BROUGHT TO YOU BY LATIMER HOMES

Latimer is the private sale home building arm of Clarion Housing Group, developing homes for private sale in thriving mixed use communities.

Clarion Housing Group is the UK's largest provider of affordable housing, owning over 125,000 homes with over 350,000 residents across the country. Being part of Clarion Housing Group gives it an unrivalled balance sheet with net assets of over £7bn and a turnover of close to £1bn per annum.

We build communities that work for the long-term and we have been developing for over 100 years. The Clarion story started with William Sutton, a 19th century entrepreneur who gifted his entire fortune (£175million in today's money) to build affordable housing across the major cities in the UK. We have been delivering on his legacy ever since.

The majority of homes we build will always be for affordable tenures, but building homes for private sale is crucial for our business to develop both mixed sustainable communities and recycling any profits we make from private sales back into building and maintaining more affordable homes.

What sets Latimer apart is our long-term commitment to the people who live in our homes. We don't build and then simply move onto the next site; we create thriving places for families to enjoy and all of our work is built on strong financial foundations, meaning we are a dependable partner.

We also want every Latimer community to be socially and environmentally sustainable. That means a consistent commitment to high quality and low carbon properties.

Our model is very different to other developers. We don't have shareholders, so we don't face short-term demands to make profit at any cost. Instead, we are driven by our commitment to quality, community and places that succeed.

As a group we have a committed development pipeline of over 16,000 new homes and have ambitions to become a top ten home builder in the UK over the next 5-7 years.

If you buy a Latimer home you will be buying into an organisation with more than 100 years of history and an enduring commitment to building communities that succeed.

SALFORD QUAYS IS ON THE RISE

Salford Quays has put itself on the map as a waterfront community.

It was 1894 when Queen Victoria opened up Salford Docks as part of the larger Manchester Docks and it was thriving. So much so that it became the third busiest dock in the country with many of the cargo and sometimes, even passengers travelling to and from Canada.

Fast forward nearly 90 years later, three years after the docks had closed, the Salford Quays Development Plan was introduced which cleaned up the water in the canal, brought fish to improve the ecosystem and concentrated on creating better links to the city centre. The result? It's now flourishing with businesses and activities that are transforming the area, making it a desirable place to call home.

Salford Quays is home to the BBC and ITV Studios, making the world famous Coronation Street, Salford University, MediaCityUK, one of the North West's best cultural, sporting and leisure destinations and the famous Lowry Theatre.

TAKE A RIDE OR TAKE A STROLL

In the heart of Salford Quays, Amplify Apartments is perfectly placed to make the most of what's in the area and further afield. There's lots to see on your doorstep and the close tram link can help take you anywhere around the city.

Take a stroll from your front door and get to The Lowry in under 15 minutes, giving you the choice of the theatre, cinema and shopping and the iconic Old Trafford football stadium.

For keen cyclists, Salford Central station is a 13 minute bike ride away from the station which has secure bike parking, making it perfect for commuters.

Your nearest tram stop, Salford Quays, is less than a 5 minute walk away and you can make it to St Peter's Square in 13 minutes, putting you in the heart of Manchester city centre. Getting the bus? You're surrounded by plenty of nearby stops. The two closest bus stops to Amplify Apartments, Ontario Basin and Dock Office take you to Stretford and Cheetham Hill.

If you're a road user, there's great connectivity with the M60 and M62 nearby and A57 if you need to get around Manchester. A 20 minute drive will take you to Manchester Airport, or just under an hour if you go via the trams, making it easily accessible for getting away for a long weekend or an annual holiday.

Whatever you're looking for, Amplify Apartments is just the start of your Salford Quays adventure.

TAKE THE PLUNGE

DAVE QUARTERMAIN DIRECTOR OF USWIM

We spoke to Director of Uswim, David Quartermain about the fantastic opportunities for open water swimming at Salford Quays.

Tell us briefly about Uswim

Uswim is a specialist open water swimming operator established in 2002 to meet the demand for organised swimming amongst the sporting community in Manchester and Cheshire. Since then we have run regular open water swim sessions in Salford Quays and Boundary Water Park, Cheshire as well as running nine events each Season (April-September). These events include the Greater Manchester Swim! and Salford Triathlon which attract over 1,000 competitors. In 2019 we welcomed over 20,000 visits and 5,000 people to our swims and have established a reputation for being one of the most visited, safest, most exciting place to swim in the UK.

What made you take up open water swimming?

As one of the fastest growing sports in the UK, open water swimming has proven mental and physical health benefits. Its exhilarating, challenging and exciting in equal measure. Take the plunge!

What do you enjoy most about Salford Quays?

Its fantastic to see the 'evolution' of Salford Quays from its heavily industrial heritage as 'Manchester Docks' to the vibrant action packed place it is now. In the 1980's nobody would have dreamed that people would be safely swimming in the Quays just ten years later and that we'd be holding big events like the 2002 Commonwealth Games here.

Is there more of a community feel in Salford Quays compared to Manchester city centre?

There's a growing sense of community in Salford Quays with more restaurants, shops and night-time venues being developed for local residents. Its a 'happening' place to be.

You've got a really friendly mix of people living here including Coronation Street stars, media professionals and the rest of us! Its a 'compact' place to live and work with more chance of bumping into the same people regularly as opposed to the city centre which is much larger and possibly more anonymous.

What would you say to people who are looking to move to Salford Quays?

Prepared to be surprised! We gets lots of local residents swimming with us who are amazed that people can swim outdoors in Dock 9. A hidden benefit of living in one of the most exciting places in the UK.

Can you tell us something 'Unexpected' about Salford Quays?

To ensure the water in Dock 9, Salford Quays meets EU bathing regulations, we treat it with a harmless Maldives blue dye (to stop weed growth) and oxygenate it using big underwater pumps. If you look at the Dock you'll see big bubbles coming to the surface where these pumps are located. This promotes plant life and encourages fish to flourish here and helps keep the excellent water quality.

Is there anything else you'd like to add?

In 2019 Dock 9, Salford Quays was voted as one of the best places to swim in the UK by 'Outdoor Swimmer' magazine. We welcome lots of local people to our regular swims so if you want to give it a go, learn to swim outdoors or fancy a challenge then come on down!

MAKING WAVES OR RIDING WAVES

The water activities are what make Salford Quays unique, so for the more adventurous, Helly Hansen Watersports Centre is around the corner. Activities include wakeboarding and paddleboarding, perfect for beginners and more advanced learners.

Become part of the community and join the local Agecroft Rowing Club who you can find on the water most days. In the summer freshen up your Saturday mornings and take part in a Us swim session.

“YOU’VE GOT A REALLY FRIENDLY MIX OF PEOPLE LIVING HERE INCLUDING CORONATION STREET STARS, MEDIA PROFESSIONALS AND THE REST OF US!”
