

# Journal of Innovation Sciences and Sustainable Technologies

A Make in India Creation

---

Volume 2 . Number 3 . July 2022 . 107 - 173.

---

## CONTENTS

Special Issue : Current Topics in Biological Sciences

Guest Editors: Navnit Jha (India) . Iroja Caldera (Sri Lanka)

### ORIGINAL RESEARCH

**Investigating the Potential of a Native *Glomus* sp. as a Bio-fertilizer**

W.A.G.A.B. Chandrasena . C.M. Nanayakkara . H.A. Sumanasena, 107

**Isolation of Heavy-metal Tolerant Fungi from the Ussangoda Serpentine Site in Sri Lanka**

Pradeepika Shaminie Saputhanthri . Dilshini Sandanika Thathsarani 119

**The Anti-microbial Potential of *Lasiodiplodia Theobromae* Inhabiting the Lichen *Heterodermia* sp. Available in Sri Lanka**

M.J. Mathushika . C.M. Nanayakkara. R.G.U. Jayalal . S. Thanthirige 129

**Effects of Goat Manure, Compost Tea and *Gliricidia* Leaf Extract on Growth and Yield Performance of Sessile Joyweed (*Alternanthera sessilis*)**

V.H.P. Sewwandi . Viharna Raveenthira . K. Jeyavanan . S. Sritharan 137

**Approximate Analytic Solution for Human Head Heat Distribution and Tumor Growth Physiological Model using Radial Basis Network Three-point Discretization**

Navnit Jha . Shikha Verma 147

**Spatial and Temporal Variation in Land Use Patterns and Their Influence on Urban Green Spaces in a Metropolitan University: An Assessment using GIS and Remote Sensing Techniques**

A.A.D.A.S.Vimukthi . I.A.J.K. Dissanayake 165
