

POKA LAMBRO | Snyder, TX

Dealer: bfd interiors

Portfolio Poka Lambro

Poka Lambro helps keep communities connected through fiber internet, phone, and TV services. Inside their headquarters, that same idea of connection shapes a workplace built around how people come together and get work done.

From conference rooms and private offices to flexible training spaces, each setting has a clear purpose. JSI furniture brings warmth and continuity throughout, supporting focused work, shared learning, conversation, and the everyday moments in between.
