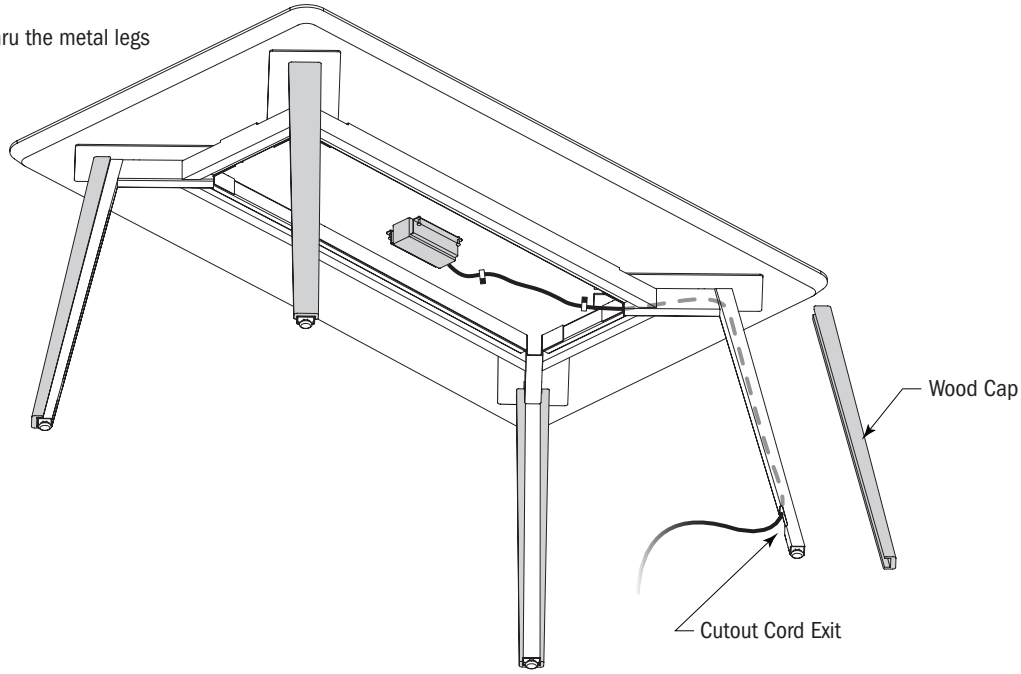

Bourne Tables and Casework Product Information

Wire Management - Standard and Counter Height Tables

Standard and counter height tables with metal legs contain one leg with a wire management channel/exit cutout which is accessed and concealed with a wood cap. This wire management leg can be attached to any corner of the table during assembly. Predetermining which corner of table cord exit is desired and assemble accordingly.

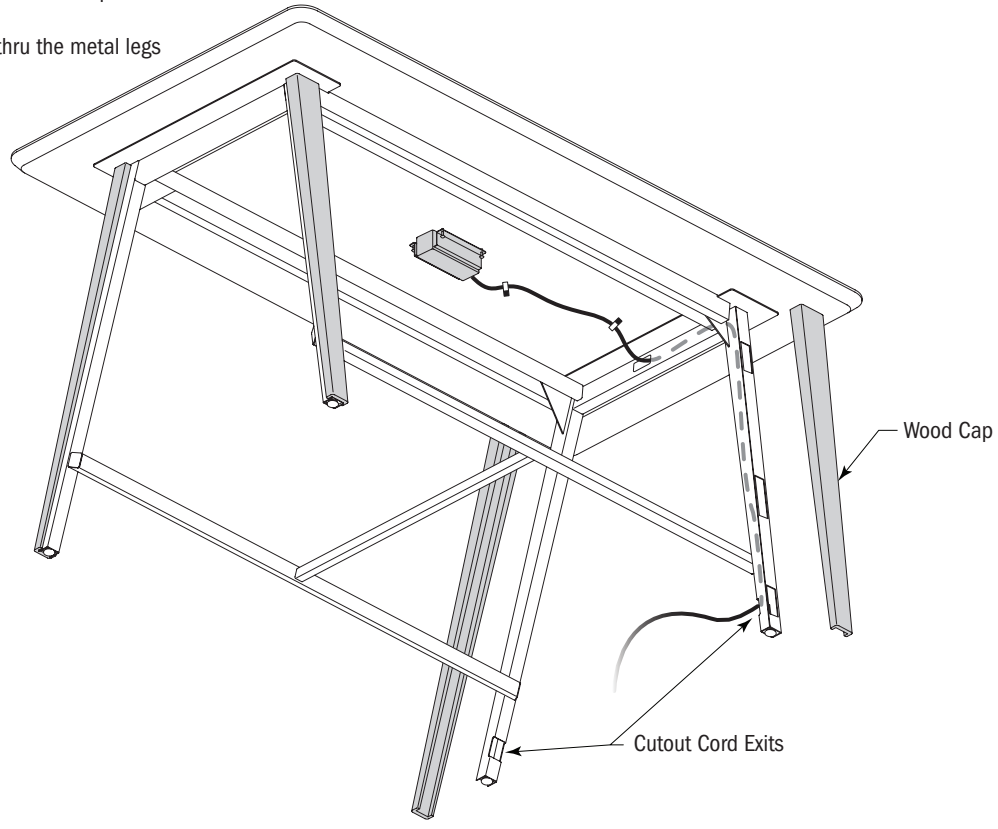

Note: 90" plug will not fit thru the metal legs

Wire Management - Bar Height Tables

Bar height tables with metal legs has a set of legs on one side of table with wire management channel and exit cutout. The management channels are accessed and concealed with wood caps.

Note: 90" plug will not fit thru the metal legs

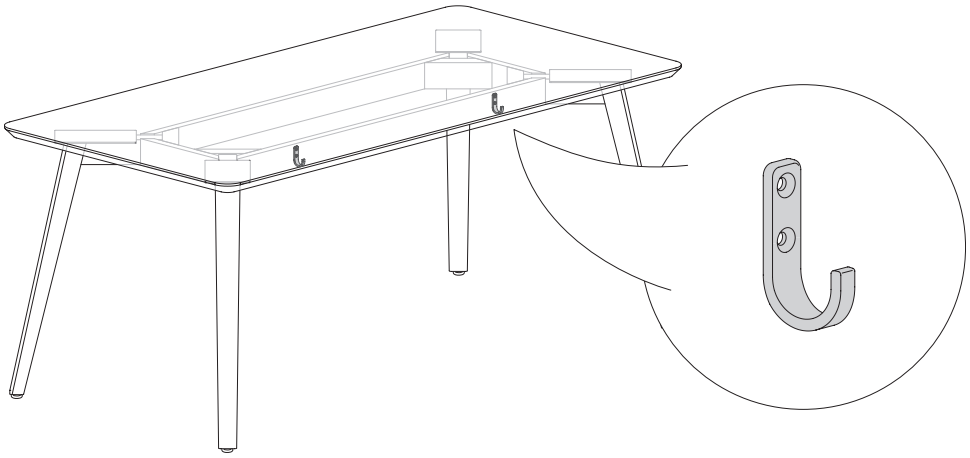

Bourne Tables and Casework Product Information

Optional Accessory Hooks

Optional satin stainless steel accessory hooks are available on the 30"h, 36"h and 40"h tables.

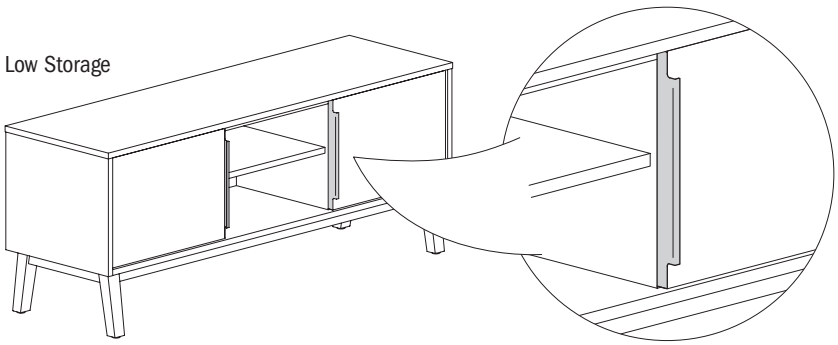

Four Hooks - add $199 list

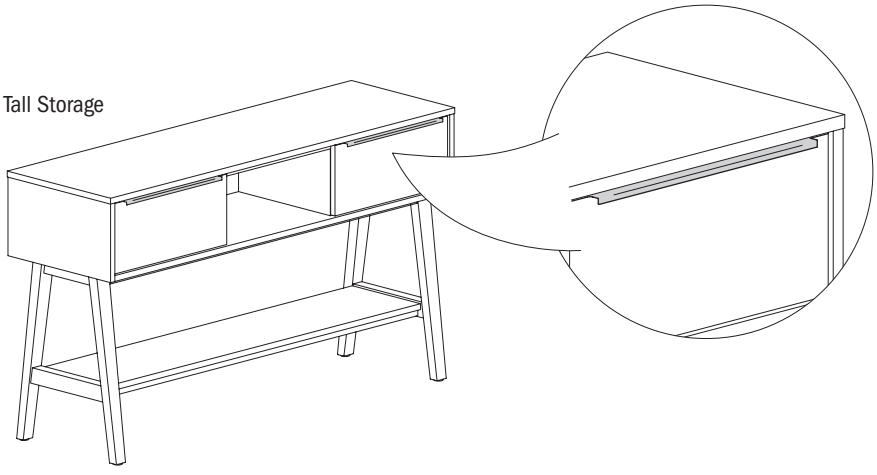

Integrated Metal Pull

Storage Units offer integrated clear anodized aluminum pulls standard.

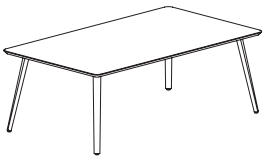

Low Storage

Tall Storage

Brogan Product Information

Exterior Wood Materials
Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Brogan product line. To attain a pleasing, symmetrical pattern, all veneers in Brogan are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Brogan is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

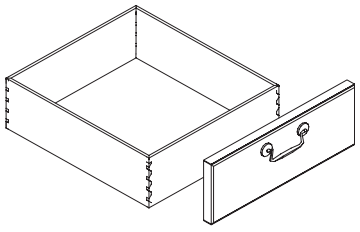

Work Surface Construction
Tops are 5-ply balanced construction, 1 3⁄16″ thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

Case Construction
All construction is a combination of full mortise and tenon, reinforced with screws. Leveling glides are set in solid hardwood to prevent glides tear out.

Outside End Panels are 13⁄16″ thick with 3-ply construction and rimmed with veneer bands.

Drawer Construction
Drawers are assembled using four corner, dovetailed box and ¼″ thick drawer bottom panel construction with exterior front attached separately. Sides and backs are 9-ply, 7⁄16″ thick unidirectional hardwood. Interiors are sanded and finished with clear catalyzed varnish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension
The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

Filing Hardware
All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages BG14-BG15.

Locking
All desk, and lateral files feature central locking. Credenza and returns feature pedestal locking.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors
We offer a variety of wood stains on Brogan. Please see the chart below. Samples are available upon request.

ESS Essentials Veneer Collection

BRK	Brickdust	OBK	Outback
CSK	Cask	SIE	Sienna
CLY	Clay	TRF	Truffle
MES	Mesa	UMB	Umber
MCH	Mocha		

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Laminate Tops
Work surface only, no additional upcharge if Brogan's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

Brogan Product Information

Product Modification

Finish Sheen
All casegood veneer finishes are standard in 35-sheen, with the exception of Raven, which is only offered in 15-sheen. All other finishes are available in 15-sheen, with a 5% upcharge, per model.

Custom/Special Finishes
JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first-time matches and must be included with the written request.

There is a one-time charge of **$384 list per** order for any non-standard wood finish.

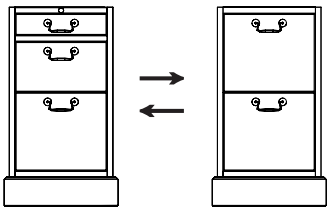

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

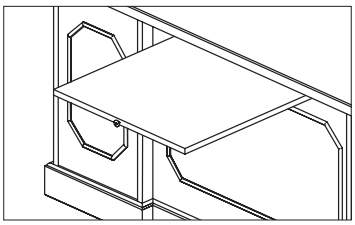

Use standard pricing and option pricing for each line item with a special finish, unless additional modifications have been specified. For items available in both Essential and Artisan veneers, apply the Essentials pricing.

Pedestal Configuration Change
Writing shelf-tray-box-file drawer configuration standard on desk pedestals. Desk pedestal only can be switched out to a file-file configuration. Must be specified at the time of order with an additional **$198** list per pedestal.

Changing to a file-file pedestal configuration will eliminate the writing shelf (arm slide).

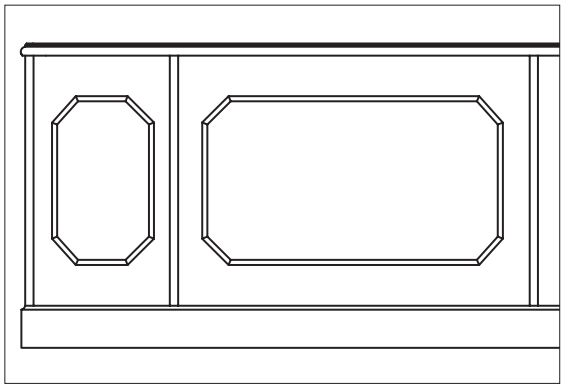

Desk Dictation Slide
The approach side of the desk in the center break front area has an option of a center pullout dictation slide. Add **$496** to the list price of the desk.

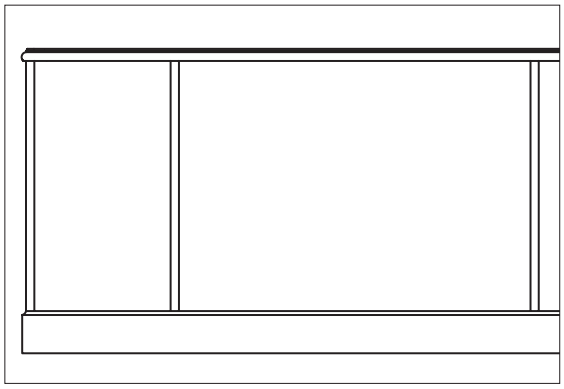

Product Modification

Trim Molding
Angled Trim molding is standard on all Brogan products.

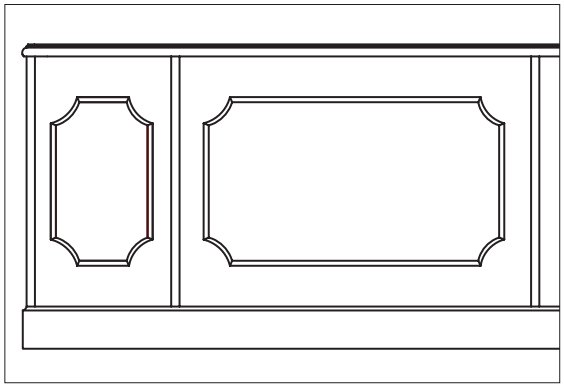

Without molding or Scalloped Trim molding can be specified at the time of order placement.

Angled Trim
standard

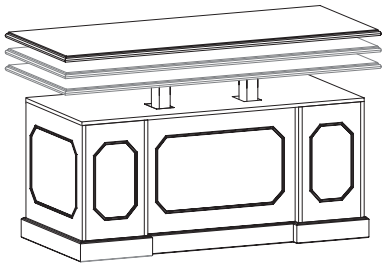

Base Molding Only (without trim)
optional at no charge

Scalloped Trim
optional with upcharge to list for each item
$151 for all desk
$79 for all other product with standard trim molding

Brogan Product Information

ERGO Adjustable Work Height Mechanism
Our proprietary adjustable work height mechanism can be specified on many of the models in Brogan.

ERGO mechanism allows height adjustability to be added to the worksurface. Our solution uses a standardized design that minimizes the modifications required to standard desk, bridge, or credenza models. The mechanism and control box are neatly concealed to maintain the appearance of the original elegance of the product. A push button activates the electric powered lifting columns for adjustability from sitting height to a standing height. A ¾" thick finished sub top is added to the top of the desk chassis for a clean appearance when the surface is in the raised position. In the lowered position, please note that ERGO adds ¾" to the standard height of the desk and the installation will decrease kneespace depth by 8".

Automatic Collision Control is built into each mechanism as a standard feature. When the system senses an obstacle obstructing the movement, the mechanism will reverse direction and retreat by 1".

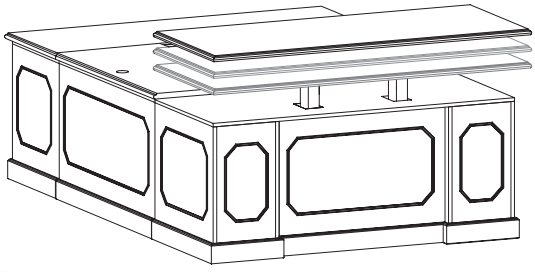

When ERGO is added to a desk worksurface in a "L" or "U" group, the unit that connects to the desk also needs to have a sub top added. These units are considered to be ERGO ADJACENT units. ERGO ADJACENT units must have a fixed height worksurface that matches the lowest position of the ERGO mechanism and the top. This is accomplished by adding a ¾" sub top between the chassis and the worksurface. This feature can also be specified for cabinets which may sit next to a unit with the ERGO mechanism.

Height adjustment starts at 30 ¾", to a standing height of 50 ¼", a range of 19 ½".

To specify the unit that has the mechanism, add **ERGO** to the end of the model number.
To specify the connecting or adjacent units add, **ERGO ADJACENT** to the end of the model number.

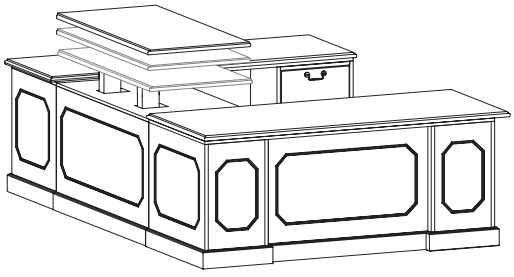

Note: The kneespace depth is decreased when the ERGO mechanism is specified. Contact Customer Service for dimension information.

The Ergo mechanism and controls are warranted for a period of (1) year. The rest of the casegood unit(s) are warranted under the Lifetime Warranty.

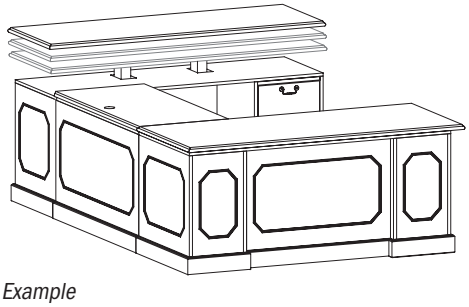

Example

BG3672LD-ERGO add $4,981 to list
BG2448EB-ERGO ADJACENT add $625 to list

Brogan Conference Product Information

Brogan Conference Product Information

Exterior Wood Materials
Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Brogan product line. To attain a pleasing, symmetrical pattern, all veneers in Brogan are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

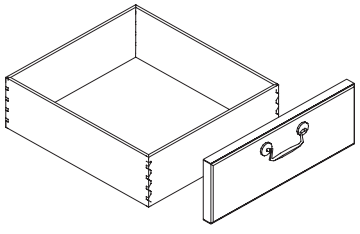

Brogan is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Work Surface Construction
Tops are 5-ply balanced construction, 1 3⁄16" thick with solid matching hardwood edges. Tops are available in one edge profile.

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

Base Construction
Panels are joined together by mortise and tenon construction. In addition to mortise and tenon joint construction. Leveling glides are set into solid hardwood with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the bases with top fastening cleats screwed to the inside of the panels.

Drawers
The 9ply unidirectional hardwood sides of the drawer box are 7⁄16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is ¼" thick fitting into a groove machined into the side of the box. Interiors are sanded and coated with clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension
The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension.

Finish - Stain/Colors
We offer a variety of wood stains and paint colors on Brogan. Please see the chart below. Samples are available upon request.

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Finish Sheen
All veneer finishes, for Brogan, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

Special Finishes
Special finishes can be requested by following the instruction in the general introduction section. There is a one time charge of $384 list per order.

Finale Product Information

Exterior Wood Materials
Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Finale product line. To attain a pleasing, symmetrical pattern, all veneers in Finale are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book

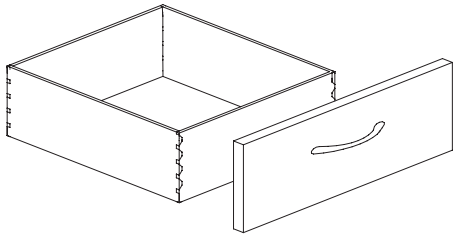

Finale is available in flat cut cherry, maple and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Work Surface Construction
Tops are 5-ply balanced construction, 1 3⁄16" thick with solid matching hardwood edges. Surfaces are available in wood veneer or high pressure laminate. No additional charge for using our coordinating high pressure laminate with a veneer grain pattern.

Case Construction
Outside panels are 1 3⁄16" and joined together by mortise and tenon construction. In addition to mortise and tenon joint construction, pedestal joints are reinforced with screws, cleats, brackets and glue. Leveling glides are set into solid hardwood blocks with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the chassis with top fastening cleats screwed to the inside of the panels.

Cabinet doors have 110˚ swing hinges to allow adequate access into the interior of the cabinet.

Drawers
The 9ply unidirectional hardwood sides of the drawer box are 7⁄16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is ¼" thick fitting into a groove machined the into side of the box. Interiors are sanded and coated with clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension
The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in /out stops. File and box drawers have 100% full extension with over travel.

Filing Hardware
All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages FN17-FN19.

Locking
All desks, credenzas and returns feature pedestal locking and lateral files feature central locking to provide maximum security and flexibility.

Units are shipped randomly keyed as standard (units in the grouping are keyed alike). Keyed alike units available if requested at no upcharge. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors
We offer a variety of wood stains and paint colors on Finale. Please see the chart below. Samples are available upon request.

ESS Essentials Veneer Collection

BRK	Brickdust	OBK	Outback
CSK	Cask	PIL	Pilsner
CLY	Clay	SIE	Sienna
FLX	Flax	TRF	Truffle
MES	Mesa	UMB	Umber
MCH	Mocha		

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Finale Product Information

Product Modification

Laminate Tops
Worksurface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

ESS Essentials Veneer with Laminate Top

BRK	Brickdust	MCH	Mocha
CSK	Cask	OBK	Outback
CLY	Clay	PIL	Pilsner
MES	Mesa	UMB	Umber

Finish Sheen
All casegood veneer finishes are standard in 35-sheen. All other finishes are available in 15-sheen, with a 5% upcharge, per model.

Custom/Special Finishes
JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first-time matches and must be included with the written request.

There is a one-time charge of **$384 list** per order for any non-standard wood finish.

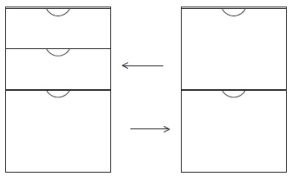

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

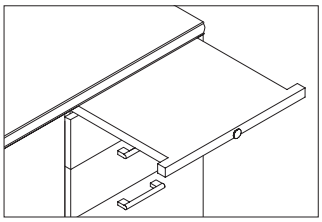

Use standard pricing and option pricing for each line item with a special finish, unless additional modifications have been specified. For items available in both Essential and Artisan veneers, apply the Essentials pricing.

Pedestal Configuration Change
Box-box-file configuration is standard on all desks and file-file configuration is standard on all return units.

Finale drawer configuration on pedestals 27″ to 30″ high can be switched out either to a box-box-file or file-file configuration, but must be specified at the time of order with an additional **$198** list per pedestal.

Writing Shelf - Pullout (Arm Slide)
Desk Pedestals in Finale can have an optional pullout shelf above the top drawer for additional writing surface. Add **$381** to the list for each pedestal.

Special Sizes from Standard Offering

The following chart contains pricing for general modifications to Finale. **All modifications still must be approved by JSI manufacturing**, please contact Customer Service to verify any of the modifications listed in the chart below. More complex modification to standard product may be possible, please refer to page 5 for additional details.

This chart does not apply to glass doors, glass tops or to metal components; such as modesty trims panels, and structural support. Any changes to file drawers will affect filing capabilities.

Increasing Dimensions - Add On to the list Per 6″ Occurrence

Overhead	
Increasing width	$1,136
Increasing depth	$1,936
Increasing width with doors	$1,344
Increasing depth with doors	$2,071
Any Pedestal	
Increasing width	$1,610
Increasing depth	$1,436
Any Panel	
Increasing width	$368
Any Top	
Increasing width	$478
Increasing depth	$676

Decreasing Dimensions Add On to the list Per 6″ Occurrence

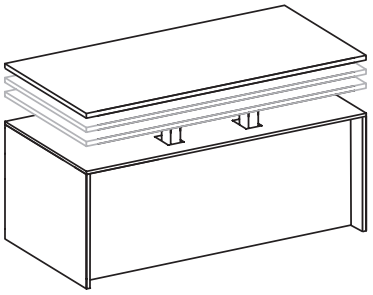

Overhead	
Decreasing width	$253
Decreasing depth	$253
Decreasing width with doors	$346
Decreasing depth with doors	$346
Any Pedestal	
Decreasing width	$1,094
Decreasing depth	$977
Any Panel	
Decreasing width	$129
Any Top	
Decreasing width	$190
Decreasing depth	$190

Example 1
Increasing open corner credenza width by 11″, from 72″to 83″.
Add Top Width ($478 × 2) [$478 for each 6" increment]
Add Panel Width ($368 × 2) [$368 for each 6" increment]
Total Modification = $1,692

Example 2
Increasing a desk pedestal depth from 36″ to 40″ & increase the width of the same pedestal by 8″
Add Pedestal Depth $1,436
Add Pedestal Width ($1,610 x 2) [$1,610 for each 6" increment]
Total Modification = $4,656

Example 3
Decreasing an overhead from 60″ to 58″ width & increasing the depth by 3″
Decrease Overhead Width $253
Add Overhead Depth $1,936
Total Modification = $1,683

Finale Product Information

ERGO Adjustable Work Height Mechanism
Our proprietary adjustable work height mechanism can be specified on many of the models in Finale.

ERGO mechanism allows height adjustability to be added to the worksurface. Our solution uses a standardized design that minimizes the modifications required to standard desk, bridge or credenza models. The mechanism and control box are neatly concealed to maintain the appearance of the original elegance of the product. A push button activates the electric powered lifting columns for adjustability from sitting height to a standing height. A ¾" thick finished sub top is added to the top of the desk chassis for a clean appearance when the surface is in the raised position. In the lowered position, please note that ERGO adds ¾" to the standard height of the desk and the installation will decrease kneespace depth by 8".

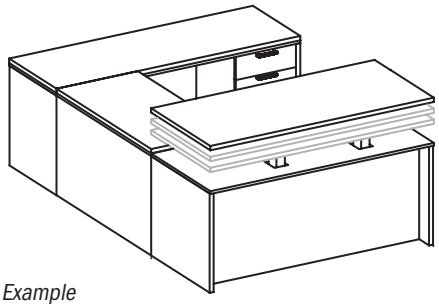

Automatic Collision Control is built in to each mechanism as a standard feature. When the system senses an obstacle obstructing the movement, the mechanism will reverse direction and retreat by 1".

When ERGO is added to a worksurface in an "L" or "U" group, all units in the configuration need to have a sub top added. These units are considered to be ERGO ADJACENT units. ERGO ADJACENT units must have a fixed height worksurface that matches the lowest position of the ERGO mechanism and the top. This is accomplished by adding a ¾" sub top between the chassis and the worksurface. This feature can also be specified for cabinets which may sit next to a unit with the ERGO mechanism.

Height adjustment starts at 30 ¼", to a standing height of 49 ¾", a range of 19 ½".

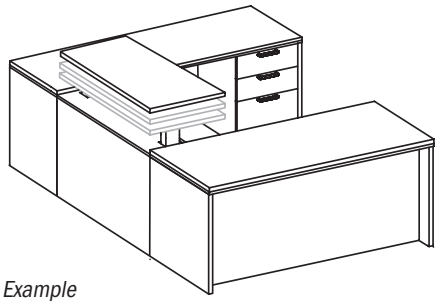

Note: The kneespace depth is decreased when the ERGO mechanism is specified. Contact Customer Service for dimension information.

The Ergo mechanism and controls are warranted for a period of (1) year. The rest of the casegood unit(s) are warranted under the Lifetime Warranty.

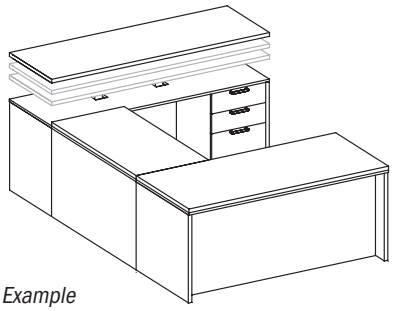

Example

FN3672LD (with ERGO option) add $4,981 to list
FN2448EB (with ERGO ADJACENT option) add $625 to list
FN2472RC (with ERGO ADJACENT option) add $733 to list

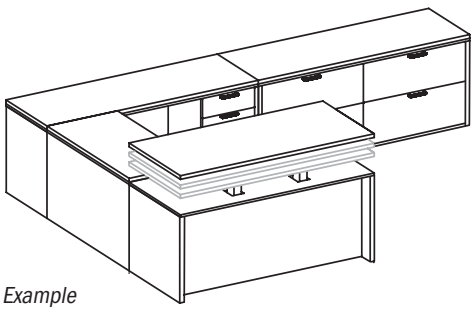

Example

FN3672LD (with ERGO ADJACENT option) add $733 to list
FN2448EB (with ERGO option) add $4,981 to list
FN2472RC (with ERGO ADJACENT option) add $733 to list

Example

FN3672LD (with ERGO ADJACENT option) add $733 to list
FN2448EB (with ERGO ADJACENT option) add $625 to list
FN2472RC (with ERGO option) add $4,981 to list

Example

FN3672LD (with ERGO option) add $4,981 to list
FN2448EB (with ERGO ADJACENT option) add $625 to list
FN2472RC (with ERGO ADJACENT option) add $733 to list
FN2472LFC (with ERGO ADJACENT option) add $733 to list

Finale Product Information

Availability of Finale Units with the Mechanism
The following models are available with the ERGO Adjustable Work Height Mechanism.

Freestanding Units - Units below do not require adjacent products; select ERGO option and add $4,981 to the list price.

Finale Product Information

Layouts

Two heights of storage overheads are available in Finale.

Finale is an easily specified contemporary product line, with standard office furniture sizes.

Easily specified and setup while providing well established layouts in the office environment.

1 **Single Pedestal Desk**, with the standard box, box, file pedestal configuration and side locking. Standard side grommet keeps the desk top clean from wires, while still having convenient wire management.

2 **Bridge** standard with top and back panel grommet and mounting hardware.

3 **Lateral File Credenza** available with fixed back panel.

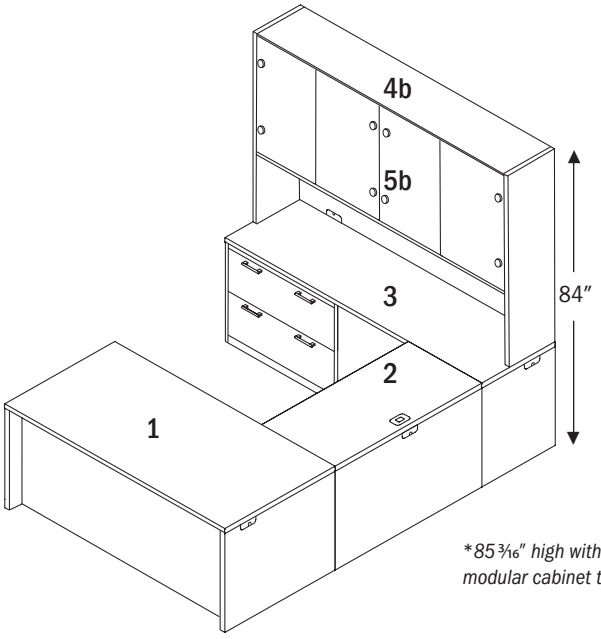

4a **Cabinet Top** is a standard feature on 42″ high overhead cabinets.

4b **Modular Cabinet Top** *(not shown in diagram)* is an option on 54″ high overhead cabinet. These tops are ordered separately.

5a **Overhead Cabinet** height is 42″ for an overall height 72″ Standard with left and right grommets on the back panel. Models are available with frameless glass doors in white back painted. *(Locks and pulls are not available with glass doors).* Models with installed cubbies are also available.

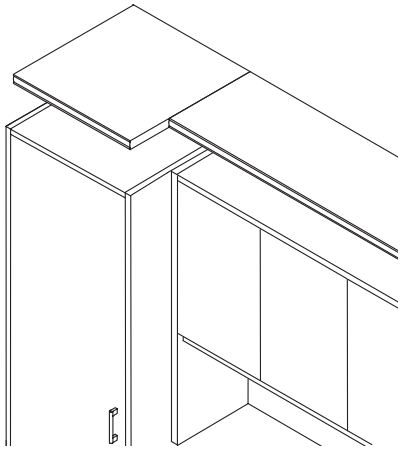

5b **Overhead Cabinet** height is 54″ for an overall height 84″ *(add 1 3⁄16″ if specifying modular cabinet tops).* Standard with left and right grommets on the back panel. Shown with frameless white back painted glass doors. *(Locks and pulls are not available with glass doors)* Models are also available in wood doors.

Note: *Tackboard or panels can be ordered for the inside back of the overhead cabinet, along with the accessory rails.*

Frameless opaque glass doors in white back painted brings a nice aesthetic to the Finale product line.

Modular Cabinet Tops
Overhead Cabinets 54″ tall do not come with modular cabinet tops. Tops can be specified and ordered separately. To maintain the same finish height on all units, specify tops for **ALL** adjacent units.

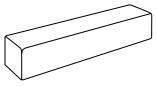

Finale Product Information

Finale Product Information

Exterior Wood Materials
Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Finale product line. To attain a pleasing, symmetrical pattern, all veneers in Finale are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Finale is available in flat cut cherry, maple and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

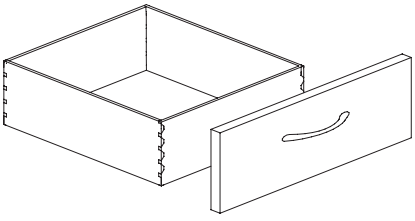

Solid painted finishes on the veneer are also offered to provide an accent to the Finale product.

Work Surface Construction
Tops are 5-ply balanced construction, 1 3⁄16" thick with solid matching hardwood edges. Tops are available in six edge profile.

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

Base Construction
Panels are joined together by mortise and tenon construction. In addition to mortise and tenon joint construction. Leveling glides are set into solid hardwood with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the bases with top fastening cleats screwed to the inside of the panels.

Drawers
The 9ply unidirectional hardwood sides of the drawer box are 7⁄16" thick assembled with English dovetail construction at each corner of the box. The drawer bottom panel is ¼" thick fitting into a groove machined into the side of the box. Interiors are sanded and coated with clear U.V. finish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension
The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension with over travel.

Finish - Stain/Colors
We offer a variety of wood stains and paint colors on Finale. Please see the chart below. Samples are available upon request.

MES	Mesa	UMB	Umber
MCH	Mocha		

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Finale Product Information

Product Modification

Laminate Tops
Worksurface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

ESS Essentials Veneer with Laminate Top

Native General Information

Wood Materials
Exterior surfaces are made from the finest selected veneers. Matching solid lumber wood species are used to coordinate with the veneer. High quality MDF is used on the painted surfaces.

Native is available in Cherry, Maple, Walnut, Black Oak Flat Cut or Double Cut veneer.

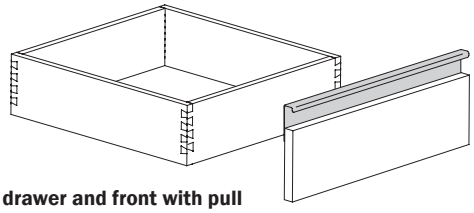

Case Construction
All Models
Cabinets are constructed with dowels reinforced with screws, cleats and metal fasteners for increased stability. The metal glide housing inside the base provides for accurate leveling. Cabinets, with the exception of the waste credenza and hospitality carts, have sliding doors.

Laminate Models
Panels for chassis consist of a ¾" thick substrate with TFL surfaces and PVC bands on exposed edges.

Veneer Models
Panels for chassis are ¾" thick.

Drawer Construction
Drawers are assembled using a four corner dovetail box and ¾" thick drawer bottom panel construction. The exterior front is attached separately. Sides and backs are approximately ½" thick solid hardwood. Drawer components have a UV finish to protect against shrinking, swelling, or warping and to provide a clean smooth feel and appearance. Lateral files have reinforced bottoms.

The exterior front panel is 3-ply and ¾" thick. The front is attached to the assembled drawer box. The anodized aluminum pull runs along the top edge of the drawer front.

box drawer and front with pull wood drawer box - DRW

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

Finish - Stain/Colors
We offer a variety of wood stains and paint colors on Native. Please see the chart below. Samples are available upon request.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe. Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood. Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Custom/Special Finishes
JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first-time matches and must be included with the written request.

There is a one-time charge of **$384** list per order for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Use standard pricing and option pricing for each line item with a special finish, unless additional modifications have been specified. For items available in both Essential and Artisan veneers, apply the Essentials pricing.

Native Standard Laminate Offering
The chart below lists the laminates available on Native.

Laminate Options

Native Table Surface Materials

NAT - Table Models
The NAT prefix is used to designate laminate material.

Laminate Tops
HPL tops are 1 3⁄16" thick, 3 ply construction. The laminate face is horizontal grain, or solid, high pressure laminate. Particle board core and a phenolic backer sheet complete the balanced construction.

Eased Edge (R3)
Standard on worksurface tops

Reverse Bevel (E1)
PVC on top of Painted MDF

Native Table Surface Materials

NAV - Table Models
The NAV prefix is used to designate non-laminate material. Choose between Veneer - Essentials, Veneer - Artisan, Solid Surface, Glass, Wood plank, or Customer Choice Material for NAV models.

Veneer Tops
Tops are 1 3/16" thick, 3-ply balanced construction. Essentials is book match for cherry, maple, walnut or black oak veneer. Artisan is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create the pattern.

Eased Edge (R3)
External 3mm Veneer Band

Premier Tops

Solid Surface Tops

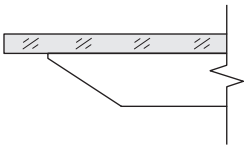

Solid Surface Tops are 1 7/16" thick constructed of 7/16" thick solid surface on top of a 1" MDF sub top. Sub top has an under cut bevel profile and is painted in a coordinated color to match the solid surface.

Solid Surfaces

ONX	Black Onyx Mirage
DWH	Designer White
HST	Hot Stone
SOG	Soothing Grey

Glass Tops

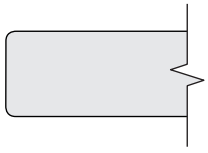

Glass Tops are 1 5/16" thick constructed of 1/4" thick glass surface on top of a 1" MDF sub top. Sub top has an under cut bevel profile and is always painted white, to match the back painted glass. Glass sits on top of the sub top with 1/16" bumpers.

Glass Selection

G	White Glossy
M	White Matte

Wood Plank Ash Tops

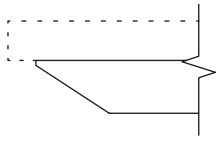

Wood Plank Ash Tops are a solid 1 3/16" thick plank of ash. Tops are finished with a clear coat.

Solid Wood Plank

W	Wood Plank Ash - Clear Coat

Customer Choice Tops

Sub tops are 1" thick and have an under cut bevel profile. Sub top is always painted in black. Customer is responsible for determining the best attachment method for their custom top. Weight of custom top not to exceed 13 lbs per square foot.

Customer Choice

B	Base and Subtop Only

Native Tops Sizes & Seating Capacity

Native Top Shapes and Sizes

Native offers six table top shapes with multiple sizes. The round and square come with an X base. All others available with Open Loop, Panel, or Box Base.

Native Bases

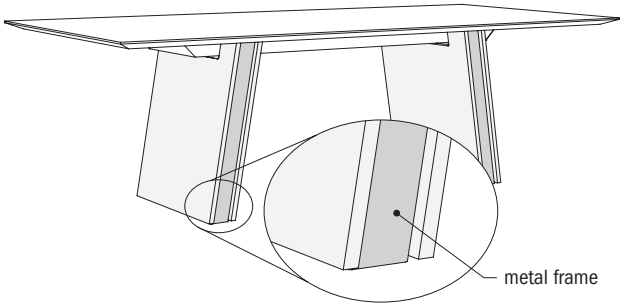

Native's array of base styles allow users the option of a raw open aesthetic or a closed, polish function.

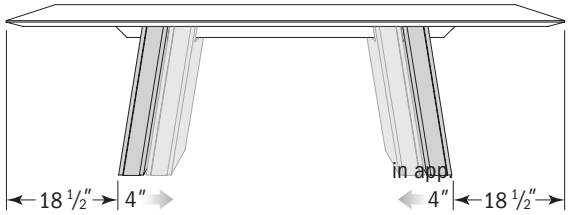

Open Loop Base
Welded steel frame. Use NAB0301-24LBWM for magnetically attached wire management.
**Note: NAB0301-19CLBWM is required when a top requires three bases.

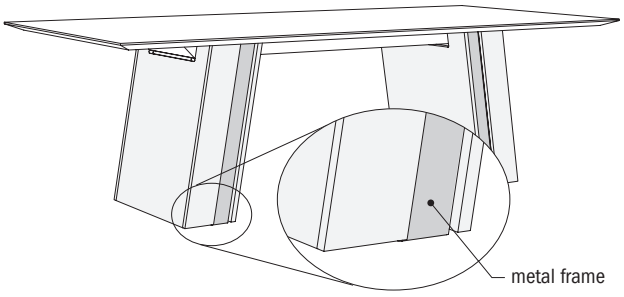

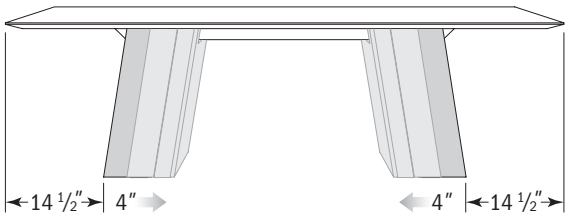

Panel Base
Panel encloses welded steel frame. "T" models: Choose any laminate for panel. "V" models: Choose matching veneer or painted panel. Design allows horizontal adjustment.

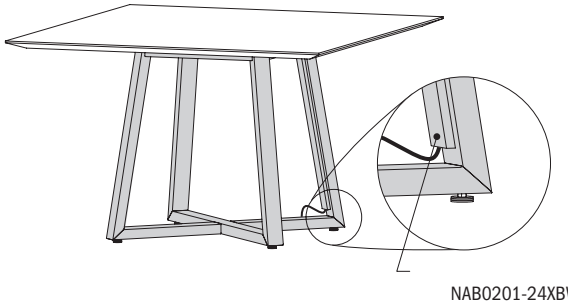

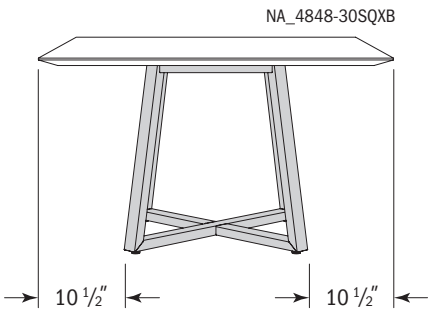

Box Base
Box encloses welded steel frame. "T" models: Choose any laminate for panel. "V" models: Choose matching veneer or painted box. Design allows horizontal adjustment.

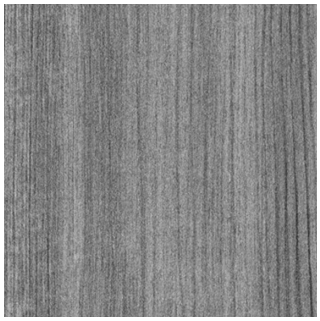

X Base
Welded steel frame. For round and square tables only. Use NAB0201-24XBWM for magnetically attached wire management.

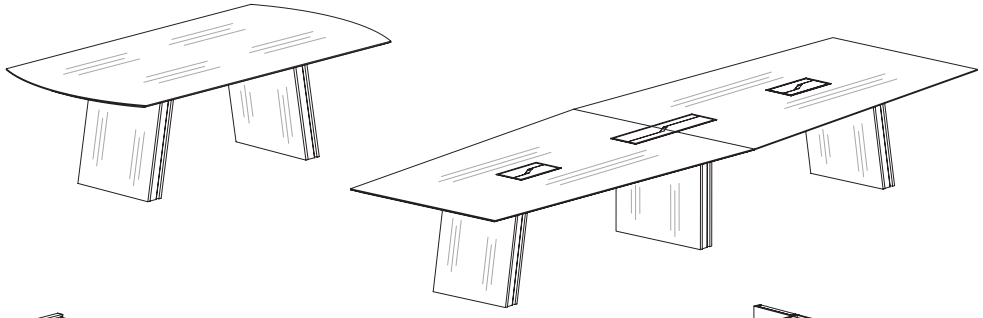

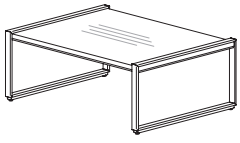

Native Applied Materials

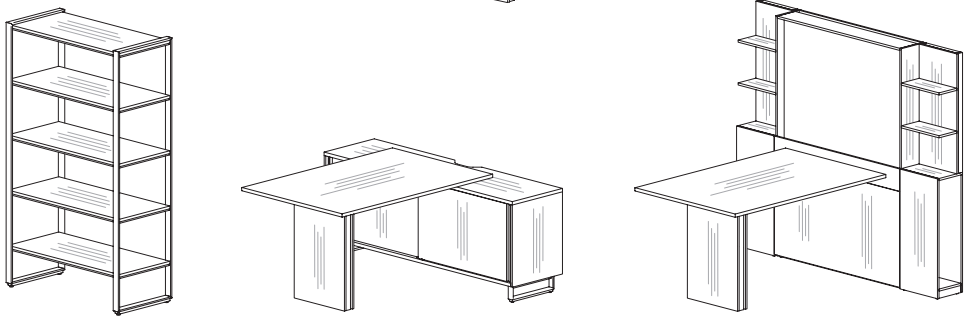

Laminate Grain Direction
Laminate grain runs vertical as standard on all vertical surfaces. Worksurfaces run long grain. Below are examples of laminate grain direction.

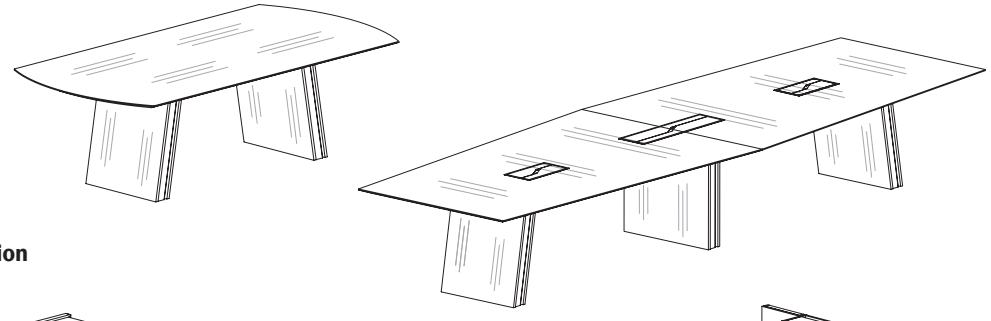

Laminate Grain
Laminate grain direction varies according to its surface. Refer to the diagrams on this page for examples of standard direction.

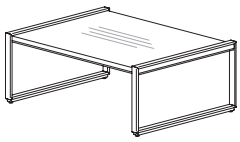

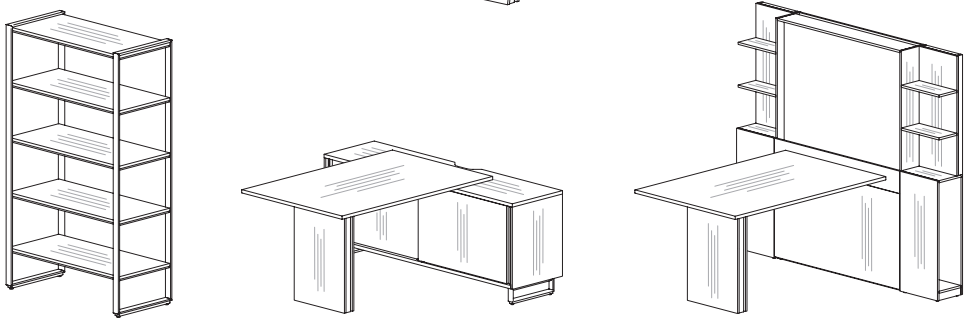

Essentials & Artisan Grain Direction
Veneer grains runs vertical as standard on all vertical surfaces. 1-piece tables, runoffs, peninsula tables will run long grain. 2-piece tables will run short grain. Below are examples of veneer grain direction.

Essentials & Artisan Grain Direction
Veneer grain direction varies according to its surface. Refer to the diagrams on this page for examples of standard direction.

Native Applied Materials

Native Color Scheme

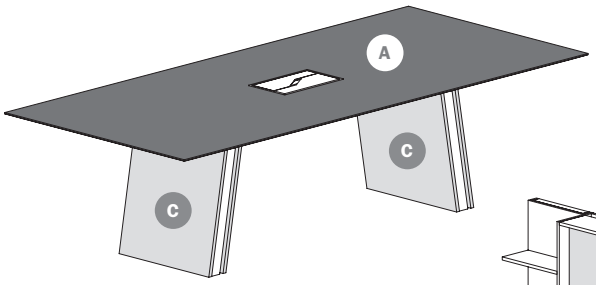

Native offers the flexibility to specify contrasting door fronts, or a contrasting base panels, separate from the worksurface selection. See the options available below, depending on whether a NAT or NAV model specified.

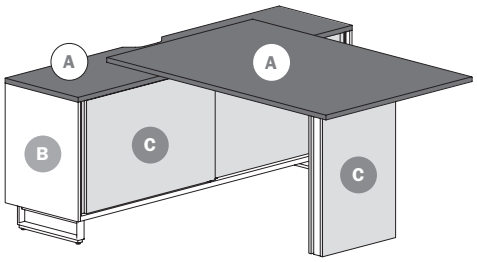

NAT Surface Options

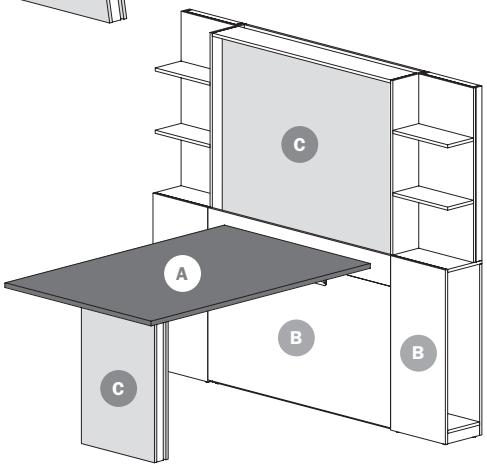

A = **Worksurface**
Laminate – see page NA4 for selection

B = **Chassis**
Laminate – see page NA4 for selection

C = **Door Fronts, Base Panels & Front Panels**
Laminate – see page NA4 for selection

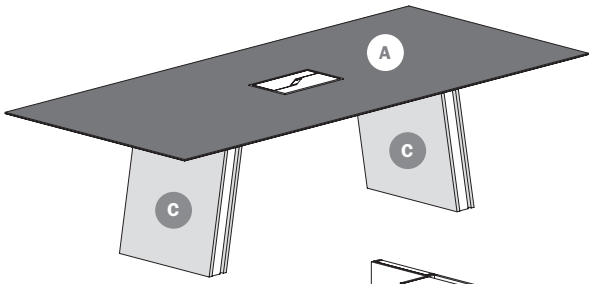

NAV Surface Options

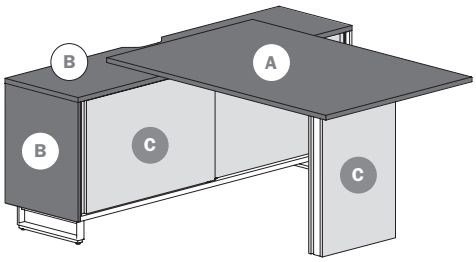

A = **Worksurface**
Veneer – see page NA5 for selection
Solid Surface – see page NA5 for selection
Glass – see page NA5 for selection
Wood Plank – see page NA5 for selection
Customer Choice Material – see page NA5 for selection

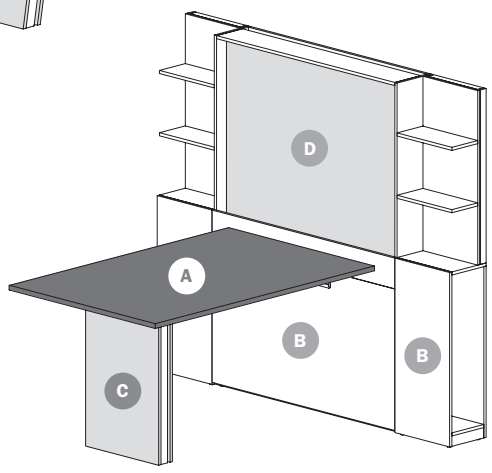

B = **Chassis**
Veneer – see page NA3 for color selection

C = **Door Fronts, & Base Panels**
Veneer – same as worksurface
Paint – see page NA3 for color selection

D = **Front Panel**
Veneer – same as chassis
Laminate – see page NA3 for color selection

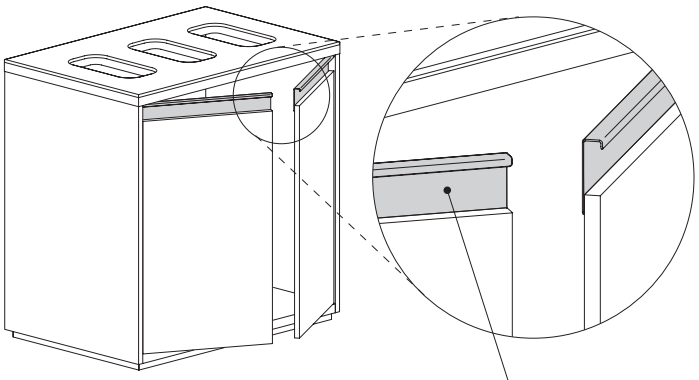

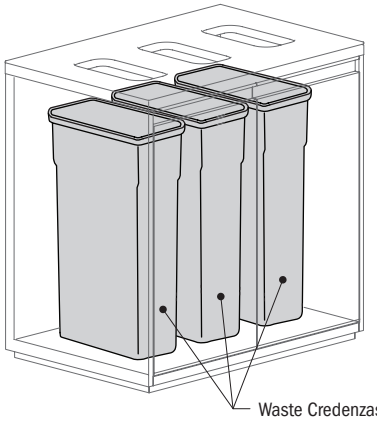

Native Product Information

Waste Credenza

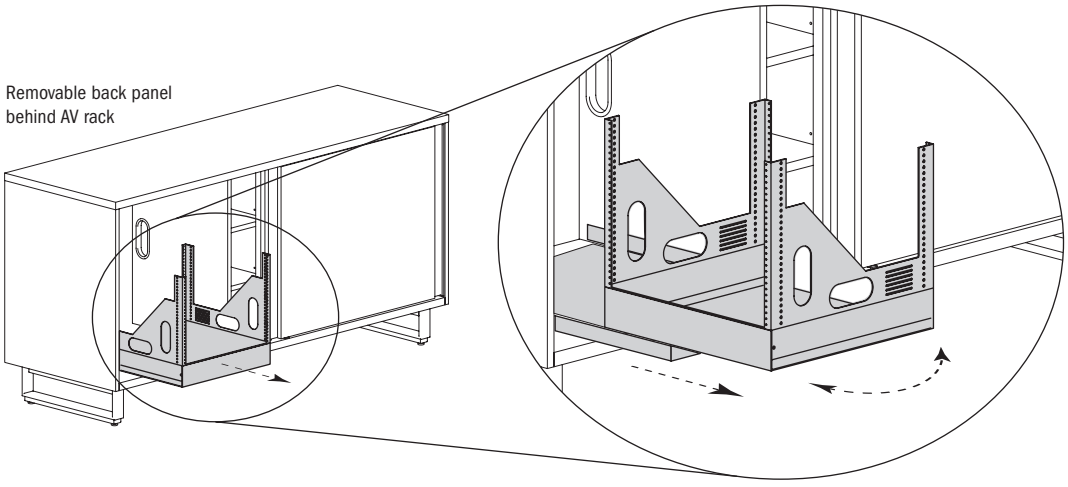

Integrated pulls are designed into all doors and drawers of Native Credenzas and are available in a variety of metal finish accents, see page NA3

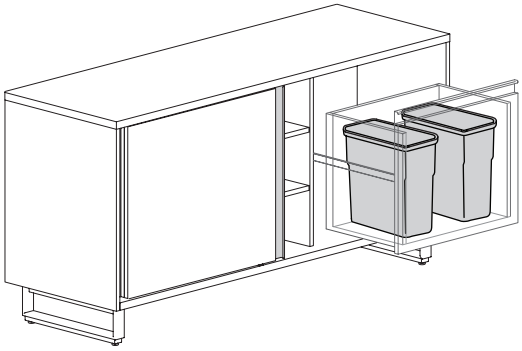

Waste Credenzas accommodate three Uline Thin #H-5148 (23 gallon) trash cans, not included

AV Credenza

Pull-out and rotating AV rack is designed so you can access equipment and wiring. Rack can rotate 90° in either direction and can be locked in the rotated position.

Credenza Waste Drawer

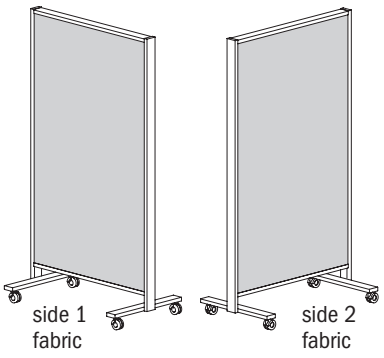

Waste drawer accommodates two Uline #S-13527 (10 gallon) trash cans, not included

Native Product Information

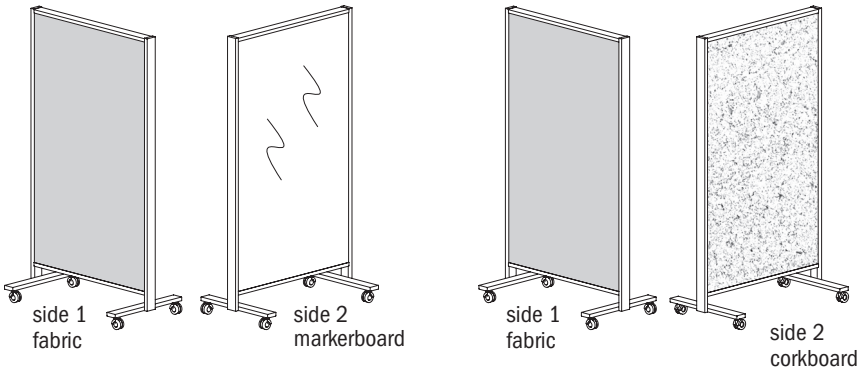

Mobile Boards

Multi-functional mobile boards can double as portable working space or serve to define boundaries within the office area. With three (3) material selections (markerboard, tackboard, and corkboard), Native mobile boards offer a variety of panel configurations to fit your needs.

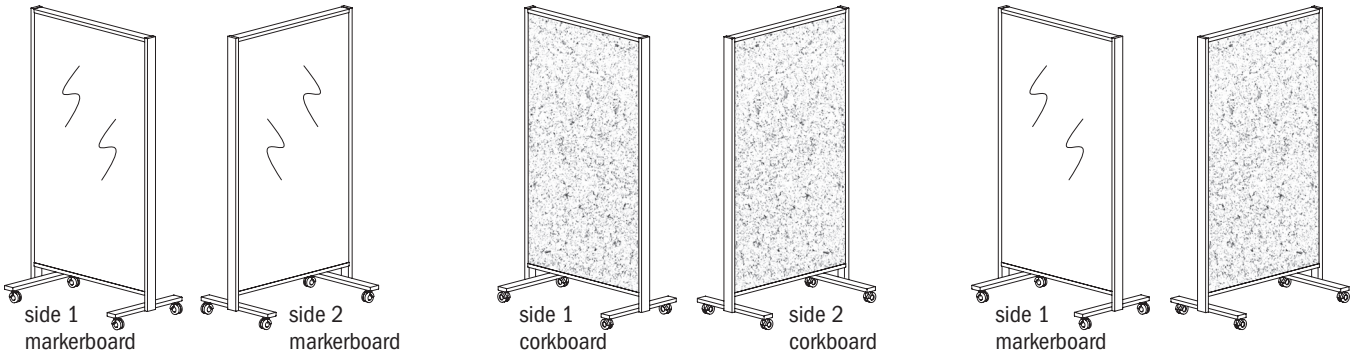

NAB2442-75MTKD

Tackboard on both sides.

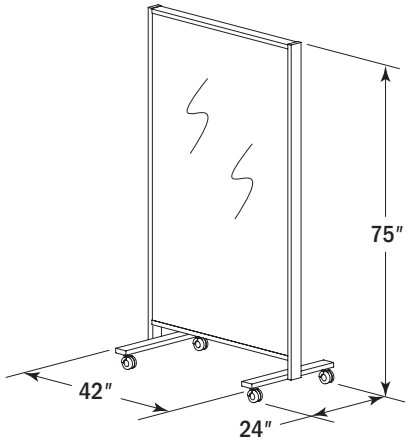

NAB2442-75MTKS

Tackboard on one side, choice of markerboard or corkboard on reverse side; specify when ordering.

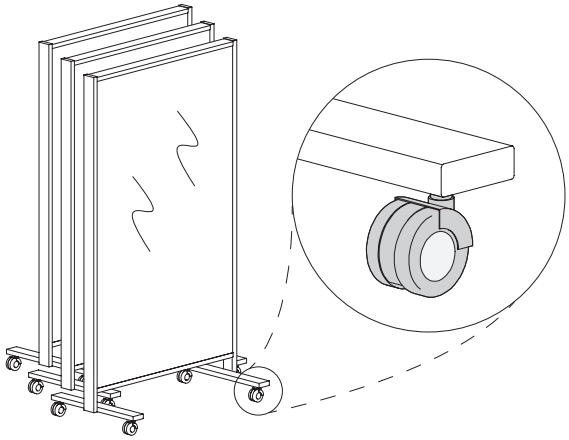

NAB2442-75MMB

Markerboard both sides, corkboard both sides, or combination markerboard and corkboard; specify when ordering.

Overall dimensions

Wide base for stability

Four non-locking casters for easy mobility

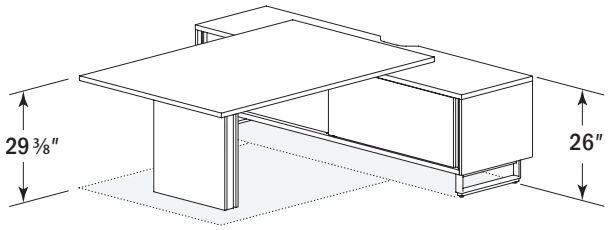

Offset Nesting

Provides for organized storage

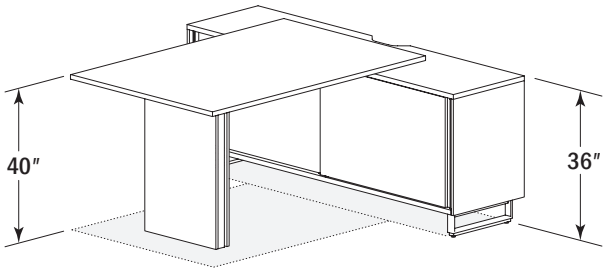

Native Product Information

Peninsula Tables with Credenza

Peninsula tables with credenza applications are offered at standard desk height and standing height. See below for overall unit heights.

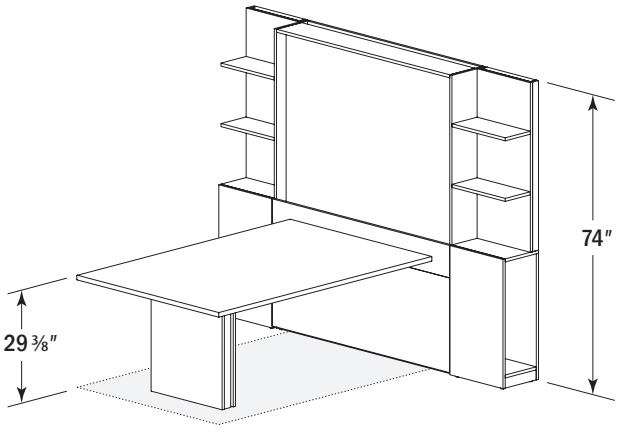

Standard Desk Height Peninsula Table
Connects to a 26"h Credenza

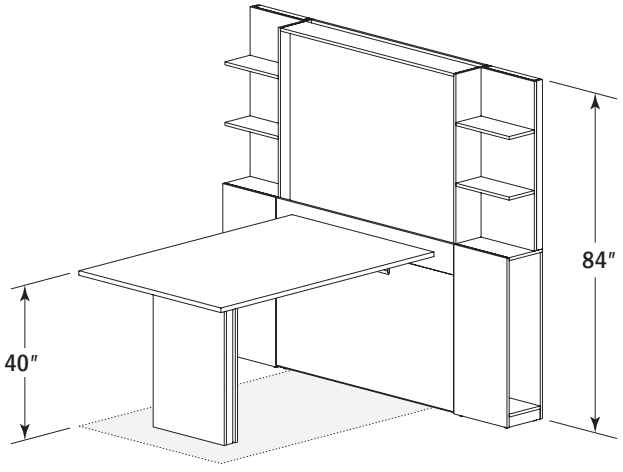

Standing Height Peninsula Table
Connects to a 36"h Credenza

Runoff Tables with Media Walls

Runoff tables with media wall applications are offered at standard desk height and standing height. See below for overall unit heights.

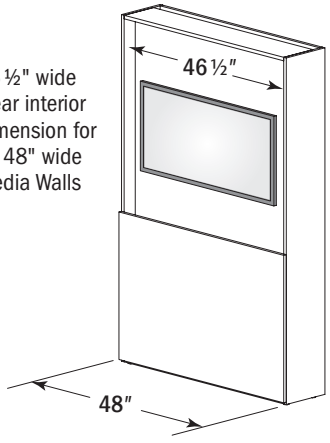

Standard Desk Height Runoff Table
Connects to a 74"h Media Wall

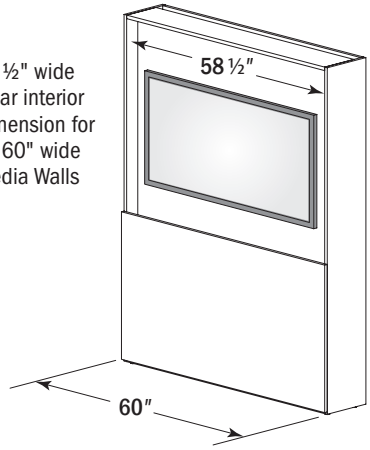

Standing Height Runoff Table
Connects to a 84"h Media Wall

TV/Monitor Sizes for Media Walls

46 ½" wide clear interior dimension for all 48" wide Media Walls

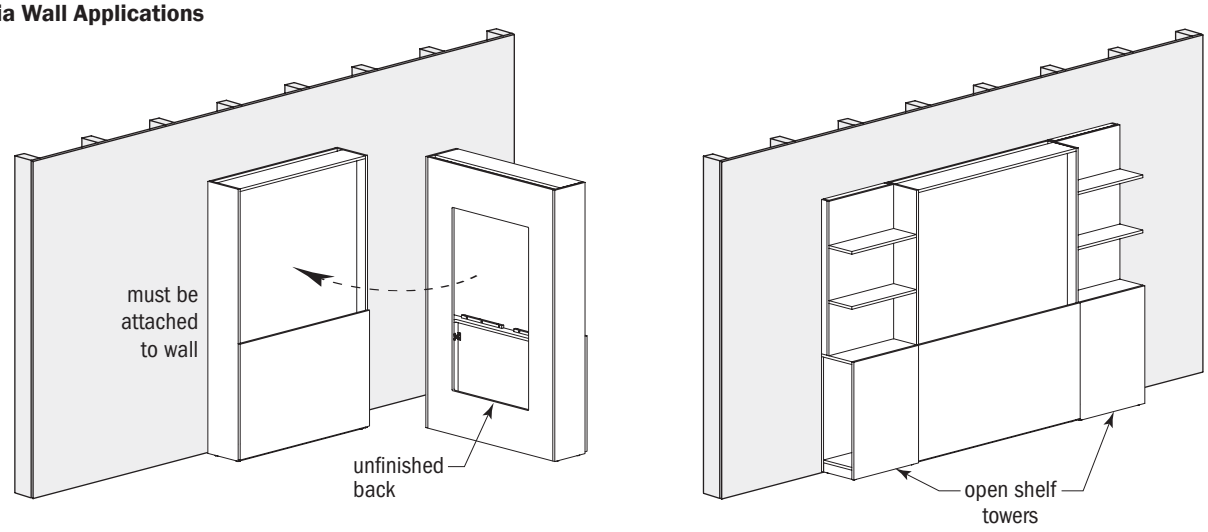

58 ½" wide clear interior dimension for all 60" wide Media Walls

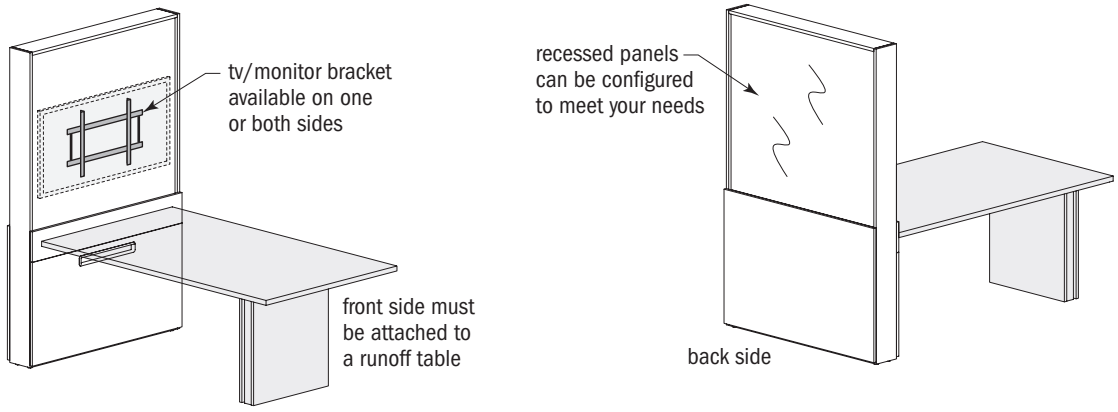

Native Product Information

Media Wall Applications

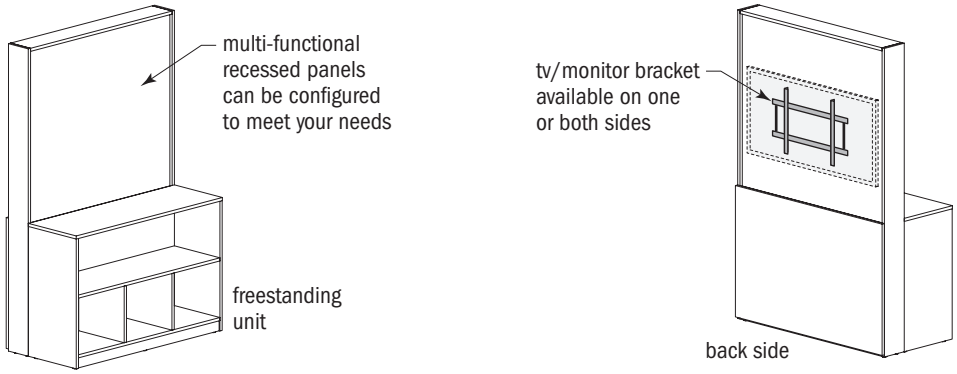

Media Wall - Wall Dependent

Media Walls have unfinished backs and are designed to be attached to a wall. Open Shelf and Side Access Wardrobe Towers are available and attach to Media Walls.

Media Wall Space Divider - Media Back

Media Wall Space Dividers with Media Back must be attach to a Runoff Table for support. The recessed panels on these dual sided units can be mixed and matched with contrasting laminates or veneers, and markerboards. TV brackets also available on one or both sides. Units not to be used with Open Shelf or Side Access Wardrobe Towers.

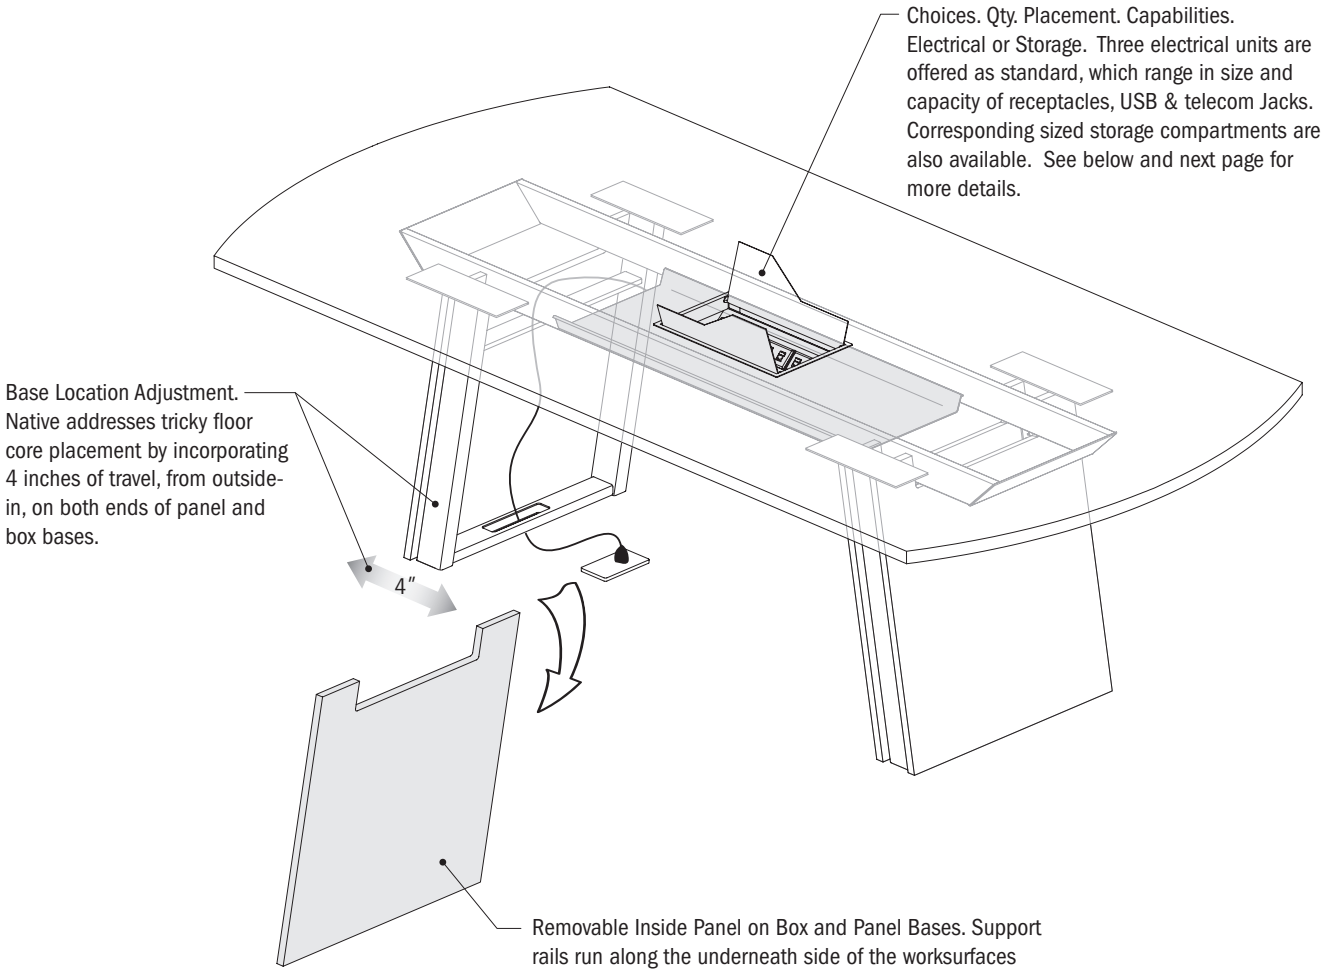

Media Wall Space Divider with Media Shelf - Media Back

Media Wall Space Divider with Media Shelf is a freestanding unit. Runoff Tables can be attached to the back side of unit but is not necessary. The recessed panels on these dual sided units can be mixed and matched with contrasting laminates or veneers, and markerboards. TV brackets also available on one or both sides. Units not to be used with Open Shelf or Side Access Wardrobe Towers.

Native Technology

Wire Management
Native accommodated wire management needs in a variety of ways, from ample technology choices to innovative adjustments.

Worksurface Power Units and Storage Compartments

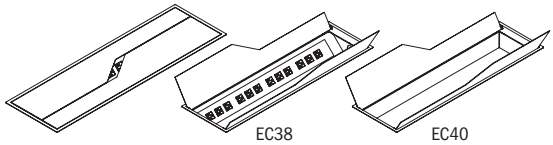

(See chart on next page for cutout code configurations)

EC36 - Cove Power Unit
Cutout Code C
Available in silver, black, or white

EC37 - Oasis Mini Power Unit
EC39 - Small Storage Compartment

Description

Arc End 2pc Table with 3 Open Loop Bases

Features:
- three metal, open loop bases with structural support rails
- two-piece top
- glass top has additional seams

Options:
- metal frame available in powder coat, no upcharge, or chrome, add list upcharge: for 48″ wide - $2,941, for 54″ & 60″ wide - $3,366
- worksurface power & storage available, specify cutout code and order power units separately, see pages NA14-NA15
- magnetic wire manager available: order separately see page NA124

Description

Boat Shape Table with Open Loop Base

Features:
- two metal, open loop bases with structural support rails
- one-piece top
- narrow end of table is 36"d
- glass top has additional seams

Options:
- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 42" & 48" wide - $2,263
- worksurface power & storage available, specify cutout code and order power units separately, see pages NA14-NA15
- magnetic wire manager available: order separately see page NA124

Description

Rectangular Table with Panel Base

Features:
- two panel bases with structural support rails
- one-piece top
- glass top has additional seams

Options:
- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 36″ wide - $1,951, for 42″ & 48″ wide - $2,263, for 54″ wide - $2,590
- worksurface power & storage available, specify cutout code and order power units separately, see pages NA14-NA15

Description

Boat Shape Table with Height Adjustable Base

Laminate Tops "NAT" Models

Eased Edge (R3)

Reverse Bevel Edge (E1)

Features:

- height adjustable bases with structural support rails
- 30″ to 40″ height adjustment with digital controller; 10' power cord
- maximum weight rating 300lbs (evenly distributed load)
- one-piece top
- narrow ends of table are 36″d

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add $2,590 list upcharge for 42″ & 48″ wide
- worksurface power & storage available, specify cutout code and order power units separately, see pages NA14-NA15

Description

Standing Height Rectangular Runoff Table with Panel Base

in application

Features:

- must attach to either a 84" Media Wall Space Divider without Media Shelf or a 84" Media Wall - Table Mount
- panel base with structural support rails
- glass top has additional seams

Options:

- worksurface power & storage available, specify cutout code and order power units separately, see pages NA14-NA15
- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 36" wide - $1,078, for 42" & 48 wide - $1,297, for 54 wide - $1,348
- mounting brackets included

Corner Details

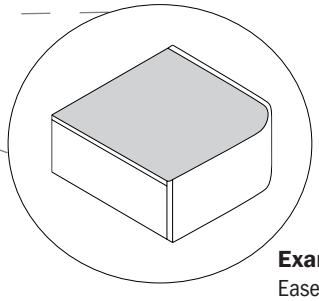

A more inviting approach can be achieved by selecting Rounded Corners on either Rectangular or Square Tables.

Square Corner

Rounded Corner

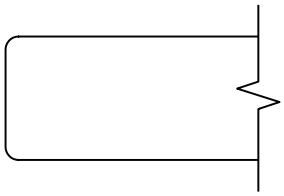

Example
Eased (R3) PVC edge laminate with rounded corner

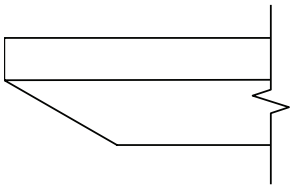

Nosh Product Information

Laminate Tops

HPL tops are 1 3⁄16" thick, 3 ply construction. The laminate face is horizontal grain or solid high pressure laminate. Particle board core and a phenolic backer sheet complete the balanced construction.

Eased Edge (R3)
PVC

Reverse Bevel (K9)
PVC on painted top of painted MDF

Standard PVC Edge Colors

JSI supports 26 standard PVC edge colors listed below. These coordinate with our Standard (Tier1) Laminates.

When selecting a Standard (Tier 1) Laminate, the coordinating PVC edge color is automatically applied. When selecting a Graded-In Laminate (Tier 2 or 3), you will be prompted to choose one these 26 PVC edge colors to be applied to the edge.

ALB	Alabaster	**MES**	Mesa
BEL	Belair	**MIN**	Mineral
BLK	Black	**MCH**	Mocha
BRK	Brickdust	**OBK**	Outback

Nosh Product Information

Veneer Tops

Tops are 1 3/16" thick, 5 ply balanced construction with particle board core. Standard Tier 1 veneer is Essentials, book matched for cherry, maple and walnut veneer. Standard Tier 2 veneer is Artisan.

Eased Edge (R3)
Internal Lumber Band

Reverse Bevel (K9)
Veneer Band on Stained MDF

Finish - Stain/Colors

Essentials are Tier 1 Veneer pricing, while Artisan is Tier 2 Veneer pricing.
Finishes with an asterisk (*) have coordinating laminate tops.

Finish Sheen

All veneer finishes are standard in 35-sheen, with the exception of Raven. Raven is only offered in 15 sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

HST Hot Stone
ONX Black Onyx Mirage
SOG Soothing Grey

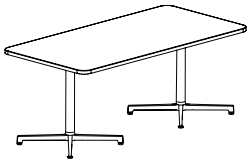

Nosh Product Information

Base Styles

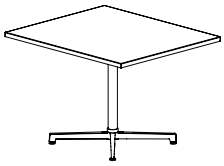

Nosh provides a choice selection of bases in both function and aesthetics to serve a variety of needs. It offers six base styles with: T-base, X-base, X-Extended base, X4 base, Round Disc and Square Disc.

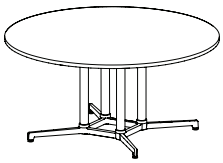

T-Base
- available in 29", 36" and 42"h
- used only with rectangular tops
- base finish - select single metal finish or two-tone metal finish. See options listed below.

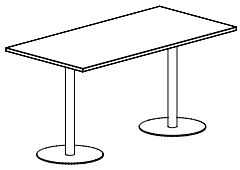

X-Base
- available in 29", 36" and 42"h
- used with all Nosh top shapes
- base finish - select single metal finish or two-tone metal finish. See options listed below.
- power access version available with an upcharge

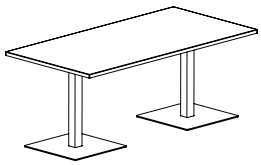

X-Extended Base
- available in 29"h only
- used with rectangular tops
- base finish - select single metal finish or two-tone metal finish. See options listed below.
- cannot be used in conjunction with power cutouts

X4 Base
- available in 29", 36" and 42"h
- used only on round, rounded square and squircle tops
- base finish - select single metal finish or two-tone metal finish. See options listed below.

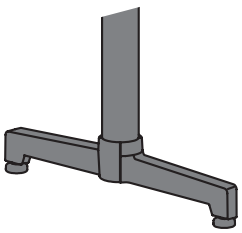

Round Disc
- available in 29", 36" and 42"h
- used with all Nosh top shapes
- base finish - select single metal finish

Square Disc
- available in 29", 36" and 42"h
- used with all Nosh top shapes
- base finish - select single metal finish
- round and square tables cannot be used in conjunction with power cutouts

Single Metal Finish

ABZ Aged Bronze Feet & Post
ASL Arctic Silver Feet & Post
BWH Bright White Feet & Post
GLD Gold Feet & Post
PEW Pewter Feet & Post
MBK Matte Black Feet & Post
SBZ Soft Bronze Feet & Post
SNK Soft Nickel Feet & Post

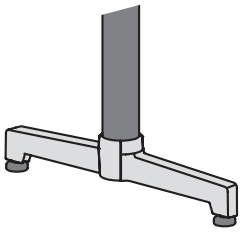

Two - Tone Metal Finish

Two - Tone Aesthetics can be achieved by specifying Polished Aluminum on the foot and a contrasting finish on the post

Note: Polished Aluminum not available on disc base

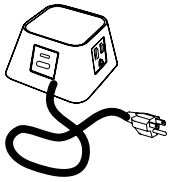

Polished Aluminum Feet
ABZ Aged Bronze Post
ASL Arctic Silver Post
BWH Bright White Post
GLD Gold Post
PEW Pewter Post
MBK Matte Black Post
SBZ Soft Bronze Post
SNK Soft Nickel Post

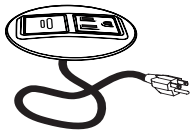

Nosh Product Information

Power/Charging Options

Nosh offers the ability to place power and charging options in the center of most tables. Select your choice of EC23 or EC24, available in black and white.

Moire - EC23
- Three power 110 outlets
- One 20-watt USB-C +A
- 72" 3-prong - 15amp plug power feed
- 15amp/110 volt
- Black (BL) or White (WH)

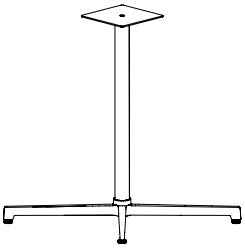

Node - EC24
- One power
- One 20-watt USB-C +A
- Black (BL) or White (WH)

Cut outs are located in the center of each table. See below for representation or location.

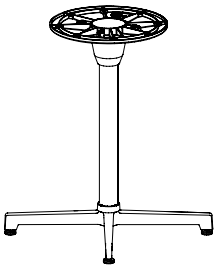

Power Access Base

In round, square, rounded square and squircle tables that use X base, when you select power accessibility; the table is bored for the electrical unit and a power accessible base is used. This provides a drawn mounting bracket and the ability to run the power cord down through the base. See individual product pricing pages for upcharge.

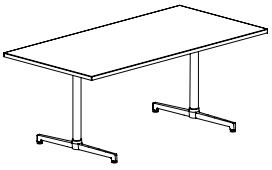

Standard X Base

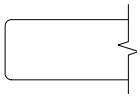

Power Accessible X Base

PVC Edge Selection

Tier 2 Laminates require the additional specification of a PVC edge band. Choose from one of the following JSI standard options.

ALB	Alabaster
BEL	Belair
BLK	Black
BRK	Brickdust
BBL	Bridal Blanco
CSK	Cask
CLY	Clay
DWH	Designer White
EGR	Egret
FAW	Fawn
FLN	Flint
FLO	Florence Walnut
LOF	Loft
MES	Mesa
MIN	Mineral
MCH	Mocha
OBK	Outback
PIL	Pilsner
PIN	Pinnacle Walnut
SHD	Shadow
SLG	Slate Grey
UMB	Umber
VAL	Valley
WLH	Walnut Heights
WEA	Weathered Ash
ZEN	Zen Grey

Privacy Solutions - Cleaning Guidelines

We offer numerous textile and hard surface options that will stand up to the rigors of frequent bleach cleaning, ranging from untreated surfaces to those with anti-microbial topcoats. Please contact our Customer Support Team today for more information.

MATERIALS:
ACRYLIC: water based foam or cleaner and bleach cleanable (5:1)*

ACOUSTIC PET: bleach solution cleanable (2% bleach)*

HPL LAMINATE: recommended by suppliers: Clorox Healthcare Bleach Germicidal wipes, Virex II 256, PDI Super Sani-Cloth wipes, PDI Sani-Prime Germicidal spray

TFL LAMINATE: cleaning guidelines will vary between manufacturer; cleaning details available upon request

VENEER: first clean with warm soapy water - do not soak. Pledge Antibacterial cleaner or bleach free disinfectant wipes are recommended

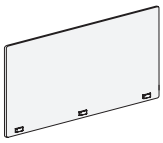

COATED FABRIC: water based foam or cleaner and bleach cleanable (4:1)*

FABRIC: cleaning guidelines will vary between fabric type, pattern and manufacturer; see material recommendations for bleach-solution cleanable fabrics

*Bleach solution cleanable:
Complies with BIFMA HCF 8.1 guidelines
Important to rinse repeatedly with cool, clean water after cleaning to remove all residueMore cleaning details from raw material suppliers available upon request

All surfaces with the exception of some fabrics can be cleaned with Clorox Healthcare Bleach Germicidal Wipes as well as bleach free wipes. This includes all coated fabric, laminate, acrylic and metal surfaces.

Privacy Solutions - Cleaning Guidelines

We offer numerous textile and hard surface options that will stand up to the rigors of frequent bleach cleaning, ranging from untreated surfaces to those with anti-microbial topcoats. Please contact our Customer Support Team today for more information.

MATERIALS:
ACRYLIC: water based foam or cleaner and bleach cleanable (5:1)*

ACOUSTIC PET: bleach solution cleanable (2% bleach)*

HPL LAMINATE: recommended by suppliers: Clorox Healthcare Bleach Germicidal wipes, Virex II 256, PDI Super Sani-Cloth wipes, PDI Sani-Prime Germicidal spray

TFL LAMINATE: cleaning guidelines will vary between manufacturer; cleaning details available upon request

VENEER: first clean with warm soapy water - do not soak. Pledge Antibacterial cleaner or bleach free disinfectant wipes are recommended

COATED FABRIC: water based foam or cleaner and bleach cleanable (4:1)*

FABRIC: cleaning guidelines will vary between fabric type, pattern and manufacturer; see material recommendations for bleach-solution cleanable fabrics

*Bleach solution cleanable:
Complies with BIFMA HCF 8.1 guidelines
Important to rinse repeatedly with cool, clean water after cleaning to remove all residueMore cleaning details from raw material suppliers available upon request

All surfaces with the exception of some fabrics can be cleaned with Clorox Healthcare Bleach Germicidal Wipes as well as bleach free wipes. This includes all coated fabric, laminate, acrylic and metal surfaces.

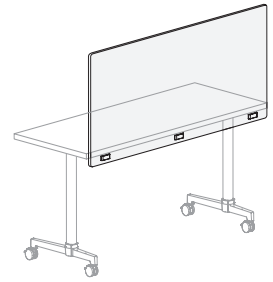

Privacy Solutions Product Information

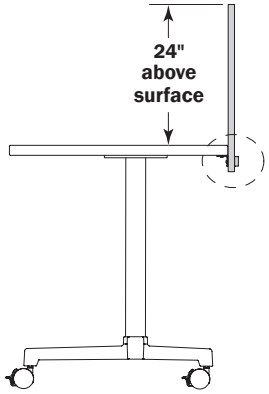

Screen Mounting

- screens supported by brackets with powder coated cover plates to underside of top
- mounting brackets slide out for routing cables to underside of top or to install monitor arm
- screens available for approach and end of table applications
- screen link kits available (see below) for shared privacy screen application between two tables approach or end applications
- screens must be removed before tilting

Reef Product Information

Reef Veneer

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Reef Veneer product line. To attain a pleasing, symmetrical pattern, all cherry, maple, walnut, & black oak veneers are book-matched.

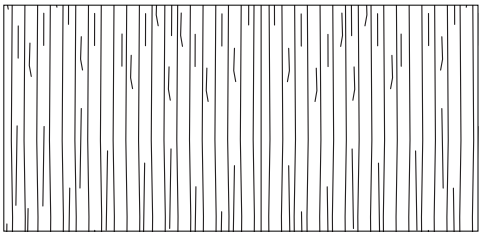

Book-Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Reef Veneer is available in essentials cherry, maple and walnut. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Double Cut veneer is another choice on Veneer product. This veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern.

The diagram below shows the tight pattern used on Artisan Veneer.

Worksurface Construction

Worksurfaces are 1 3⁄16″ thick and are manufactured with 3-ply balanced construction. Surfaces are available in wood veneer or high pressure laminate. No additional charge for HPL worksurface when using the standard coordinating HPL match to a standard wood finish. Veneer tops feature 3mm thick matching veneer edgebands. HPL tops are constructed with internal solid hardwood lumber edgebands.

Case Construction

Veneer end panels are produced using a 1 3⁄16″ thick substrate with veneer surfaces and matching veneer bands on exposed edges. Stretcher panels are 1 3⁄16″ thick for layered tables and ¾″ thick on panel tables. Stretcher panels feature heavy duty metal brackets that bolt to metal insert nuts in end panels. 36", 42" and 48" deep tables feature dual stretcher panels that are sized to provide proper support for worksufaces. 20" deep wall dependent tables incorporate rear stretcher and metal support rails for worksuface support. Worksurfaces are joined to end assemblies and stretcher panels by metal brackets and wood screws. Upper shelves on layered tables are 1 3⁄16″ thick and attach with Modeez connectors and metal brackets with wood screws. Bookcase sections are constructed from ¾″ thick veneer panels with matching veneer edgebanding. Narrow bookcase and full bookcase joinery includes wood cleats, wood screws and metal fasteners. All tables have adjustable leveling glides. Tables require field assembly.

Foot Rails

Optional metal foot rails are constructed with 14-gauge 1 ¾″ square tubing with powder coated finish. Rails attach to end panels using ¼-20 machine screws into metal inserts in end panels.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Reef. Please see the chart below. Samples are available upon request.

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe. Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood. Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Custom/Special Finishes

JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first time matches and must be included with the written request.

There is a one time charge of **$384** list per order for any non-standard wood finish. Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Reef Product Information

Finish Sheen
All veneer finishes are standard in 35-sheen, with the exception of Raven. Raven is only offered in 15 sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

Species Change
For species changes contact customer service for a quote.

Laminate Tops
Work surface only, no additional upcharge if Reef's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

Reef Laminate
Reef Laminate features TFL (thermally fused laminate) chassis components. Worksurfaces are available in HPL (high pressure laminate).

Edges of the worksurface are banded with impact resistant (PVC) on HPL tops. The laminate is offered in 19 wood grain patterns and 7 solid colors. Wood grain laminates feature an embossed grain that adds texture and helps to hide finger prints and light scratches. The solid color laminates are smooth to the touch with a semi-matte finish. All Reef Laminate products are indoor-air certified by GreenGuard.

The chart below lists the laminates available on the Reef product.

TFL - HPL *Wood Grain Pattern Laminates*

ALB	Alabaster	SHD	Shadow
BLK	Black	SLG	Slate Grey
BBL	Bridal Blanco	ZEN	Zen Grey
DWH	Designer White		

Worksurfaces
Worksurfaces are manufactured with 3-ply balanced construction. Tops are 1 3⁄16″ thick with coordinating PVC edges. Worksurfaces feature 3mm PVC edges on user sides. Edge detail is flat with eased edge on top and bottom. Worksurface ends are banded with 1mm PVC.

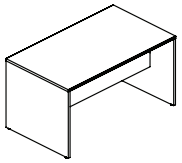

Case Construction
Reef Laminate end panels are produced using 1 3⁄16″ thick substrate with TFL surfaces and matching PVC bands on exposed edges. Stretcher panels are 1 3⁄16″ thick for layered tables and ¾" thick on panel tables. Stretcher Panels feature heavy duty metal brackets that bolt to metal insert nuts in end panels. Reef 36", 42" and 48" deep tables feature dual stretcher panels that are sized to provide proper support for worksurfaces. Reef 20" deep wall dependent tables incorporate rear stretcher and metal support rails for work surface support. Worksurfaces are joined to end assemblies and stretcher panels by metal brackets and wood screws. Upper shelves on layered tables are 1⅛″ thick and attach with Modeez connectors and metal brackets. Bookcase sections are constructed from ¾″ thick TFL panels with 1mm edgebanding. Narrow bookcase and full bookcase assembly joinery include wood cleats, wood screws and metal fasteners. All tables have adjustable leveling glides. Reef tables require field assembly.

Foot Rails
Optional metal foot rails are constructed with 14-gauge 1 ¾″ square tubing with powder coated finish. Rails attach to end panels using ¼-20 machine screws into metal inserts in end panels.

Reef Product Information

Optional Worksurface Power

Optional Worksurface Power (EC26) is available on 48", 42" and 36" deep units. Indicate "to accommodate Worksurface Power" on your purchase order. When this option is specified the worksurface will have one cut out in the center. One EC26 Worksurface Power unit must be ordered separately, see page RE26. Length of cord is 10 feet.

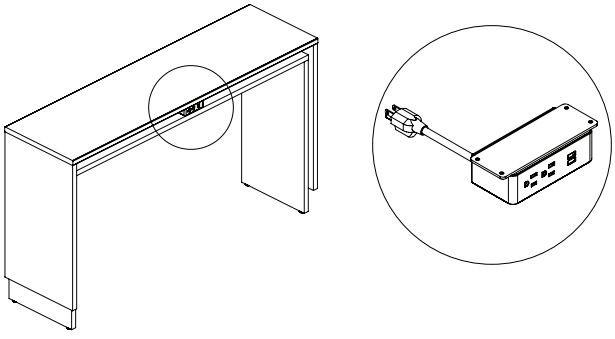

Note: Not available on wall dependent tables or tables with full width bookcases.

Under Surface Power

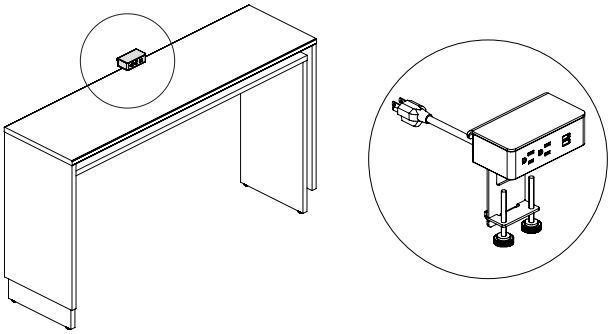

Under Surface Power (EC27) may be ordered for 48", 42", 36" and 20" deep units. The 48", 42" and 36" deep units can accommodate power unit on each side of the table. The 20" deep units can accommodate power units on the non-wall side. The EC27 Under Surface Power Unit(s) must be ordered separately, see page RE26. This unit is field installed. Length of cord is 10 feet.

Note: Not available on tables with full width bookcases.

Edge Mount Power

Edge Mount Power (EC28) may be ordered for 20" deep units. This unit is field installed. Ordering information can be found on page RE26. Length of power cord is 10 feet.

Walden Product Information

Exterior Wood Materials
Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Walden product line. To attain a pleasing, symmetrical pattern, all veneers in Walden are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Walden is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Work Surface Construction
Tops are 3-ply balanced construction, 1 3⁄16″ thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

Case Construction
All construction is a combination of mortise and tenon with bore and dowel.

All panels are ¾″ thick with 3-ply construction and rimmed with veneer bands.

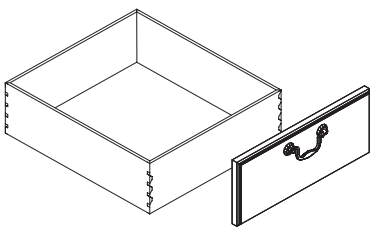

Arm slides are 3-ply construction, banded on all four sides with veneer. Pedestals are enclosed at the bottom with a ⅛″ thick panel securely fastened to the bottom of the pedestal.

Each corner of the pedestal has a metal reinforcement bracket with a 2 ½″ adjustable glides. All glides can be adjusted from inside the pedestal by removing the bottom drawer.

Drawer Construction
The standard Baltic Birch drawer is constructed with ½″ thick high quality Baltic Birch plywood with a durable finish. This five sided drawer box features fully glued dovetail construction ensuring a solid, warp resistant drawer box.

Veneered bottoms are framed into grooves on four sides. Bottoms are then glued, stapled, and reinforced with a continuous band of glue.

The optional V-fold drawer interior is a ½″ durable, miter-fold drawer system. The V-fold vinyl wrapped drawer sides form a mitered box. The box is glued and doweled, the drawer fronts attached to the box.

Drawer Suspension
The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

Filing Hardware
All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages WN12-WN13.

Locking
All desk, credenzas and freestanding pedestals with drawers are face locked. Locks are located in the upper right corner of top drawer. Door locks are available as an option.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors
We offer a variety of wood stains on Walden. Please see the chart below. Samples are available upon request.

ESS	Essentials Veneer Collection		
BRK	Brickdust	OBK	Outback
CSK	Cask	SIE	Sienna
CLY	Clay	TRF	Truffle
MES	Mesa	UMB	Umber
MCH	Mocha		

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Walden Product Information

Product Modification

Laminate Tops
Work surface only, no additional upcharge if Walden's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

ESS Essentials Veneer

BRK	Brickdust	MCH	Mocha
CSK	Cask	OBK	Outback
CLY	Clay	UMB	Umber
MES	Mesa		

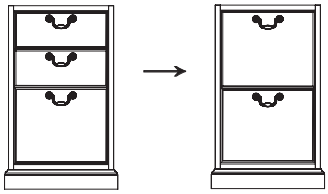

Special Finishes
Special finishes can be requested by following the instruction in the general introduction section. There is a one time charge of **$384** list per order.

Finish Sheen
All veneer finishes, for Walden, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

Special Veneer
Upon request standard veneer can be changed to a special veneer contact Customer Service for availability and pricing.

Pedestal Configuration Change
Pencil-box-file configuration is standard on all desks pedestals. Standard configurations for all other units are listed in the pricing section for that model.

Drawer configurations can be switched from a pencil-box-file or box-box-file to a file-file configuration on units 28¾″ high, but must be specified at the time of order with an additional **$198** list per pedestal.

Changing from pencil-box-file to file-file pedestal will eliminate the writing shelf (arm slide).

Special Sizes from Standard Offering

The following chart contains pricing for general modifications to Walden. **All modifications still must be approved by JSI manufacturing**, please contact Customer Service to verify any of the modifications listed in the chart below. More complex modification to standard product may be possible.

This chart does not apply to glass doors, or to metal components; such as grill on doors and cornices. Any changes to file drawers will affect filing capabilities.

Increasing Dimensions - Add On to the list Per 6″ Occurrence

Overhead	
Increasing width	$1,168
Increasing depth	$1,997
Increasing width with doors	$1,386
Increasing depth with doors	$2137
Any Pedestal	
Increasing width	$1,660
Increasing depth	$1,482
Any Panel	
Increasing width	$379
Any Top	
Increasing width	$494
Increasing depth	$695

Decreasing Dimensions Add On to the list Per 6″ Occurrence

Overhead	
Decreasing width	$257
Decreasing depth	$257
Decreasing width with doors	$351
Decreasing depth with doors	$351
Any Pedestal	
Decreasing width	$1,111
Decreasing depth	$992
Any Panel	
Decreasing width	$131
Any Top	
Decreasing width	$193
Decreasing depth	$193

Example 1
Increasing open corner credenza width by 11″, from 86″to 97″.
Add Top Width ($494 × 2) [*$494* for each 6″ increment]
Add Panel Width ($379 × 2) [*$379* for each 6″ increment]
Total Modification = $1,746

Example 2
Increasing a desk pedestal depth from 36″ to 40″ & increase the width of the same pedestal by 8″
Add Pedestal Depth $1,482
Add Pedestal Width ($1,660 × 2) [*$1,660* for each 6″ increment]
Total Modification = $4,802

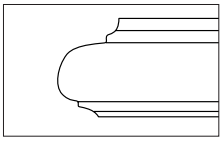

Example 3
Decreasing an overhead from 62″ to 58″ width & increasing the depth by 3″
Add Overhead Width $1168
Add Overhead Depth $1,997
Total Modification = $3,165

Worksurface Grommets

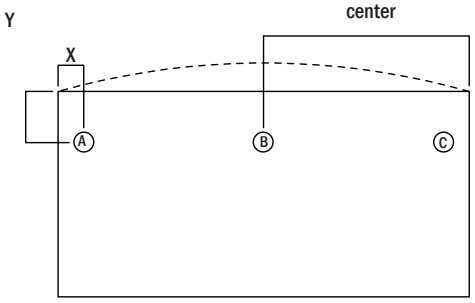

G3A - 2"
Antique Brass
G3B - 2"
Matte Black

Work Surface Grommet Locations

The optional grommet locations on the desk, run-off desk, bridges, credenzas and returns are predetermined on the Walden product. Grommet locations are indicated below with an (A) for left, (B) for center, (C) for right, and (D) for center end.

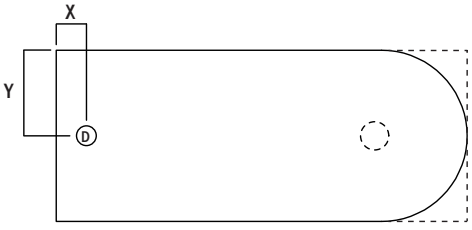

Add $118 to the list for each additional grommet.

Pedestal Desk

X = 4½″
Y = 8¼″

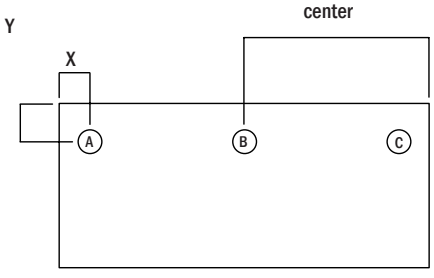

Support End and Run-Off Desk

X = 4½″ from connect end
Y = center

Bridges, Returns and Credenzas

Center grommet is not available on open corner lateral credenzas and lateral returns due to the location of the pedestal.

X = 4½″
Y = 5"

Note: Grommet not recommended over pedestal, contact Customer Service for other locations.

Walden Conference Product Information

Walden Product Information

Exterior Wood Materials
Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Walden product line. To attain a pleasing, symmetrical pattern, all veneers in Walden are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Walden is available in flat cut cherry veneer and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Work Surface Construction
Tops are 3-ply balanced construction, 1 3⁄16″ thick with solid matching hardwood edges. Tops are available in federal edge style profile.

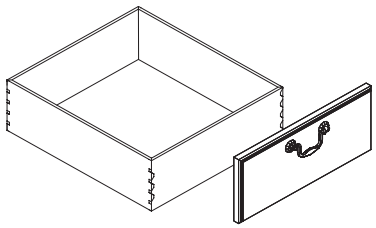

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

Base Construction
Panels are joined together by mortise and tenon construction. In addition to mortise and tenon joint construction. Leveling glides are set into solid hardwood with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the bases with top fastening cleats screwed to the inside of the panels.

Drawers
he standard Baltic Birch drawer is constructed with ½″ thick high quality Baltic Birch plywood with a durable finish. This five sided drawer box features fully glued dovetail construction ensuring a solid, warp resistant drawer box.

Veneered bottoms are framed into grooves on four sides. Bottoms are then glued, stapled, and reinforced with a continuous band of glue.

The optional V-fold drawer interior is a ½″ durable, miter-fold drawer system. The V-fold vinyl wrapped drawer sides form a mitered box. The box is glued and doweled, the drawer fronts attached to the box.

Drawer Suspension
The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension.

Finish - Stain/Colors
We offer a variety of wood stains and paint colors on Walden. Please see the chart below. Samples are available upon request.

ESS	Essentials Veneer Collection		
BRK	Brickdust	OBK	Outback
CSK	Cask	SIE	Sienna
CLY	Clay	TRF	Truffle
MES	Mesa	UMB	Umber
MCH	Mocha		

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Walden Product Information

Product Modification

Laminate Tops
Worksurface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

ESS	Essentials Veneer		
BRK	Brickdust	MCH	Mocha
CSK	Cask	OBK	Outback
CLY	Clay	UMB	Umber
MES	Mesa		

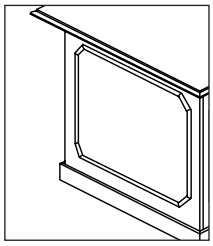

Special Finishes
Special finishes can be requested by following the instruction in the general introduction section. There is a one time charge of $384 list per order.

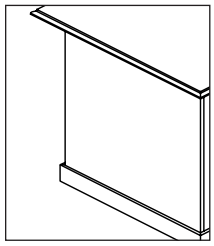

Finish Sheen
All veneer finishes, for Walden, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

Product Modification

Trim Molding
Walden Trim molding is an option on all Walden products.

Walden trim molding (WDM) or without molding (WOM) can be specified at the time of order placement. Use the appropriate pricing column.

Walden Molding (WDM)

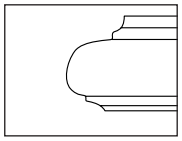

Base Molding Only (WOM)

Wellington Product Information

Exterior Wood Materials
Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Wellington product line. To attain a pleasing, symmetrical pattern, all veneers in Wellington are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Wellington is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Work Surface Construction
Tops are 3-ply balanced construction, 1 3⁄16" thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

Top can be routed to accept 3 piece leather inlay.

Case Construction
All construction is full mortise and tenon.

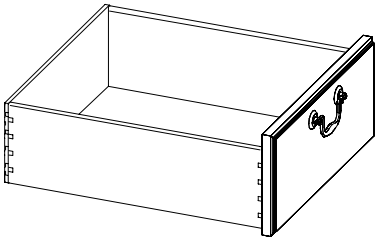

Some panels are 7⁄8" and others are 13⁄16" thick. All panels are 3-ply construction. End panels and pedestal back panels are mitered and lock jointed together on approach side of desk.

Pedestals are enclosed at bottom by a 1 1⁄16" framed base platform, securely fastened to panels.

Arm slides are 3-ply construction, banded on all four sides with veneer.

Drawer Construction
All drawer fronts are 5-ply construction with a hardwood core. Veneer grain runs in a vertical direction. Drawer sides and backs are solid wood with top edges of sides completely rounded. Drawers are joined at front using a French dovetail and the back by an English dovetail. Veneered bottoms are framed into grooves on four sides and glued. All drawer interiors are finished with special toner and covered with a clear coat. Drawer bottoms are sanded and hand-rubbed.

All drawer bottoms are glued, stapled and reinforced with hand-fitted glue blocks.

Drawer Suspension
The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

Filing Hardware
All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages WE16-WE17.

Locking
Locking is standard in all desks, credenzas and modular units. Door locks are available as an option.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors
We offer a variety of wood stains and paint colors on Wellington. Please see the chart below. Samples are available upon request.

ESS	Essentials Veneer Collection		
BRK	Brickdust	OBK	Outback
CSK	Cask	SIE	Sienna
CLY	Clay	TRF	Truffle
MES	Mesa	UMB	Umber
MCH	Mocha		

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Wellington Product Information

Product Modification

Laminate Tops
Worksurface only, no additional upcharge if Wellington's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

ESS Essentials Veneer

BRK	Brickdust	MCH	Mocha
CSK	Cask	OBK	Outback
CLY	Clay	UMB	Umber
MES	Mesa		

Special Finishes
Special finishes can be requested by following the instruction in the general introduction section. There is a one time charge of $384 list per order.

Finish Sheen
All veneer finishes, for Wellington, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

Special Veneer
Upon request standard veneer can be changed to a special veneer contact Customer Service for availability and pricing.

Adjusting Sizes
All charges are to be added to the list price of the unit. All size adjustment need approval by JSI Engineering, contact Customer Service.

Re-size standard tops or bases (shorter or narrower)	$624

Wellington Product Information

Edge and Hardware

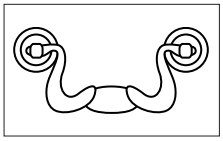

Wellington is available with the Federal Edge Profile and two hardware options. Each hardware is available in antique or burnished brass.

Edge Profile

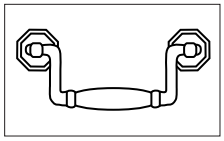

Federal Edge Profile
Accepts Laminate Top

Drawer Hardware

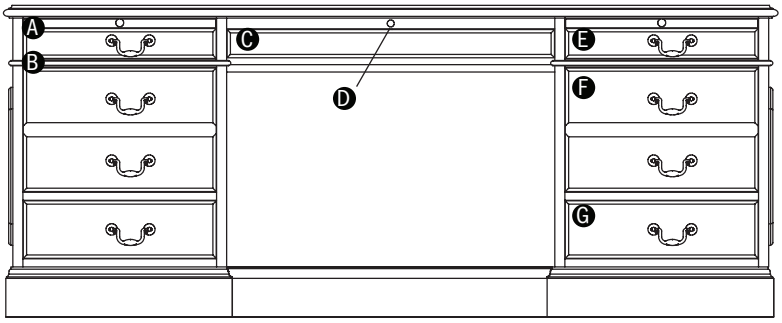

Wellington Hardware
Antique Brass (ANB)
Burnished Brass (BBR)

Windsor Hardware
Burnished Brass (BBR)

Drawer Pedestals

Wellington has unique construction on the pedestals as described below. Space does not allow for file-file configuration.

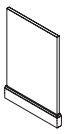

Pedestal Configuration

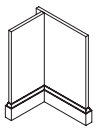

- Ⓐ **Pedestal Writing Shelf**
- Ⓑ **Horizontal Trim Molding** *(molding can be eliminated)*
- Ⓒ **Center Drawer** *(with pen tray)*
- Ⓓ **Central Locking** *(locks all drawers)*
- Ⓔ **Top Tray Drawer**
- Ⓕ **Center File Drawer** *(front made as two box drawers)*
- Ⓖ **Lower Box Drawer**

End Support Components

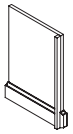

Wellington offers end support components that can be used with other modular items to create modular freestanding applications.
Note: Spans 48" or greater requires a support rail

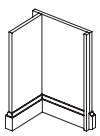

End Panel Support
PE8028
Use as support for modular credenza configuration

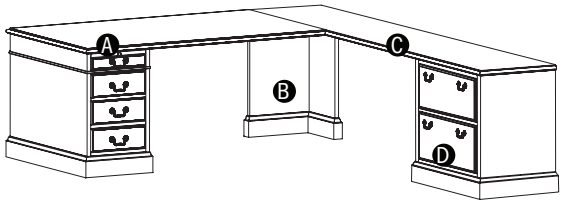

End L-Panel Support
PELF8028R *(right shown)*
Use as additional support for either freestanding credenza or when connecting run-off desk to modular credenza configuration.

End Panel Support
PE8028R *(right shown)*
Use as support for modular credenza configuration when connecting to a return or a bridge.

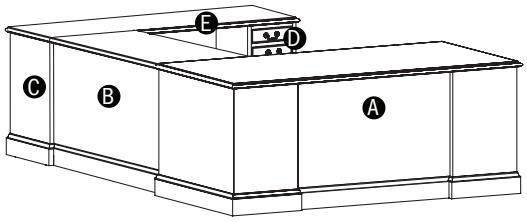

End L-Panel Support
PELC8028R *(right shown)*
Use as additional support for modular credenza configuration and connecting to return or bridge.

Example 1

- Ⓐ PRR8066L *Run-Off Desk*
- Ⓑ PELF8028L *End L-Support*
- Ⓒ TU8091 *Modular Top*
- Ⓓ FD8031N *File/File Pedestal*

Base & Leg Options

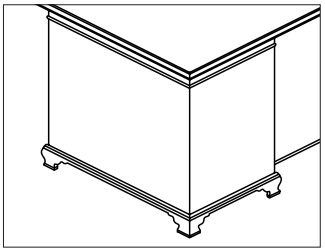

Wellington units feature a standard traditional style base molding. The Bracket Base and Georgian Feet are available on Wellington desks, credenzas, returns, bookcases, lateral files and wardrobes. Connecting units must always have the same base style. Modesty panels on returns and bridges may be specified without base molding to coordinate with the Bracket Base and Georgian Feet styles. Table desks are standard with the fluted leg.

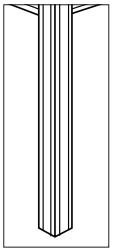

Standard Base

Bracket Base Option
Add $926 list for double pedestal desk, single pedestal desk and open corner credenzas.
Add $789 list for kneespace credenzas.
Add $435 list for run-off desks, returns, storage credenzas, bookcases with bases, wardrobes and pedestal units with base.
Add $336 list for non-handed pedestal ends.

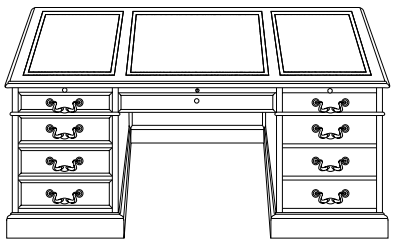

Georgian Feet
Add $1,035 list for double pedestal desks, kneespace credenzas and storage credenzas over 72"w.
Add $995 list for single pedestal desks, run-off desks, returns, storage credenzas 71"w and less, open corner credenzas, bookcases with bases, wardrobes and pedestal units with base.
Add $387 list for non-handed pedestal ends.

Fluted Leg

3-Piece Leather Inlay

The prestige of Wellington can be enhanced with a 3-Piece Leather Inlay, which may be added to the worksurface of any freestanding desk for a $3,091 upcharge to list price.

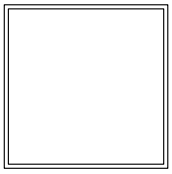

Cortina Leather Options
Caprone
Old English

Leather Inlay is limited to specific style and thickness of leather.
Call Customer Service for more information.
Visit jsifurniture.com for leather colors.

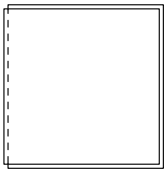

Wellington Product Information

Edge Shaping

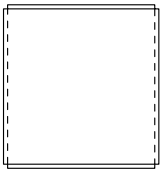

Freestanding desks and storage units such as credenzas and overheads are shaped all sides. Run-Off desks, returns, and bridges use a combination of shaped sides and reverse shaped sides.

Shaped All Sides
Freestanding Desks
Storage Units

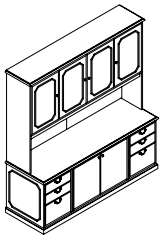

Shaped 3 Sides with Reverse Shape on Connecting End
Run-Off Desks and Returns

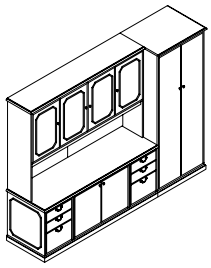

Shaped 2 Sides with Reverse Shape or Flat Cut on Connecting Ends
Bridges

Flat Cut Option

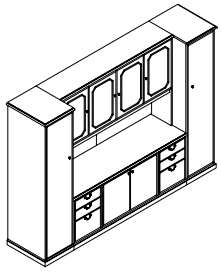

Storage units have the option to have the left, right or both sides flat cut to allow for flush alignment against other units. Handedness is determined when facing the front of the unit. See pricing pages for additional charges.

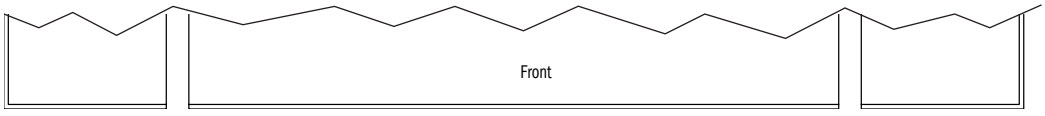

Shape Front and Both Side

Flat Cut

Flat Cut
(see details below)

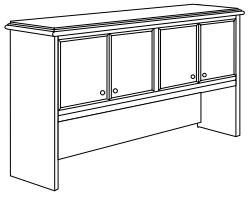

Flat Cut Right (FER) | Flat Cut Both Sides (FEB) | Flat Cut Left (FEL)

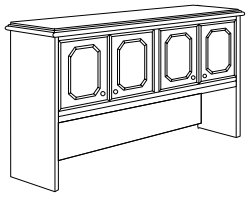

Wellington Product Information

Picture Frame Molding

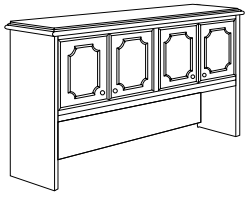

Door options for the BOS8069 overhead storage may be specified without molding (WOM), with Wellington molding (WLM), or with Westminster molding (WSM).

No Molding (WOM)
Standard

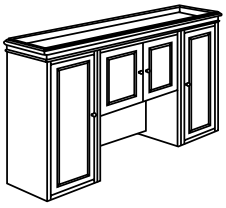

Wellington Molding (WLM)
Add $569 to the list price

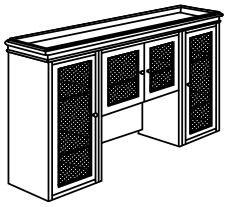

Westminster Molding (WSM)
Add $569 to the list price

Door Styles

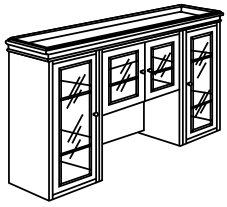

Door styles for overhead storage units are determined by the specific model number and include wood doors with inset detail, grilled doors, and beveled glass doors. Open storage units without doors are also available.

Wellington Conference Product Information

Wellington Product Information

Exterior Wood Materials
Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Wellington product line. To attain a pleasing, symmetrical pattern, all veneers in Wellington are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Wellington is available in flat cut cherry veneer and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

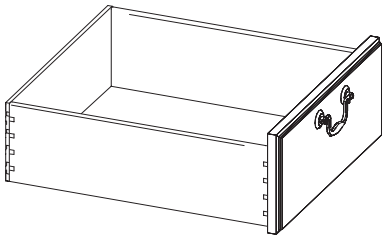

Work Surface Construction
Tops are 3-ply balanced construction, 1 3⁄16" thick with solid matching hardwood edges. Tops are available in federal edge style profile.

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

Base Construction
Panels are joined together by mortise and tenon construction. In addition to mortise and tenon joint construction. Leveling glides are set into solid hardwood with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the bases with top fastening cleats screwed to the inside of the panels.

Drawers
All drawer fronts are 5-ply construction with a hardwood core. Veneer grain runs in a vertical direction. Drawer sides and backs are solid wood with top edges of sides completely rounded. Drawers are joined at front using a French dovetail and the back by an English dovetail. Veneered bottoms are framed into grooves on four sides and heavily glue blocked. All drawer interiors are finished with special toner and covered with a clear coat. Drawer bottoms are sanded and hand-rubbed.

All drawer bottoms are glued, stapled and reinforced with hand-fitted glue blocks.

Drawer Suspension
The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension.

Locking
Locking is standard in all credenzas and modular units. Door locks are available as an option.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors
We offer a variety of wood stains and paint colors on Wellington. Please see the chart below. Samples are available upon request.

ESS	Essentials Veneer Collection		
BRK	Brickdust	OBK	Outback
CSK	Cask	SIE	Sienna
CLY	Clay	TRF	Truffle
MES	Mesa	UMB	Umber
MCH	Mocha		

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Wellington Product Information

Product Modification

Laminate Tops
Worksurface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

ESS Essentials Veneer

CSK	Cask	OBK	Outback
CLY	Clay	UMB	Umber
MES	Mesa		

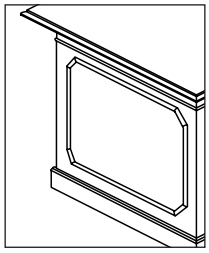

Special Finishes
Special finishes can be requested by following the instruction in the general introduction section. There is a one time charge of $384 list per order.

Finish Sheen
All veneer finishes, for Wellington, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

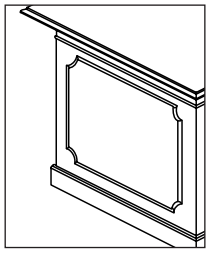

Product Modification

Trim Molding
Wellington offers four different trim molding options:
WLM Wellington
WSM Westminster
WNM Windsor
WOM Without Molding

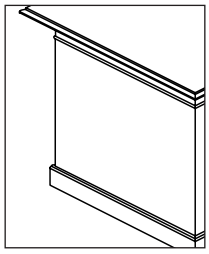

Tables and credenzas have molding on the side of the bases and panels, use the appropriate pricing column, when applicable.

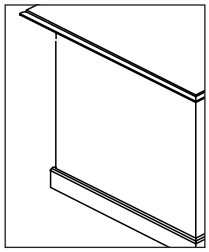

Wellington Molding
Use the **WLM** pricing column

Westminster Molding
Use the **WSM** pricing column

Windsor Molding
Use the **WNM** pricing column

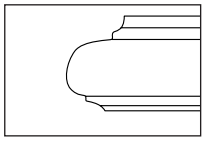

Without Molding
Use the **WOM** pricing column

Power and Data

JSI

Standard Power and Data Locations for Casegoods:

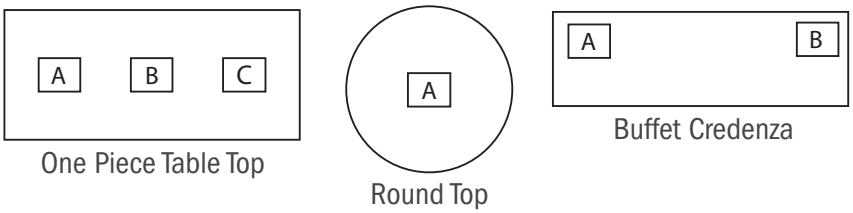

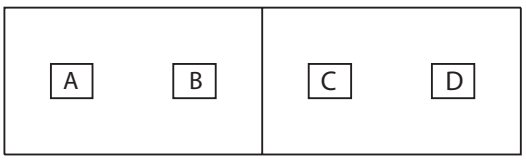

- Specify - Location when ordering on desk, return, computer corner, bridge and credenza - please provide drawing.
- Computer corner units - power/data replaces grommet.
- Standard power and data unit locations are indicated from user side of desk, return, computer corner bridge or credenza.

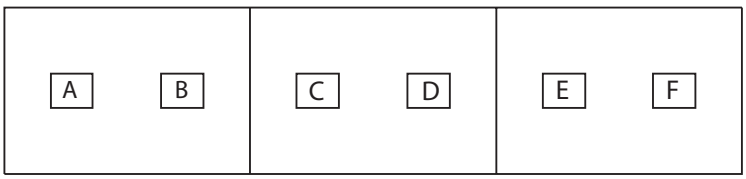

NOTE: Verify fit of data jack in adapter before ordering large quantities as manufacturer designs may change without notice

---

Standard Power and Data Locations for Tables and Conference Units:

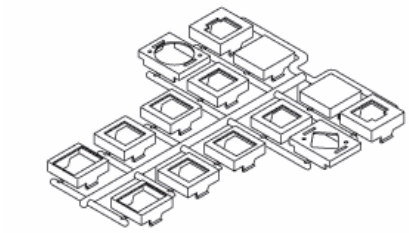

- Verify fit of jack in adapter before ordering large quantities as manufacturer designs may change without notice.
- Installation of Power and Data units on a seam of multi piece tops should be avoided when possible.
- Specify location when ordering conference tops or buffet credenza.
- Standard power and data units are indicated from the side of conference tops and user side of buffet credenza.

Data Adapter Applications

Data adapter kits ship with each power and data unit.

Adapter plates are marked on the back with letter designators to indicate the data jack manufacturer, series and style. Websites are listed below for quick reference to verify data jack series or style.

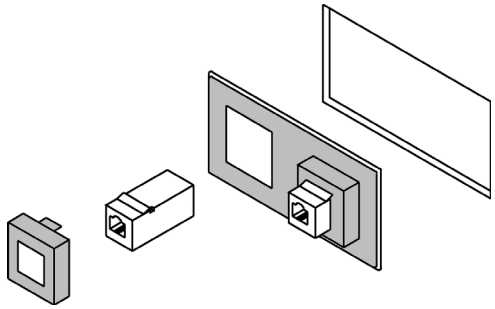

Included with EC9, EC10, EC13, EC15, TCP110 and CC9CNE1-0708.

NOTE: Verify fit of data jack in adapter before ordering large quantities as manufacturer designs may change without notice.

· one HDMI female to female with 36″ cord
· for use in EC4, EC5, EC6, EC7, EC36, EC37, EC38 and EC57

Specification information shown at right.

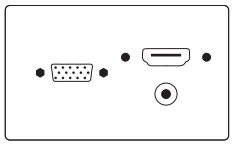

Type 1 Telecom Plates/Jacks

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
Data Plate - VGA and Mini-Stereo		1 ¾	3 ⅛			TCP108	$216

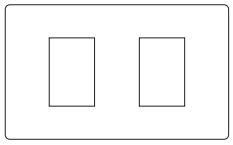

- one VGA female to female with 72″ cord
- one Mini-Stereo Inline
- for use in EC4, EC5, EC6, EC7, EC36, EC37, EC38 and EC57

Data Plate - VGA, HDMI and Mini-Stereo		1 ¾	3 ⅛			TCP109	$373

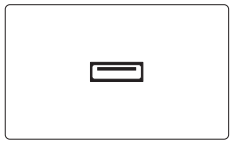

- one VGA female to female with 72″ cord
- one HDMI female to female with 36″ cord
- one Mini-Stereo Inline
- for use in EC4, EC5, EC6, EC7, EC36, EC37, EC38 and EC57

Data Plate - Two Open Data Ports		1 ¾	3 ⅛			TCP110	$17

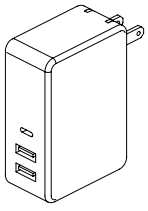

- used with two Type 3 Telecom Jacks; see page GP19
- for use in EC4, EC5, EC6, EC7, EC36, EC37, EC38 and EC57

Data Plate - USB 3.0		1 ¾	3 ⅛			TCP111	$245

- one USB 3.0 Type A/A with 36″ patch cord with male end
- for use in EC4, EC5, EC6, EC7, EC36, EC37, EC38 and EC57
- data transfer port
- can become powered USB charging port with addition of TCP111-POW power supply

USB Charging - Power Supply						TCP111-POW	$106

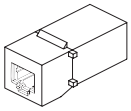

- USB power supply
- for use with TCP111
- converts TCP111 into USB charging port
- power source under table or from building required to power unit

Type 2 Telecom Jacks

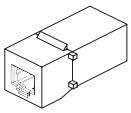

JSI

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
Phone Jack						**TCP201**	**$70**

- RJ-11 phone jack
- for use in EC7

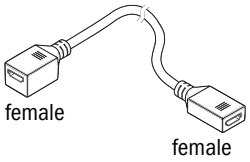

Data Jack						**TCP202**	**$92**

- CAT6-RJ45 data jack
- for use in EC7

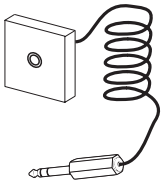

Specification information shown at right.

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
HDMI Connector						**TCP301**	**$114**

- HDMI coupler
- 18″ cord
- female to female connection
- for use in EC9, EC10, EC13, EC15
- uses data adapter kit CCC adapter plate

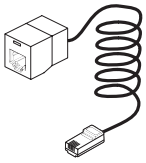

Mini Stereo Jack						**TCP302**	**$58**

- 3.5 mm Mini Stereo Jack
- 10 foot cord
- female to male connection
- for use in EC9, EC10, EC13, EC15
- installs directly into unit without need of data adapter kit

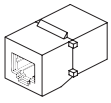

Excluded from GSA Contract/Open Market

Network Jack						**TCP303**	**$105**

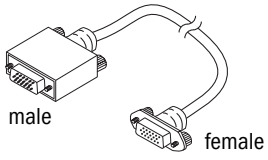

- Cat5e RJ-45 Panduit Jack
- Pre-terminated
- 9 foot cord
- 8-Pin
- for use in EC9, EC10, EC13, EC15
- uses data adapter kit FFF adapter plate

Voice Coupler						**TCP304**	**$43**

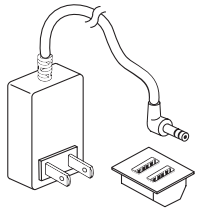

- AMP Category 3, RJ-11
- 6-Pin
- connects to standard phone cord
- for use in EC9, EC10, EC13, EC15
- uses data adapter kit CCC adapter plate

Data Jack - VGA 15 Pin						**TCP305**	**$141**

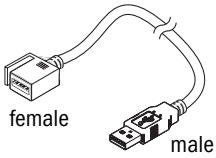

- 120″ M/F cable - female-to-male connection
- 15 pin connections
- provides electronic device to remove display connection
- uses data adapter kit HHH adapter plate

Dual Powered USB Charging						**TCP306**	**$180**

- two (2) USB-A connections for USB powered devices or charging mobile electronics
- 2000mA (2 amp) charging power per USB port
- black or white option
- for use in EC9, EC10, EC13, EC15
- installs directly into unit without need of data adapter kit
- 72″ cord

Data Jack - USB 3.0						**TCP307**	**$98**

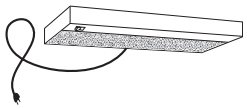

- USB 3.0 data jack with 10' cord and male plug
- for use in EC9, EC10, EC13, EC15
- data transfer port - no USB charging capability
- data transfer speed up to 5gbs/sec
- uses data adapter kit CCC adapter plate

Tasklights

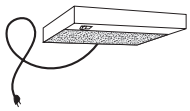

JSI

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
48"w Tasklight	4 ½	48	1 ½	6	1	**48T5L**	$361

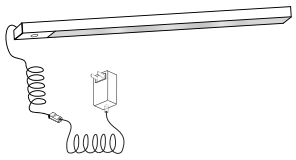

- use with overhead cabinets 60" wide and larger
- uses slim energy-efficient T5 - 3500k lamp (included)
- two position on - off switch
- prismatic lens with electronic ballast
- ETL listed component
- factory installation optional (no additional charge); please specify unit where light is to be installed

24"w Tasklight	4 ½	24	1 ½	4	1	**24T5L**	$335

- use with overhead cabinets 30" wide and larger
- uses slim energy-efficient T5 - 3500k lamp (included)
- two position on - off switch
- prismatic lens with electronic ballast
- ETL listed component
- factory installation optional (no additional charge); please specify unit where light is to be installed

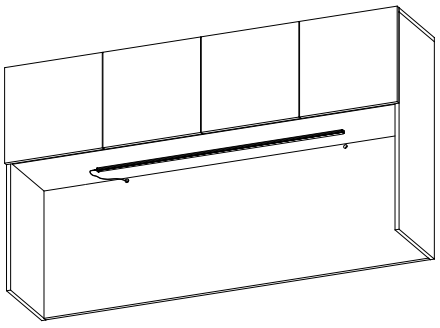

LED Tasklight	½	60	¾	3	1	**TL60LEDF**	$348
	½	45	¾	3	1	**TL45LEDF**	$299
	½	39	¾	3	1	**TL39LEDF**	$265
	½	27	¾	3	1	**TL27LEDF**	$231

- low profile LED tasklight
- toggle on and off switch
- 4000K cool white
- 13ft cord
- dimmable
- includes attaching brackets, adhesive tape and wire manager
- recommended tasklight length for each cabinet size; see chart below

LED Tasklights

Tasklights are available for overhead cabinets. Specify separately. Grommet holes for wire management are ⅝" diameter for the LED tasklight. Refer to the chart to the right for the recommended tasklight length according to overhead cabinet width.

Overhead Width	Tasklight Model Number	Tasklight Length
96"	TL60LEDF	60"
90"	TL60LEDF	60"
84"	TL45LEDF	45"
78"	TL45LEDF	45"
72"	TL45LEDF	45"
66"	TL45LEDF	45"
60"	TL39LEDF	39"
54"	TL27LEDF	27"
48"	TL27LEDF	27"
42"	TL27LEDF	27"
36"	TL27LEDF	27"
30"	TL27LEDF	27"

Specification information shown at right.

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
31″w LED Starter Tasklight	2	31	½	4	1	**TL31LED-S**	**$541**

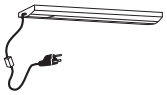

- use with overhead cabinets 42″ wide and larger
- slim energy-efficient stand alone or starter LED lamp
- soft touch switching with instant on to fade way off
- infinite dimming with last state memory (dimming range 100% to 15%)
- automatic time off after 10 hours
- includes power supply
- ETL listed component
- GSA compliant
- factory installation optional (no additional charge); please specify unit where light is to be installed

31″w LED Linking Adder Tasklight	2	31	½	4	1	**TL31LED-A**	**$423**

- use with overhead cabinets 42″ wide and larger
- slim energy-efficient LED lamp for linking to a starter tasklight
- string may contain 1 starter with up to five adders
- soft touch switching with instant on to fade way off
- infinite dimming with last state memory (dimming range 100% to 15%)
- automatic time off after 10 hours
- ETL listed component
- GSA compliant
- factory installation optional (no additional charge); please specify unit where light is to be installed

17″w LED Starter Tasklight	2	17	½	2	1	**TL17LED-S**	**$418**

- use with overhead cabinets 30″ wide and larger
- slim energy-efficient stand alone or starter LED lamp
- soft touch switching with instant on to fade way off
- infinite dimming with last state memory (dimming range 100% to 15%)
- automatic time off after 10 hours
- includes power supply
- ETL listed component
- GSA compliant
- factory installation optional (no additional charge); please specify unit where light is to be installed

17″w LED Linking Adder Tasklight	2	17	½	2	1	**TL17LED-A**	**$360**

- use with overhead cabinets 30″ wide and larger
- slim energy-efficient LED lamp for linking to a starter tasklight
- string may contain 1 starter with up to five adders
- soft touch switching with instant on to fade way off
- infinite dimming with last state memory (dimming range 100% to 15%)
- automatic time off after 10 hours
- ETL listed component
- GSA compliant
- factory installation optional (no additional charge); please specify unit where light is to be installed

Motion Sensor for Tasklights	2	3	½	1	1	**TL03-OCPS**	**$462**

- occupancy sensor for LED tasklights
- integrates with TL31LED or TL17LED
- shuts off after 30 minutes of inactivity
- connects to end of light fixture (adds 3″ to length of fixture)
- one sensor controls starter and connected adders

Keyboard Accessories

GSA Contract SIN #33721

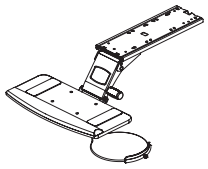

JSI

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
Articulating Keyboard Tray	13	24	7	14	2	AK2	$536

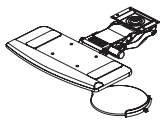

- articulating keyboard tray - black color
- mouse tray included
- 16″ glide track
- easy one-handed adjustment; vertical range of motion of 5.1″ below glide track
- tray tilt range +10 degree to -20 degree
- unit swivels side-to-side
- tray size is 19.4″ wide x 9.4″ deep
- tray includes palm rest
- tray is made with recyclable high density polyethylene

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
Articulating Keyboard Tray	13	24	7	12	2	AK3	$567

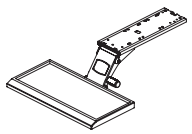

- articulating keyboard tray - black color
- mouse tray included
- 17″ glide track
- easy one-handed adjustment; vertical range of motion of 8.9″; (6.5″ below the glide track and an additional 2.38″ above)
- tray tilt range +10 degree to -20 degree
- unit swivels side-to-side
- tray size is 19.4″ wide x 9.4″ deep
- tray includes palm rest
- tray is made with recyclable high density polyethylene

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
Articulating Keyboard Tray	11	23	3	11	2	AK5	$552

- trackless articulating keyboard tray - black color
- mouse tray included
- use when depth under work surface for mounting is limited; minimum of 9.38″ depth recommended
- easy one-handed adjustment; vertical range of motion of 5.73
- tray tilt range +10 degree to -15 degree
- unit swivels side-to-side
- tray size is 19.4″ wide x 9.4″ deep
- tray includes palm rest
- tray is made with recyclable high density polyethylene

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
Articulating Keyboard Tray	14	23	7	15	2	AK4	$598

- articulating keyboard tray - wood finish tray with black mechanism
- recommended for spaces with 24″ clearance side to side
- mouse tray purchased separately - specify MT4
- 17″ glide track
- easy one-handed adjustment; vertical range of motion of 8.9″; (6.5″ below the glide track and an additional 2.38″ above)
- tray tilt range +10 degree to -20 degree
- unit swivels side-to-side
- tray size is 21.75″ wide x 11″ deep
- wood tray requires finish selection; see component finishes for the selection

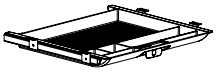

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
Keyboard Tray Mouse Pad	8	8	1/4	2		MT4	$201

- adjusts for user comfort
- 8″ x 8″
- for left or right hand operation
- compatible with AK4 Keyboard Drawer only

Monitor Arms

JSI

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
Monitor Support Arm	12	6	17	9		AMA3B	$666

- 360 degree swivel
- adjusts height, tilt and distance of monitor screen to user
- integrated cable management
- grommet and edge clamp mount included
- black finish
- monitor not included
- will fit monitors made to the VESA standard of 75 mm or 100 mm hole spacing in a square configuration

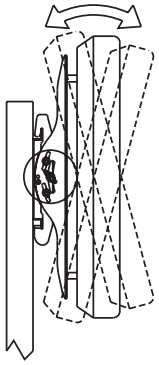

Conference

Flat Screen Mount - Universal Bracket (standard with TV, DTV and FSTV model)

Peerless® ST650 universal tilting flat screen mount is supplied with the FSTV Flat Screen Mounting Frame.

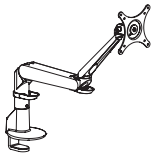

- For use with 32″-50″ screens
- Maximum weight 175 lbs. (79kg)
- Tilt 15° forward and -5° backward angles
- Mounting pattern allows up to 6″ of vertical adjustment

NOTE: To verify TV interface to universal bracket
1. Access website - www.peerlessmounts.com
2. Locate “Mount Finder™” on home page side navigation bar
3. Enter make and/or model of your flat screen
4. Verify model: ST650 is listed as available model
