

CORPORATE HEADQUARTERS LONG-TERM ABSOLUTE NNN LEASE A

HOUSTON, TEXAS MSA

THE

JLL is pleased to offer the opportunity to acquire Academy HQ, a 100% leased Class A office building in Katy, TX, a fast growing West Houston municipality, on a long term absolute-NNN lease to Academy Sports and Outdoors (ASO) with 13.4 years of remaining lease term. The Property lies just north of Interstate-10 within Academy's broader headquarters campus which includes office and training facilities as well as the company's largest of three distribution hubs which serves 117 of the company's 259 retail stores.

Newly constructed in 2015, the Academy HQ building is the latest expansion of Academy's presense at this location where the company has been located for over thirty years. Designed by Kirksey Architecture the LEED Silver building offers a modern design, superb West Houston location, and unmatched onsite amenities which include a full gym, auditorium with stowable bleachers, conference center, cafeteria, and outdoor turf football field.

13.4 YEARS OF TERM WITH PUBLICLY TRADED SINGLE TENANT USER

The Property provides long term stable cash flow guaranteed by Academy Sports and Outdoors which recently had its credit upgraded from B1 to Ba3 by Moody's.

MISSION CRITICAL HEADQUARTERS LOCATION SET WITHIN LARGER DISTRIBUTION CENTER

This building serves as Academy's Headquarters facility and lies within a larger campus containing over 1.7 million square feet of office and distribution center space. Academy began occupying the Katy campus as it's headquarters in 1990 and has continued to expand it's facilities onsite since that time. In total, Academy occupies approximately 1.25 million square feet of industrial warehouse, ~250,000 SF of flex office space and an additional 30 acres of additional trailer parking not including their 210,300 SF Office Headquarters which is the subject of this sale. With decades of need specific infrastructure built-up at this location, Academy is highly committed to this building and the campus at large.

NATIONAL RETAIL TENANT WITH STRONG SALES GROWTH

Academy has performed well from pandemic related retail trends which have driven massive spending increases in outdoor, fitness, and firearm sales. As such, the Tenant has seen increasing sales since the start of the pandemic with July trailing-12 revenue of \$6.3B representing a 20.2% increase over fiscal year 2020. This boost in revenue has helped the company to substantially increase margins, pay down debt, and focus greater investment towards progressing its already successful e-commerce platform.

CORPORATE RETAILER SUCCESS STORY

Academy Sports + Outdoors partnered with private equity firm KKR in 2011 to revamp corporate leadership and set the company on a path for growth. Since then, with KKR as the company's largest shareholder, Academy has become one of the most notable successes in the retail industry by growing their online sales and streamlining its product line-up to carve out it's own niche brand. The company went public via IPO in October 2020 and KKR sold the remainder of its shares via secondary public offering in September 2021.

SIGNIFICANTLY BELOW MARKET RENT

Originally signed in 2015 as a sale leaseback, Academy's rent was intentionally cast below market to avoid taxible gains. Today the inplace rent of \$16.65/SF are roughly 30% below market which JLL estimates to be \$22/SF, allowing buyers to purchase the property at an attractive basis significantly below replacement cost.

WELL BELOW TODAY'S REPLACEMENT COST

Due to continual increases in the costs of land, labor and materials, it is currently cheaper to purchase existing Class A product than it would be to build it from the ground up. Given this dynamic, existing buildings such as the Academy HQ building which are up to par with modern buildout standards will continue to have an inherent leasing advantage over newly built product, and developers will therefore be discouraged from introducing a glut of new speculative supply.

ACADEMY HAS ABILITY TO EXPAND ON ADJACENT PARCEL

The Tenant owns the adjacent 8.45 acre parcel at the corner of N Mason and Park Row which can later be developed as an addition to their existing campus. This ability to expand indicates Academy's intention to continue to occupy and grow at this location long term.

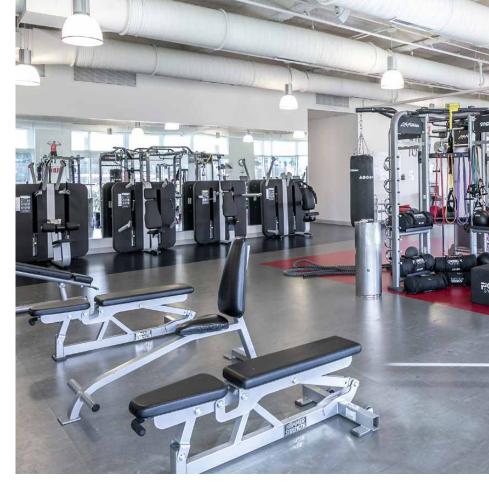

UNRIVALED TENANT AMENITIES

The Academy HQ building offers an enviable amenities package befitting of it's corporate headquarters status. The property is home to a state-of-the-art fitness center complete with classrooms for group classes including spin and yoga. The Building is also fully equipped a conference center that can accommodate a wide range of meeting sizes as well as a 500 person auditorium complete with bleachers which can be open or stowed for various presentation formats. Additionally, the Building boasts a premium cafeteria with indoor/outdoor seating as well as an outdoor plaza and turf football field.

LEED SILVER CERTIFIED

The Academy HQ building was awarded the LEED Silver status for Building Design and Construction (BD+C). The LEED BD+C certification verifies that the building has been developed to a high standard of criteria ranging from water and energy efficiency to sustainable materials and resource sourcing. This certification makes the building highly attractive to the modern corporate user working with an expanded sustainability mandate.

WEST HOUSTON POPULATION BOOM

Approximately 382,000 people reside in the Katy area, which makes it larger in population than either Pittsburgh, PA or Cincinnati, OH. Population has shown strong growth at a rate over 4% annually since 2010 and is expected to grow to 447,000 people by the year 2026, with employment growth demonstrating trends similar to the population growth. The civilian employed population in the Katy area is 182,000, 71% of which is employed in white collar roles. The Katy area has an unemployment rate of only 6.2%. The average household income is \$126,000 and is projected to increase to \$141,000 by the year 2026. The strong household income number is fueled by educational attainment above the national average, with over 46.3% of the population having a bachelor's/graduate degree.

Academy is one of the leading full-line sporting goods and outdoor recreation retailers in the United States. Originally founded in 1938 as a family business in Texas, Academy has grown to 259 stores across 16 contiguous states. The company was privately owned by the Gochman family until May 2011 when it was acquired by the Wall Street investment firm KKR. In October 2020, the Academy went public on the Nasdaq Exchange via IPO. Since it's initial offering at \$13.15 per share, Academy's stockprice has increased 3.5X to it's current share price of \$46.17 (as of 11/29/21). Most recently, in September 2021, KKR sold down the remainder of its 18.65M outstanding shares via a secondary offering to the public meaning the company is now free of its long time largest shareholder. Looking forward, the company plans to expand their footprint with 8-10 new stores in 2022.
