EC ONE

the
RESIDENCES

LIGHT CAN BE SOLID, IT CAN SCATTER,
HANG LIKE A CURTAIN OR BEAM INTO A SPACE.

LIGHT *the* WAY

A new *collection* of studio, one, two and three bed City Road residences.
A *home* for London's leading lights.

An 'ark' is a place of refuge; of safety and sanctuary. Reimagining this through a modern lens, The Arc fuses Art Moderne architecture with a bristling inner energy – the luminescent tunnel formed by the lobby's great, curving light arcs spiriting residents to a new way of living.

A new BEACON

Architecture with unmistakable character,
yet governed *within* by a curation of light,
space and energy. A shining *example* of modern
Old Street living and a new beacon for City Road.

THE BUILDING

An expansive roof terrace and lounge dominate the 7th floor, while the lobby sits beside select retailers and an independent restaurant on the ground floor. Beneath lie the lifestyle gym and 332 secure cycle spaces.

The BUILDING

A 22-storey tower *rising* from a red brick podium building echoing the industrial spirit of its unique location, and *home* to 100 brand new City Road residences.

THE BUILDING

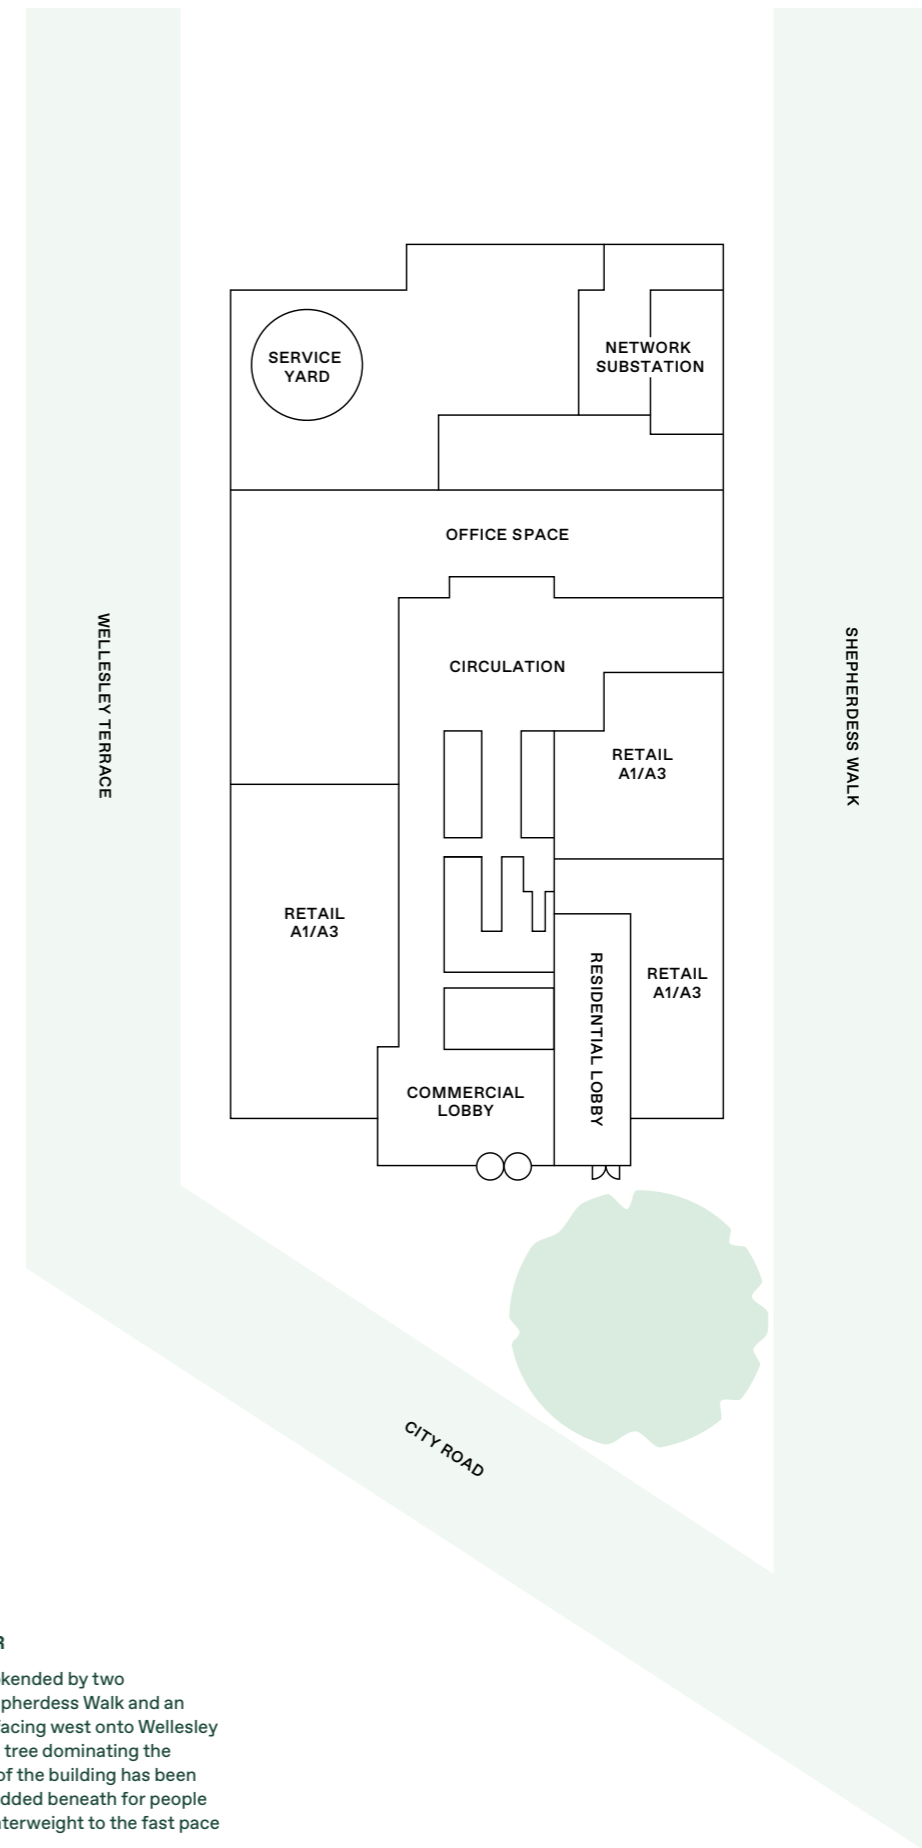

Inspired by the skyscrapers of New York's historic skyline, The Arc's unmistakable, tiered form cuts a statuesque figure against the surrounding cityscape. The top 15 floors – home to the residences – enjoy far-reaching views across the capital. To the north, Hoxton gives way to Islington's canalside neighbourhoods, eastwards, the soft glow of Shoreditch's rooftop bars light up the night, looking south presents you with the City's iconic skyline, while west-facing residences enjoy enviable sunset views of the rest of London.

Just below, on the 7th floor, a vast outdoor terrace includes manicured landscaping, a variety of seating and an open-air events space for up to 50 people. It's an enormous outdoor space for residents to use how they wish.

NORTH

THE GROUND FLOOR

The main entrance is bookended by two select retailers along Shepherdess Walk and an independent restaurant facing west onto Wellesley Terrace. Just outside, the tree dominating the public realm at the front of the building has been preserved, with seating added beneath for people to enjoy as a natural counterweight to the fast pace of the area.

Constantly striving to achieve greener and more sustainable ways of delivering their projects, Ghelamco have become pioneers in the creation of energy neutral concepts, meeting the highest ecological standards across their entire portfolio. Most recently, their Wronia 31 Warsaw building was formally recognised as the greenest building of Central and Eastern Europe (CEE) at the BREEAM Awards 2019. The Arc continues this tradition by targeting a BREEAM excellent rating, WELL certified gold and DGNB certification.

LEADERS *in* SUSTAINABILITY

Market leaders in sustainable development, every one of Ghelamco's projects has been awarded *either* Outstanding or Excellent BREEAM certification.

BREEAM EXCELLENT CERTIFICATION

The world's leading sustainability assessment method for buildings which includes energy use, health & wellbeing, materials used and overall management.

WELL GOLD CERTIFICATION

A WELL certification officially recognises buildings that positively impact the health, engagement and productivity of all who live and work there.

DGNB CERTIFICATION

A globally recognised assessment which measures the sustainability of a building across its lifecycle.

Energy efficient design maximising heat loss and gain.

Combined Heat and Power system for efficient heating and cooling.

Water recycling for irrigation.

Underfloor heating and cooling.

LOW CARBON, RESPONSIBLE DESIGN

Cutting-edge technology means surplus energy from each apartment's underfloor heating and cooling system is freed up for use by another apartment. The result is an extremely efficient flow of energy ensuring nothing is wasted that doesn't need to be.

A fully electric building, The Arc's carbon emissions are 30% lower than its multi fuel-operated cousins. Combined with a low energy, heating and cooling flooring system, cutting-edge electric heat pumps and the highest possible grade insulation and glazing, it makes your carbon footprint one less thing to worry about.

A HEIGHTENED EXPERIENCE *of* HOME

Living spaces that truly immerse you,
with beautiful interior design *courtesy* of
the award-winning Bowler James Brindley.

While a classic, Art Moderne-inspired industrial charm rules the outside, inside, Bowler James Brindley have curated The Arc's interiors to make the experience of coming home one that gradually softens, drawing you into a place of sanctuary and reprieve.

Living spaces are composed of cool stones, soft woods and beautifully finished fixtures and fittings, conjuring the subtle interplay of light and materiality that brings each space to life and makes you feel a deeper resonance with where you live; where you call home.

Discover a building governed by a curation of space and energy. A spectrum of light and colour guiding those who live here along new paths of discovery and heightening their senses.

Wide, floor-to-ceiling windows and open-aspect views from the balconies and winter gardens minimise the separation of indoors and out, making you feel a close connection with what's outside.

OUTSIDE SPACE *to* RELAX *and* UNWIND

Private winter gardens, terraces and balconies minimise the separation between indoors and out – with the opportunity to spill out and entertain or escape and reconnect.

24-HOUR CONCIERGE

The concierge isn't just a warm welcome for anyone arriving at The Arc. They're there to answer all enquiries, sign for parcels and guarantee you feel safe and secure at all times.

They also handle many other responsibilities that maintain the efficient running of the building. Available 24/7, they're charged with providing the highest possible quality of service and to make you and your guests feel at home the moment you arrive.

TRUSTED ESTATES MANAGER

Navana Property Group are instrumental in establishing The Arc as a home and new destination for City Road. Proactively enhancing your lifestyle and making the experience of living here as smooth as possible, they combine a highly visible on-site presence with a bespoke app portal which provides community-focused content such as 'what's on', event guides, local directories and a facility booking service.

They will also perform a full induction to your apartment and The Arc's communal areas when you move in, as well as ongoing building management and maintenance support.

SOCIALISE, WORK, RELAX AND PLAY

The lounge area is the primary social and work hub at The Arc. A variety of comfortable seating at its centre is encircled by an intricately designed statement light installation partitioning the wider room into two clear areas. Outlying this, an arrangement of desks let you work from home, while further comfortable seating and a pool table help you wind down at the end of the day.

ENTERTAIN OR UNWIND

Next door, the 13 seat screening room is an intimate space beautifully designed and furnished by Bowler James Brindley to evoke a sense of sumptuous luxury and effortless sophistication. Whether airing an old favourite, getting together to watch a major sporting event, or even hosting presentations and talks, it's a space for residents to use how they wish.

RECONNECT, STRENGTHEN, REBALANCE AND ENERGISE

The yoga studio accommodates up to 13 people plus an instructor, should you choose to arrange a class. The full-height glass windows open out onto the terrace – imagine your daily routine accompanied by the most inspiring views in the open air – and there are also gym rings and rope climbing apparatus for a range of other exercises.

There's also a private treatment room for massages and any other beauty treatments, when you're in need of a little restoration and rejuvenation.

LOOSEN UP, TEE OFF AND LET OFF STEAM

The Arc's very own, state-of-the-art golf simulation room lets you work on your clubhead speed and refine your follow through without having to trek out to the countryside. Play virtual versions of world-famous courses and take advantage of tutorials designed by the professionals to improve your game.

SHOREDITCH OLD *st* *The* CITY CLERKENWELL ISLINGTON

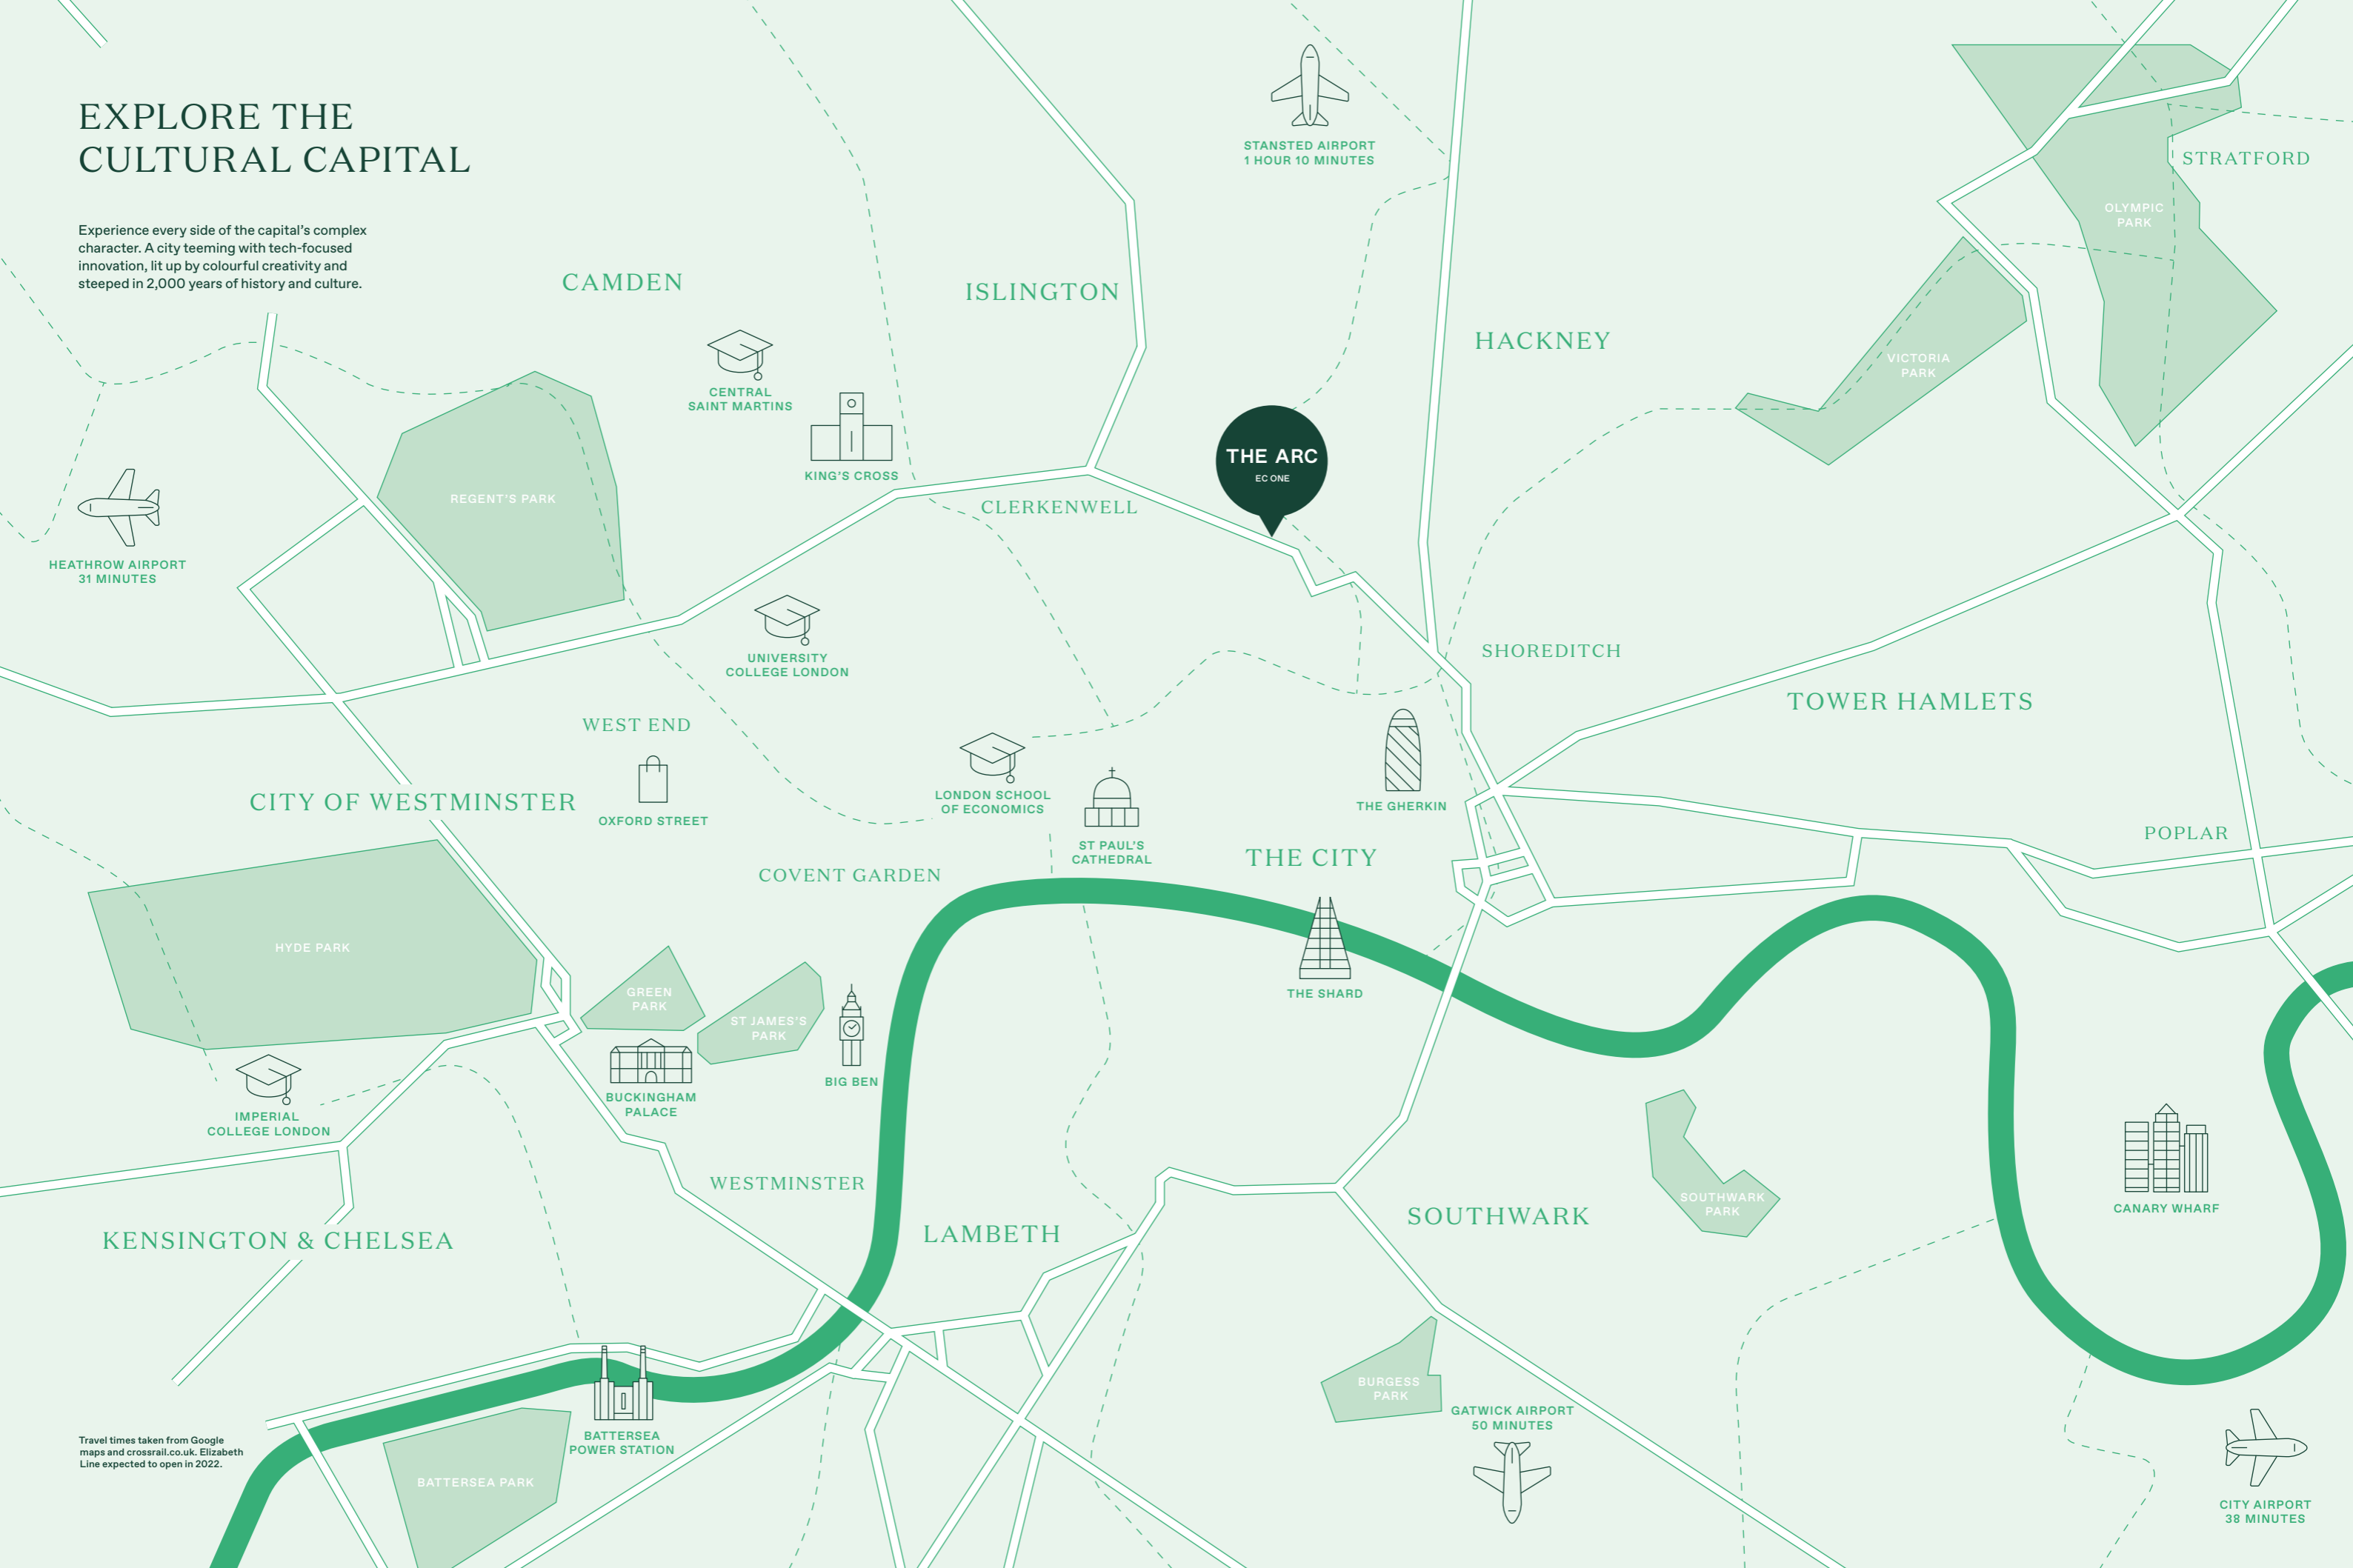

A neighbourhood at the *crossroads* of five dynamic *districts*. Discover a place where many different worlds intersect.

Living at The Arc means experiencing every side of the capital's complex character. A location teeming with Old Street's tech-focused innovation, lit up by Shoreditch's colourful creativity, and just a short walk from both Clerkenwell's charming, village-like atmosphere and the ancient boundaries of the Square Mile.

The scuttling to and fro of hungry punters following their noses down Whitecross Street food market. The snap and crackle of celebration and frivolity in the activity bars, eateries and local haunts scattered up and down Curtain Road and Shoreditch High Street. The more sober sophistication of the City's fine dining experiences and reinvigorating health spas, members' clubs and cycle bars. Find your new scene wherever you choose to look.

EXPLORE THE CULTURAL CAPITAL

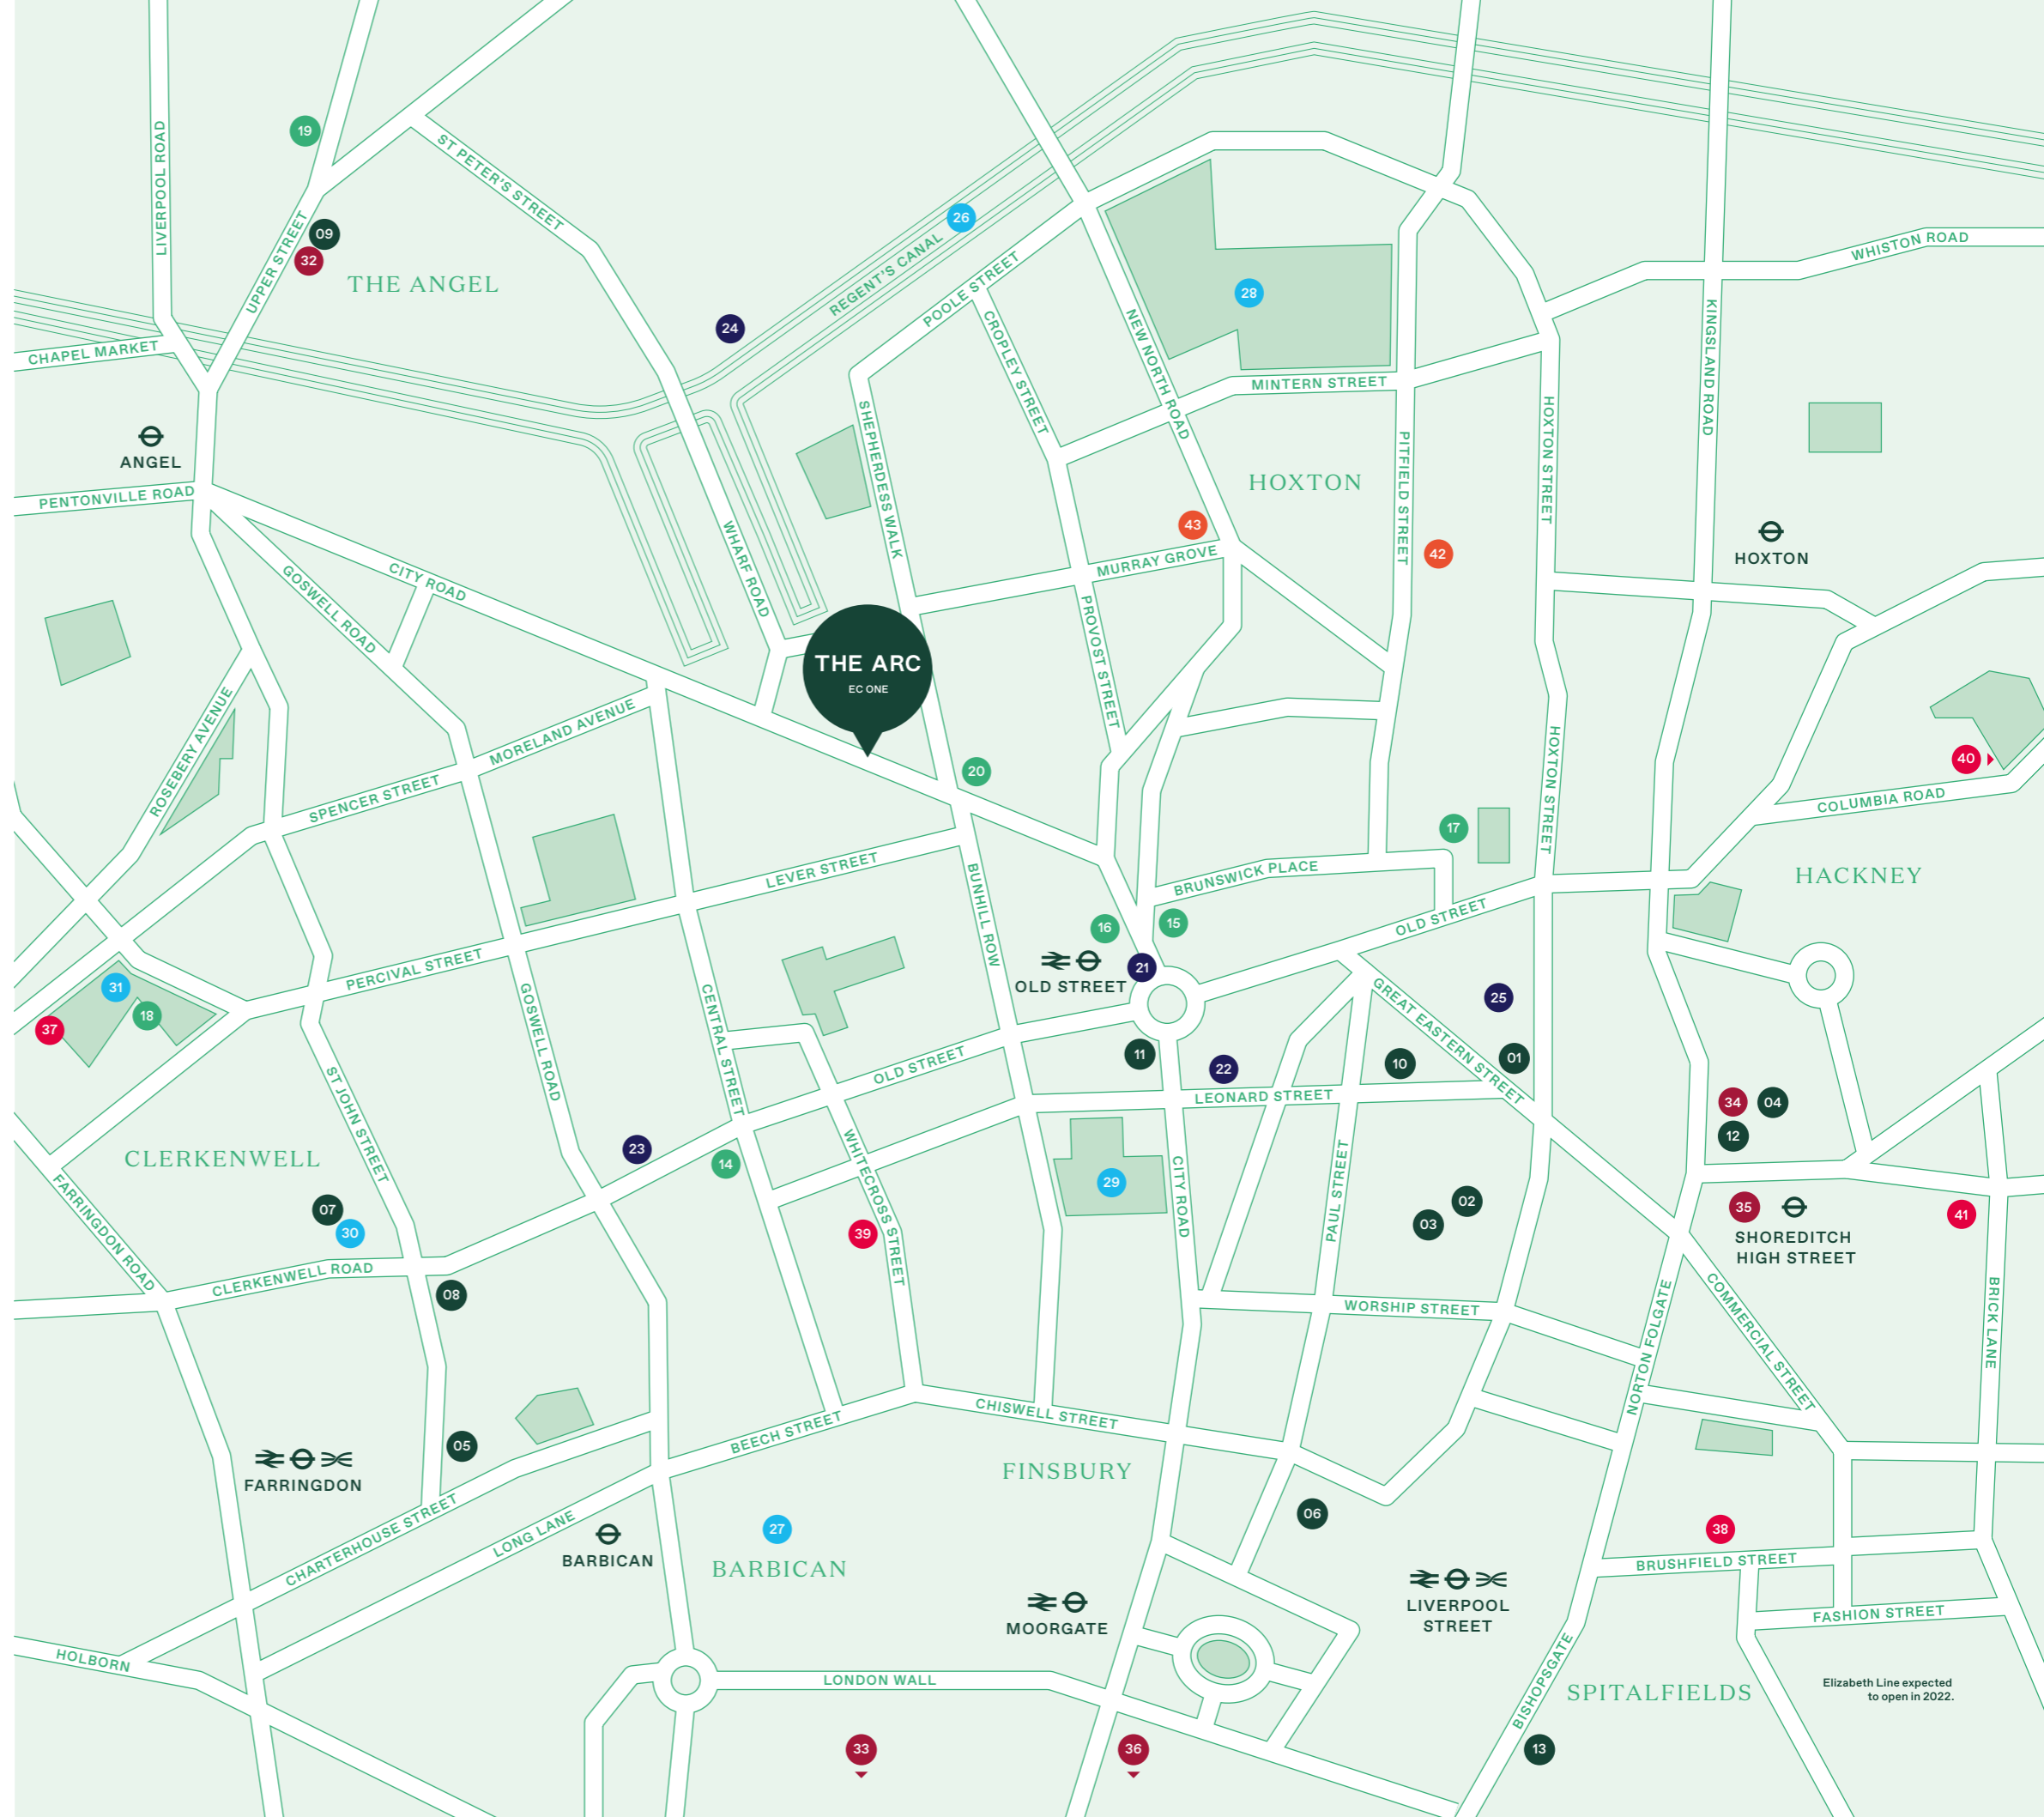

Experience every side of the capital's complex character. A city teeming with tech-focused innovation, lit up by colourful creativity and steeped in 2,000 years of history and culture.

BUILT *on* COLLABORATION

From *unrivalled* interior design minds to globally revered architectural talent, Ghelamco have *partnered* with the best to achieve the highest standards of *quality* and craftsmanship.

A family business started by Paul Gheysens in 1985, Ghelamco is now a multi award-winning major European real estate business; and still 100% family owned. Over the past three decades they've helped transform neighbourhoods with pioneering work right across the continent. Unwavering in their mission to always look for ways to make projects greener, smarter and more comfortable, their vision is to create cities that unleash a positive human energy.

An award-winning architectural practice founded on a firm belief in the ability of outstanding architecture to last through time. Committed to the design of buildings of economy, elegance and delight, their aim is to make a positive and lasting contribution to the built environment through architectural design while testing the boundaries of its application.

BOWLER JAMES BRINDLEY

Built on an ethos of collaboration, flexibility and belief in the power of their vision to imbue their spaces with deeper meaning, Bowler James Brindley have earned a deserved place in the pantheon of London's interior design elite. With a portfolio stretching right across the built environment, they've brought their innate eccentricity, quirkiness and sense of understated refinement to a wide range of projects.

A pioneering international landscape architecture practice, Grant Associates have harnessed a desire to reconnect people with nature and protect biodiversity (as well as their 23 years of experience working in the built environment) to reimagine the public piazza at the front of The Arc, creating a new landscaped space for City Road.
