

*Kindera*

performance recliner

 JSI #lovewhatyoudo

**CARE STARTS WITH CONNECTION.**

Kindera embodies our drive to promote seamless, engaged care. Patients can feel at ease during their treatment and recovery, while providers can flow through their work naturally.

**Designed by Mike Shields**

**KINDERA**

*performance recliner*

# KINDERA

---

## HUMAN AT THE HEART

Kindera's human-centered design provides comfort where it's needed most. Adjustment controls are intuitively located for easy access by providers so they can remain focused on the patient while giving care.

## **KINDERA**

---

### **CARE COMES NATURALLY**

Caregivers easily maintain eye contact with patients while engaging caster locks.

*comfort at* EVERY TURN.

# KINDERA

---

## COMFORT AT EVERY TURN

Options for heat, massage, power, and a convenient folding table, along with design variations to accommodate different body types, help enhance comfort during infusion therapy and long-term care settings.

## KINDERA

---

### SUPPORTS COMFORT IN MOTION

A smooth gliding experience paired with thoughtful support helps create a calm, restorative place to reset and recharge.

## A RECLINER LIKE NO OTHER

Kindera's smart design features make it preferred by caregivers while giving patients a safe, comfortable place to rest, recline and recover.

### ARM CAPS

Wide arm surfaces available in polyurethane, solid surface or 3D laminate are ergonomically designed for lasting comfort.

### DUAL BACK RECLINE LEVERS

Accessible, elongated levers below the arm caps easily activate the back's infinite recline.

### FOLDING TABLE

A pull-up surface for drinks, meals, or small personal items.

### FOLEY HOOK (not shown)

A fold-down Foley hook is available on select configurations.

### CENTRAL CASTER LOCK LEVER

Positioned at arm height, dual-sided levers allow caregivers to easily lock or release casters, while maintaining eye contact with their patients.

### PUSH HANDLES

Vertical handles, accessible from either side, make repositioning easy.

### WALL SAVER

Designed to help protect both walls and upholstery by keeping the chair clear of the wall in upright positions.

### CASTERS

4" non-marking, individual swivel casters come standard, with front-locking control. Central locking casters available as an upgrade.

### BASE TRIM BUMPER

Nylon trim provides a first contact point to protect the upholstery edges.

# KINDERA

---

## TRANS4RM™ SYSTEM

Allows either arm to retract into the recliner's frame, creating a seamless way to transfer patients without increasing the recliner's footprint.

# KINDERA

---

## SINGLE OR DUAL TRANSFER ARMS

Models using the Trans4rm™ system smoothly retract their arm into the frame, creating a smooth surface for safe patient transfers.

# KINDERA

---

## CASTER OPTIONS

4" non-marking, individual front-locking swivel casters come standard on all models.

Central locking casters are an upgrade available on all models. Dual-sided levers allow caregivers to easily lock or release casters, while maintaining eye contact with their patients.

*infinite* RECLINE.

# KINDERA

---

## SPLIT FOOTREST

A dual-panel design pivots out with a simple handle, offering flexible, comfortable leg support that adapts to individual positioning needs.

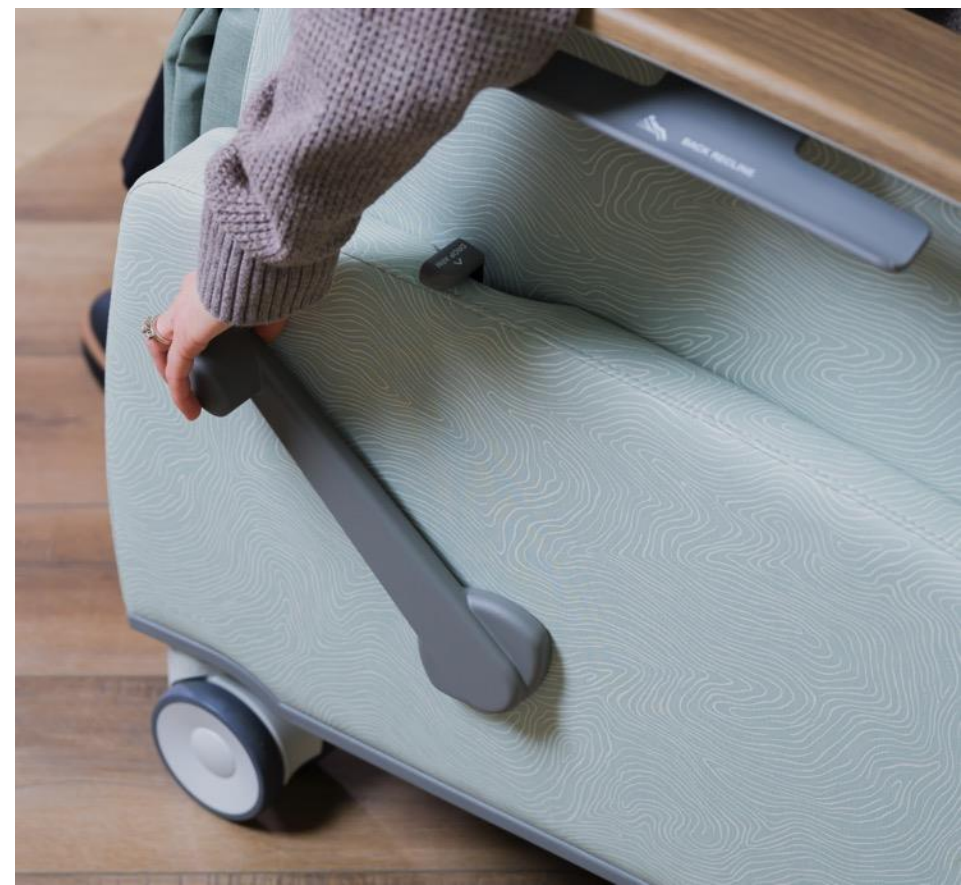

# KINDERA

---

## CONTINUOUS FOOTREST

With a smooth, pivoting motion and easy-to-reach handle, the continuous footrest delivers seamless leg support with a clean, uninterrupted surface that's easy to maintain.

# KINDERA

---

## FOOT TRAY

A roll-out foot tray with durable KYDEX® thermoplastic surface delivers added support when needed, then tucks away to keep the space clear.

# KINDERA

---

## PATIENT LIFT COMPATIBILITY

All models are designed to support compatibility with common patient lift solutions—enhancing safety, easing caregiver workflows, and supporting a more comfortable patient experience.

## **KINDERA**

---

### **BACK RECLINE LEVERS (DUAL-SIDED)**

Accessible, elongated levers below the arm caps easily activate the back's infinite recline.

# KINDERA

---

## TRENDELENBURG (DUAL-SIDED)

A foot pedal allows caregivers to quickly reposition the chair, elevating the patient's feet when needed.

# KINDERA

---

## WALL SAVER

Designed to help protect both walls and upholstery by keeping the chair clear of the wall in upright positions.

## **KINDERA**

---

### **PUSH HANDLES**

Vertical handles, accessible from either side, make repositioning easy.

# KINDERA

---

## HEAT + MASSAGE

Fixed arms offer three heat settings and optional massage for added comfort over time.

# KINDERA

---

## USB POWER

A USB A+C port provides convenient charging, with an integrated spill shield for added protection.

## KINDERA

---

### FOLEY HOOK

A fold-down Foley hook is available on select configurations.

# KINDERA

---

## CLEAN OUT

Designed to support simple, thorough cleaning around the seat.

# KINDERA

---

## REPLACEMENT PARTS

Designed for lasting comfort, the Kindera recliner ensures easy part replacement if damaged. This includes the seat, footrest, arm caps, individual locking casters and push handles.
