## RAW. AUTHENTIC. NATURAL.

---

Native tables, lecterns, credenzas, and media walls take a minimalist approach to design that evokes the lines and textures of the world around us. Plus, technology is cleverly integrated into each piece, keeping distractions out of sight.

*meet Native.*

## EVERY MEETING FINDS ITS MATCH.

As offices change to serve more than one purpose, Native sets the stage for focused work and impromptu office collaboration.

This image features a discontinued laminate, Oatmeal Cookie. Closest recommended alternative is Egret laminate.

This detail features a discontinued laminate, Aged Ash. Closest recommended alternative is Fawn laminate.

### EXTRA TOUCHES THAT SERVE A PURPOSE.

Every Native piece is designed to add something important to a space. Magnetic wire management, integrated storage compartments, and in-surface power options work hard to make conferencing easy.

Whether creating a space for solo work or an adaptable meeting space — or both — Native stays just as clean and focused. Credenzas can be joined with tables or stand alone, and integrate key functions like technology, storage, and even recycling bins.

**power options**

Multiple power placements combined with easy access panels create charging areas with ease.

**concealed storage**

Wall mounted credenzas provide storage without taking up floor space, and coat hooks add convenience.

**agile training**

Mobile lecterns keep tools close—charging-ready, storage-smart. Markerboards nest easily to support flexible flow.

**waste solutions**

Built-in waste and recycling options are available in credenzas or drawers—keeping shared spaces clutter-free.
