Elevating your expectations, the 35-storey tower pays respect to the area's industrial heritage while welcoming in a new level of contemporary sophistication across its collection of studio, 1, 2 and 3 bedroom apartments. The neighbourhood's iconic maritime past is still very much present in the calming waters of Greenland Dock, too. New cycle paths and an iconic boardwalk running along the western edge of the Canada Water Dock will make this a haven of blue and green at the heart of the City.
