ENFIELD, LONDON

THE STABLE BLOCK  
COLLECTION

*A boutique collection of converted  
2, 3 and 4 bedroom homes*

Berkeley  
Designed for life

---

THE STABLE BLOCK COLLECTION

*A carefully considered* conversion of one of the few remaining historic buildings located within the 413 acre Trent Park estate. A selection of homes benefiting from enviable views across the Daffodil Lawn towards the Grade II Listed Mansion House and restored landscaping of the Long Garden, The Stable Block is *perfectly positioned* within this sought after development.

The focus on quality homes in a stunning historic setting is transforming Trent Park into a vibrant and successful community. The Stable Block is the latest addition to the unique homes of Trent Park, a quiet escape from London with excellent connections from Oakwood and Cockfosters.

## GRAND DESIGN

With *direct links* to the estate's past, The Stable Block forms part of the TRENT PARK *Conservation Area*. The building's idiosyncratic design and extravagant external detailing has created a number of unique homes, all with different internal layouts and a meticulously crafted specification.

UNIQUE CONVERSION

Built in the late 18th century for owner Sir Richard Jebb it was later extended in the Victorian gothic style to form the courtyard. Today this is one of The Stable Block's *chief attractions*, giving residents a sense of privacy and seclusion.

LIGHT & SPACIOUS

These are homes designed for the way you want to live. Some have spacious open plan kitchen/living areas, so suitable for entertaining. Others are traditionally configured, with more intimate living spaces, but still bright and welcoming.

6

EXCEPTIONAL QUALITY

There are apartments with 2, 3 and 4 bedrooms in The Stable Block Collection, most with ensuite facilities, an indication of the exceptional luxury offered.

THE LAKE

The Trent Park Lake is one of the most delightful features of the historic parkland. Its mirror-like waters are just a short stroll away from The Stable Block Collection.

TRENT PARK

RICH IN CHARACTER

Many of Trent Park's garden features were laid out in the 1920s and 1930s, when the Mansion House was a focus for HIGH SOCIETY gatherings. Berkeley has reinstated and RESTORED the gardens to enhance the *rich quality of life* enjoyed by today's residents.

LONG GARDEN & WISTERIA WALK

The reinstatement of Sassoon's Long Garden provides the perfect place for a relaxing stroll. In the Wisteria Walk, early summer brings cascades of blue-purple flowers. Winston Churchill was photographed there, and painted it too.

# BEAUTIFUL SURROUNDINGS

JAPANESE GARDEN & COUNTRY PARK

The Japanese Garden has streams and bridges and ornamental planting, and comes into its own every Spring. In contrast, the Country Park provides over 400 acres of wild woodland to explore.

## RICH IN HISTORY

Named after Trento, the location in Northern Italy where the life of King George III's younger brother was saved, Trent Park is deeply rooted in history and now ready to write its next chapter in full colour.

### 1066

Trent Park once formed a small part of Enfield Wood. The earliest known lord of the estate was Ansgar, 'Staller' or High Constable to Edward the Confessor, who inherited the land from his Danish ancestors.

### 1399

The estate passed into the hands of Henry IV in 1399 who converted the land into a royal game reserve. This was subsequently passed on to his son Henry V and from 1421 was administered by the Duchy of Lancaster; Enfield Chase had passed into royal ownership.

### 1777

George III leased the site to Sir Richard Jebb, his favourite doctor, as a reward for saving the life of the King's younger brother, the then Duke of Gloucester. Jebb chose the name Trent, because it was in Trento, Italy, that the King's brother had been saved.

### 1909

Sold to Edward Sassoon - a Baronet, an MP for Hythe, friend of Edward VII and the head of an international merchant banking firm. The Sassoons were descendants of Baghdadi Jews who had emigrated to India. The family eventually established a head office at Leadenhall Street, London and were quickly accepted into British high society.

### 1912

Following the death of Sir Philip Sassoon's father in 1912, he inherited his estate. A flamboyant, glamorous, well known socialite and politician, Sassoon built his very own aerodrome on Trent Park. During this time he covered the house in the rose-red bricks that you see today. Sassoon planted a million daffodil bulbs that became known as the famous Daffodil Lawn.

### 1920-1930s

A quintessentially English country retreat for the next 8 years. Hosting the most extravagant parties with guests such as Sir Winston Churchill, Charlie Chaplin, George Bernard Shaw and John Singer Sargent.

### TODAY

In 2015 Trent Park was purchased by Berkeley Homes. The vision for Trent Park is to restore where possible the historic buildings, and create new homes and a museum.

### 1837

After passing through several hands, Quaker David Bevan bought a lease for the property and transferred this to his eldest son Robert Bevan. Further extensions were undertaken to Enfield Chase including a tower on the east side of the building. Much of the landscaping was also created including an avenue of lime trees on the main drive.

TRENT PARK was used for *spying, bugging and eavesdropping*. Vital intelligence was gathered at TRENT PARK on Hitler's secret weapons programme and the atomic bomb.

### 1939-1945

After the death of Sir Philip Sassoon, Trent Park was requisitioned by the War Office for the secret British Intelligence unit MI9.

### 1974-2012

Trent Country Park became part of Middlesex University.

#### PEOPLE, PLANET, PROSPERITY

Sustainability is fundamental to Berkeley's ethos. In simple terms, we want to ensure the long-term health, wellbeing and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at Trent Park.

#### NATURE AND BIODIVERSITY

Parkland, trees, flowers, ponds, hedges, gardens – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone. They are all part of our commitment to net biodiversity gain on our developments. Within and around Trent Park, we have created natural habitats that encourage wildlife to flourish. We are working with Murdoch Wickham, HTA and Historic England to engage residents in the natural landscapes that we have created.

#### WASTE AND RECYCLING

We actively encourage all residents to reduce their waste wherever possible. In addition to external recycling bins, we provide integrated recycling bins in kitchens to make it easier to separate and recycle waste.

#### WATER EFFICIENCY

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and low-flow taps and showerheads which use less water without compromising convenience and comfort. We also suggest simple steps to reduce water consumption, such as not leaving taps running unnecessarily.

#### ENERGY EFFICIENCY

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness, and have been fitted with a master light switch by the front door. All lighting is low energy and kitchen appliances have high energy efficiency ratings.

#### NOISE REDUCTION

We can't eliminate noise, but we consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We incorporate measures to reduce the different types of noise wherever possible to create a quieter environment.

#### CLEAN AIR

It is hard to avoid polluted air, particularly in our cities. Throughout Trent Park we have planted trees, shrubs and flower beds to help create a cleaner air environment. Within our homes we may provide mechanical ventilation to filter the internal air.

#### SUSTAINABLE TRANSPORT

A residents-only shuttle bus runs from Trent Park to Oakwood Station. We also provide secure cycle parks and car charging points to encourage the use of sustainable methods of transport, to help reduce air pollution around the development and the wider area. These active methods of transport also help encourage healthier lifestyles.

#### STEWARDSHIP

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with Cluttons LLP and residents to ensure the development remains in pristine condition.

#### FUTURE-PROOF DESIGN

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes to understand what new innovative technologies we should use in our future designs.

---

## DESIGNED FOR LIFE

*At Berkeley, we are committed to creating great places where people love to live, work and relax.*

*Where the homes are light-filled, adaptable and finished to very high standards. Where carefully planned public areas enhance wellbeing and quality of life for residents and visitors.*

*Where people feel a sense of community.*

---

### CUSTOMERS DRIVE ALL OUR DECISIONS

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all our planning and design decisions.

And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

### CHOICE AND DIVERSITY

No two Berkeley customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

### QUALITY FIRST TO LAST

Quality is the defining characteristic of Berkeley developments, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from Berkeley you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

### GREEN LIVING

For Berkeley, sustainability isn't simply the latest buzzword. We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity. All our homes are designed to reduce water and energy consumption, and to enable residents to recycle waste.

### COMMITMENT TO THE FUTURE

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, through intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today; we build for the future too.

TRENT PARK

TRANSFORMING TOMORROW

*Our Vision 2030*

At Berkeley Group OUR PASSION and purpose is to build quality homes, *strengthen communities* and IMPROVE people's lives.

*We are innovating, pushing boundaries and taking action to ensure we have a long-term, positive impact that is good for our customers, the communities we touch, our business and the world around us.*

*We transform underused sites into exceptional places and we're also transforming the way we work; embracing technology and raising standards, as we continue to deliver an outstanding customer experience and create high-quality homes that delight our customers.*

*Our Vision 2030 is our 10-year plan which sets out how we will achieve this.*

TRANSFORMING PLACES

Working with local people and partners we create welcoming and connected neighbourhoods where you can be proud to live.

TRANSFORMING LIFESTYLES

Taking action on climate change and giving you ways to live more sustainably. We're building efficient homes that use less energy over their lifetime, with sustainable travel choices on the doorstep.

TRANSFORMING NATURE

Creating beautiful places with habitats that help nature to thrive, meaning that every site is left with more nature than when we began.

TRANSFORMING FUTURES

Helping people to reach their potential through apprenticeships and training, and programmes supported by the Berkeley Foundation.
