a multi-purpose chair

KNOX

JSI #lovewhatyoudo

BUILT TO MOVE WITH YOU.

Knox is a versatile seating family designed to move fluidly across spaces and settings. With a breadth of models, materials, and aesthetic options, it supports connection, collaboration, and comfort—wherever people come together.

Designed by Greg Saul of Tolleson Saul Design

meet Knox.

TAILORED TO FIT.

Whether you're creating a refined executive setting or a more relaxed workspace, Knox adapts. Wood back and chrome details offer visual richness, while upholstered and plastic options bring softness or simplicity—always with comfort at its core.

CONNECTED BY DESIGN.

Soften your setting with wood arm caps for those spaces that require extra attention to detail. Connect chairs, bariatric chairs, and linking tables in tandem to create low-profile spaces.

COMFORT, ELEVATED.

Easy access chairs combine elevated seating, supportive arms, and durable design to help patients sit and stand with greater comfort, safety, and confidence.
