Creating Configurations with Chairs and Tables

Knox provides multiple seating, linking brackets and connecting brackets to build an array of solutions for public seating needs, see examples on the next page and learn the building blocks below.

Multiple Seating

Unique model numbers have been created for two and three seat units.

Modular Multiple Seating

Multiple seating can also be ordered using modular components and assembled in the field. This allows for a row of chairs greater than three seats and only using one starter module. Adder and ender modules are shipped KD, instructions included.

Application of fabric:
 Railroaded Up the Roll

All COM orders will ship at standard lead time from receipt of COM except for orders requiring special custom matched finishes

Upholstery Application

Knox Easy Access offers the ability to be specified with multiply upholsteries to create a unique look.

Both upholstery styles are presented in the price list and eTools.

Models not ending in a _M will be upholstered in the single upholstery for the complete unit.

Zone 1 = Seat
 Zone 2 = Back

When specifying multiple upholstery, make sure to identify specific yardage per zone. This can be found at the top of each product page.
